To planning reform committee,

I am greatly concerned with rezoning of our suburb Mile End. I reside at [REDACTED], Mile End and I chose this location after moving from Hobart due to its beautiful historic homes. I feel rezoning the area to housing diversity neighbourhood zone will Destroy the beautiful history of Adelaide something which you cannot recreate .

The best option is to zone suburban neighbourhood zone . In keeping with the rest of mile end are surrounds .

Please for the sake of our charming suburb and for future generations zone our suburb neighbourhood zone.

Thank you

Anne Foss
