Subject: Proposed Planning and Design Code change - Black Forest
Date: Thursday, 20 February 2020 8:59:14 AM

To whom it may concern,

My submission relates to the proposed Planning and Design Code, as it will affect **Black Forest**, within the Unley Council area.

I am a resident of Black Forest, and own a property on Byron Road.

Currently this area is protected in a way which is most closely related to the new "Suburban Neighbourhood Zone" and I understand most of the residential areas of Unley are expected to be zoned in this way. However, the draft code proposes our area to receive a "General Neighbourhood Zone" classification.

I would like it recorded that I **object strongly to this proposal** for our area and wish for it to receive the same *Suburban Neighbourhood* protection as the rest of Unley.

In addition, I would want to ensure that in future any changes to zoning require consultation with property owners and residents, and the Unley Council.

Lastly, I would make a special request that you note, and advise the Minister of, my concern regarding the short timeframe around these proposals.

It is far more important to get the code right, than to keep to an arbitrary commitment to October 1st.

I believe the implementation should be delayed to allow for detailed consideration of submissions and a further opportunity to comment on a revised draft code.

Thank you for the opportunity to provide input.
I would ask that you take my submission most seriously.

Yours sincerely

Nicki Lees
