Subject: Port Wakefield Zoning

I act for the Wakefield Regional Council.

Whilst the Code is under review I ask that consideration be given to regularising the zone boundaries resulting from the DIT acquisition of land for the new Port Wakefield Township road works.

As can be seen from the zone map below the new property boundaries now split off small section of the Commercial Business zone, and Rural Living zone.

It would make sense to realign the zone boundaries to follow the cadastre. Both properties are owned by the same entity and the zone boundary amendments are minor in the extreme.

Thanks for your consideration

David
