Q14 Please enter your general feedback here

I only became aware of the draft planning and design code when I responded to a letter inviting me to view the proposed construction on 79 Reid Ave.

I was surprised to be informed by apologetic council staff that "most people complain" about receiving these letters. I loved the opportunity to review and assess the impact of the proposal on my home.

With such short notice and such complex document I think there needs more time for consultation. Also I think that feedback from residents should be made public, anonymously if necessary, and the council's reflection on the feedback made evident by producing a second draft that reflects community feedback.

And by the way, we need trees front and centre in planning.

Thanks
