To whom it may concern

I am emailing you in response to the proposed new draft planning code.

I would like to register my opposition to the new proposal for my area – Kensington Park, Adelaide, and ask that my concern be officially registered with your department. I do not agree with this suburb becoming a General Neighbourhood Zone, as I believe it would be detrimental for a number of reasons. Most importantly, it would result in high density housing, a reduction of trees/vegetation and the establishment of businesses/offices; overall, negatively impacting on the suburb's character.

Yours faithfully
Tania Vial

To whom it may concern,

I am emailing you in response to the proposed new draft planning code. I would like to register my opposition to the new proposal for my area – Kensington Park, Adelaide, and ask that my concern be officially registered with your department. I do not agree with this suburb becoming a General Neighbourhood Zone, as I believe it would be detrimental for a number of reasons, most importantly, because it would mean high density housing, a reduction of trees, an imposition on the open spaces and character of the suburb, an encroachment of possible establishment of businesses and offices. I trust my opposition to the above matter strongly be considered in any decisions made.
