Subject: Feedback on Draft Planning and Design Code - Character Area Statements - City of Holdfast Bay
Date: Wednesday, 11 March 2020 10:28:07 PM

Hi there,

I found on your website that consultation is currently open for some property owners who received letters late. I am a property owner in Glenelg East, within the existing Glenelg East Streetscape Character Zone however have not received a letter, I'm not sure if I was supposed to.

I would like to express my absolute agreement to the retention of the Character Area in Glenelg East, in particular the Glenelg East Character Area Statement (HoB-C3). The streetscape character is the reason we moved into this area and it has so many great benefits for the community. The mature street trees provide shade, the large block sizes reduce the number of driveway crossovers, making the area really walkable and safer for my children riding their bikes on the footpath to school. I would really like to see the character area retained, as you have proposed in the draft.

Thanks,

Sara Morrison
