Total number of carparks:

Application details

Reasons for seeking approval

Details on proposed charging structure (and how it may differ from any existing charging structure)

Details on hours of operation (carpark and shopping centre)

Details on what parking arrangements will be made available for staff of the shopping centre

Details on any carparks set aside for:

- disabled persons;
- loading areas;
- no standing areas; or
- restricted or permit parking areas (including for staff of the shopping centre).

Details on any consultation undertaken with the community (including shop owners, relevant local council, customers)

Further information

Please attach the following when returning this application form to Planning and Land Use Services:

- Plan of the shopping centre carpark, drawn to scale, indicating entrances, exits and the number of carparks set aside for:
 - disabled persons;
 - loading areas;
 - no standing areas; or
 - restricted or permit parking areas (including for staff of the shopping centre).
 - Any other information considered relevant in the assessment of the application by the Minister for Planning.
- I acknowledge that any information or documentation attached to this application may be used for any public consultation undertaken by Planning and Land Services (on behalf of the Minister for Planning) in relation to this application, and that this may involve the publication or distribution of information or documentation attached to this application.

Please return completed application to:
