Peninsula Ports Pty Ltd

Dear Mr Walters

Thank you for your correspondence received on 15 August 2022 requesting a two-year extension to the development authorisation periods to substantially commence and complete the construction of the approved Port Spencer Grain Export Facility.

I have noted the reasons for your request, including the extent and value of work already undertaken to progress the project and to complete secondary approval requirements.

Having carefully reviewed the matter, I can advise that your request has been approved. The operative date to substantially commence and complete construction of the approved development (previously authorised under Conditions 2 and 3 in the *South Australian Government Gazette* dated 13 August 2020 pp4314-4319) is now 6 August 2024 and 6 August 2029 respectively, pursuant to s115(8) of the *Planning, Development and Infrastructure Act 2016*.

Given the time since the original approval was granted, and implementation of the new planning system and associated policy settings, reflected in the new impact assessed (not restricted) pathway, every endeavour should be made to commence and complete the development within the revised timeframes. This would include the timely submission of final drawings and plans to satisfy the conditions of approval.

Should you have any queries in relation to this matter, please do not hesitate to contact Mr Simon Neldner, Team Leader – Environmental Impact Assessment on (08) 7109 7058 or via email at [simon.neldner@sa.gov.au](mailto:simon.neldner@sa.gov.au).

Yours sincerely
