**Q7** Enter your feedback for Mapping

My comment is about the specific mapping of properties in Elston St Brooklyn Park. You have limited the Historic overlay to just a few homes in the street. If you see the street and know the history you would see that in fact the overlay should apply to the corner buildings of Elston st and Henley Beach Rd through to Lipsett Tce. This whole precinct including the corner shops and school form what we know to be a significant early village where the first school in the area was built, the tram stopped and the first shops that are still there were built. i believe your mapping will not preserve this important little piece of local history if the whole street from Henly Beach Rd to Lipsett tce is not included.
