I'd like to see the inclusion of rain water tanks, trees, green spaces, community gardens to aid sustainable living and reduce our footprint as well as dejecting our suburbs.

I would like to ensure that medium density living is balanced and proportionate with current residential housing and not over run with high rise apartments.

I'd like for well being and the environment to be the focus and not the wholly dollar.

Let's lead the way in ensuring the future for our community and our planet.

Thank you
