To: DIT:Planning Reform Submissions <DIT.PlanningReformSubmissions@sa.gov.au>

Dear DIT

I am a resident of Marion Council.

I wholeheartedly support my Council's submission in regards to planning and development and desire to achieve a balanced approach to approvals.

I request that Government ensure that throughout our Council:

That minimum block sizes are frontages are as per our Council's submission

Avoiding on street crowding (cars)

Ensuring a high level of greenery

Please ensure that the planning and design code supports Marion Council's preferences.

Please listen to the community's voice.

Regards

Chris Roberts
