Set-up an organisation message

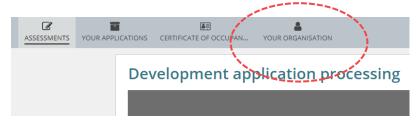

About

The organisation message functionality now allows councils to communicate key messages within pre-defined system generated emails, Fee Advices and Tax Invoices that may prompt an application's contact to visit the council office and/or co-located community facilities.

Who can set-up and manage the message content and web-links?

Only staff members who have the 'Organisation Administrator' role and has access to the Your Organisation dashboard.

Message Rules

- The 'organisation message' cannot be used for general communications and must contain information that is relevant to the development application.
- PlanSA Service Desk receives an email notification when an 'Organisation Administrator' updates an organisation message for monitoring purposes.

Which emails and documents does the message appear?

Find below the list of emails and documents that will populate with the message, including the recipient of the communications.

Communication Name	Recipient
