**Subject:** Changes to state planning rules (BLACK FOREST)  
**Date:** Monday, 2 March 2020 12:07:08 PM

---

I wish to register my concern to proposed changes to state planning rules.

I live in Black Forest and for some reason Unley council has decided to exclude us from the Suburban Neighbourhood Zone.(the poor cousin).

I'm not totally against denser inner city living but this has to be done properly and not to the detriment of the environment. Proper planning is paramount.At the moment I don't see this.

1. Beautiful homes are being destroyed
2. Magnificent trees are being chainsawed ( ???? What about the government proposal called "Green Adelaide")
- 3.Loss of street trees to make way for extra driveways
4. Poor design,relying too heavily on noisy air conditioners

Please think carefully before making any changes.

Thank you  
Susan Wardill
