## 2. BACKGROUND INFORMATION

YS Super Investments Pty Ltd (Designated Entity) is proposing a Code Amendment in relation to the land comprising seven contiguous allotments located at:

- 1, 3 and 5 Nottage Terrace, Medindie; and
- 43 Main North Road, Medindie.

More particularly described as:

- Allotment 98 on Certificate of Title 5761/575;
- Allotment 99 on Certificate of Title 5761/569;
- Allotment 8 on Certificate of Title 5106/255;
- Allotment 15 on Certificate of Title 5106/256;
- Allotment 7 on Certificate of Title 5798/222;
- Allotment 3 on Certificate of Title 5228/569; and
- Allotment 2 on Certificate of Title 5228/570.

(Together referred to as the 'Affected Area').

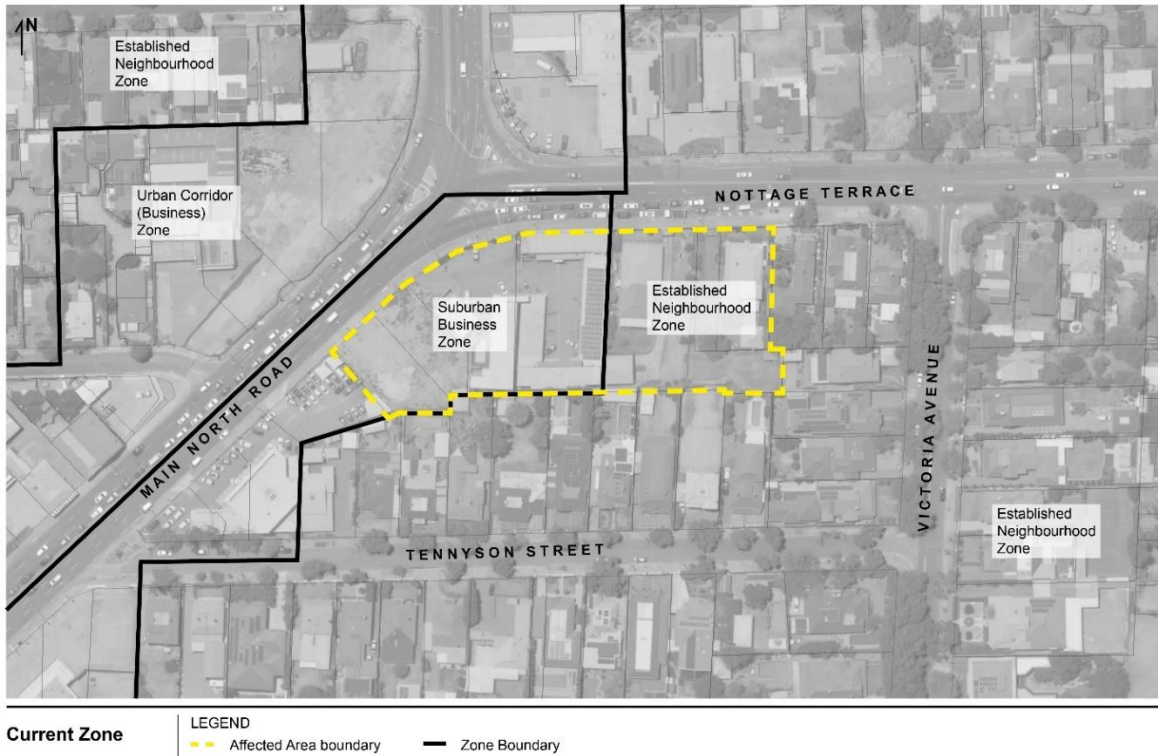

The Affected Area adjoins the Established Neighbourhood Zone to the east and south, the Suburban Business Zone to the south-west and the Urban Corridor (Business) Zone to the north and west.

The purpose of the Code Amendment:

- Is to rezone the Affected Area to the Urban Corridor (Business) Zone from the Suburban Business Zone and the Established Neighbourhood Zone. The Affected Area, current zoning and proposed zone is shown in **Figure 2.1** and **Figure 2.2** below.
- The Urban Corridor (Business) Zone will enable the orderly and economic development of the Affected Area consistent with outcomes anticipated for adjacent land located on the northern and north-west corners of the Main North Road and Nottage Terrace intersection, that are also located within the Urban Business (corridor) Zone.
- The rezoning will facilitate a mixed-use development outcome for the Affected Area such as medium density residential uses together with smaller scale consulting, commercial and retail uses.

- Deliver a more compact urban form along a major road corridor and intersection and of a gateway site, whilst respecting the character and amenity of the adjoining Established Neighbourhood Zone.

**Figure 2.1** *Current Zoning & Affected Area*

**Figure 2.2** *Proposed Zone*

The proposed rezoning aligns with a number of State Planning Policies, including in relation to:

- land supply;
- planning for growth;
- regenerating neighbourhoods;
- mixed-use developments around activity centres;
- promoting best practice design solutions for infill;
- providing diverse and affordable housing;
- enabling employment generating opportunities; and
- maximising the use of existing infrastructure.

The proposed rezoning also aligns with key objectives of the 30 Year Plan for Greater Adelaide and the 2020-2024: Living in the Town of Walkerville a strategic community plan by:

- providing opportunities for increased housing diversity and commercial uses that will utilise and strengthen the existing transport corridors;
- appropriately respond to and mitigate impacts on interface areas; and
- strengthen connections to North Adelaide and the Adelaide CBD as outlined in the Code Amendment Report.

In accordance with section 73(4)(a) of the Act the Designated Entity will be responsible for conducting the Code Amendment process.

### 3. STATUS OF THE CODE AMENDMENT

The Code Amendment process follows steps which require specific actions at each milestone. The timeframes for each step are outlined within **Figure 3.1** below. The steps which are greyed out have already been completed. The steps which are currently being undertaken refer to the 'Engagement on the Code Amendment'.

**Figure 3.1** Status of the Code Amendment

#### **4. ENGAGEMENT PURPOSE**

The purpose of the engagement is to inform the rezoning of the Affected Area and the spatial application of the Urban Corridor (Business) Zone, Overlays and Technical and Numeric Variations.

#### **5. ENGAGEMENT OBJECTIVES**

The key objectives of the first engagement are to:

- Share information with the public about the Code Amendment.
- Create an understanding of the reasons for the Code Amendment.
- Understand the views of the stakeholders.
- Inform and improve the quality of the policy within the Code Amendment.
- Comply with the Community Engagement Charter and the *Planning, Development and Infrastructure Act 2016* (PDI Act).

The key objectives of the further engagement are to:

- Share information about the changes made to the Code Amendment following the first engagement.
- Provide information about the Code Amendment process.
- Hear feedback on changes made, understand whether concerns have been addressed and consider whether any further amendments to the Code Amendment should be made.
- Inform and improve the quality of the policy within the Code Amendment.
- Comply with the Community Engagement Charter and the *Planning, Development and Infrastructure Act 2016* (PDI Act).

#### **6. STAKEHOLDER IDENTIFICATION AND ANALYSIS**

The primary audience for the engagement of this Code Amendment are adjacent owners and occupiers within the Town of Walkerville and the adjoining City of Prospect.

Analysis of the population demographics collected in the 2021 Census for the suburbs of Medindie and Medindie Gardens, respectively, confirms the following general statistics about the local community:

- the median age of the population is 45 and 43 years, with 58.8% of the population of each suburb falling within a 20 to 65 year age bracket;
- 71.36% and 60.8% of the population comes from an English background (English, Australian and Scottish) with smaller numbers of the population having Greek, Irish, Italian and German backgrounds;
- 74.6% and 78.7% of the population was born in Australia; and
- 76.3% and 72.2% of the population speak English at home with small percentages of the population using a language other than English (including Greek, Vietnamese, Mandarin, Punjabi and Italian).

The 2016 Census data confirms that 93.5% and 88.5% of households had direct access to the internet indicating that a majority of local stakeholders will have access to the online Code Amendment materials.

The population demographic data indicates that the most likely barrier to participation will be language. To ensure that materials are accessible to non-English speaking stakeholders translation services are available. Each document includes details about how to access translation services. The link and QR Code direct access to an online survey, example provided in **Appendix 1**. On receipt of a completed survey the Designated Entity will make arrangements for the necessary translation services with the relevant stakeholder.

Other barriers to participation such as age and disability have also been considered. Based on the available population data the likelihood of other barriers to participation arising during engagement are extremely low. The Designated Entity is committed to addressing barriers to participation. Should the Designated Entity become aware of other barriers to participation during the engagement it will seek to address these barriers to make materials accessible.

The aim of the community engagement is to provide a level of influence to each stakeholder, which seeks to work directly with the relevant stakeholder/s throughout the process to ensure that public concerns and aspirations are understood, considered and reflected in the Code Amendment.

Stakeholder identification and analysis has been undertaken and the outcomes of this are provided in **Appendix 1**, with a summary of this analysis provided in **Figure 6.1** below.

**Figure 6.1 Stakeholder Analysis Summary and Level of Influence**

The stakeholders which have been determined to influence the proposed Code Amendment are:

- Adjacent land owners and occupiers, within both the Town of Walkerville and the City of Prospect as identified by **Figure 6.2**;
- Participants who made a submission to the Code Amendment;
- Town of Walkerville;
- City of Prospect;
- Department of Infrastructure and Transport (DIT);
- Environment Protection Authority (EPA);
- Utility providers including, SA Power Networks, ElectaNet Pty Ltd, APA Group, SA Water, EPIC Energy, NBN and other telecommunication providers;
- State Member of Parliament;
- Local Government Association;
- Attorney Generals Department;
- Prospect Residents Association;
- Prospect Local History Group; and
- General Public.

**Figure 6.2** *Extent of adjacent landowners and occupiers*

The Designated Entity has expanded the adjacent owners and occupiers to be directly notified to including additional properties on Tennyson Street and Victoria Avenue due to feedback received during the initial consultation period.

The stakeholders have been categorised to determine their level of interest (low, medium or high), which is outlined within **Appendix 1**, which will allow the engagement plan to collaborate with them appropriately.

Their nature of interest has been determined and / or how they can impact the project through how the project will change, alter and / or enhance their locality, needs or position. It has then been determined what their expectations may be which will result in being one or more of the following:

- Being informed and aware;
- Have an opportunity to participate;
- Influence the outcome; and
- Be kept informed throughout the process.

## 7. SCOPE OF INFLUENCE

Aspects of the project which stakeholders and the community can influence are the:

- Spatial application of the Overlays;
- Spatial application of the Technical and Numeric Variations.

Aspects of the project which stakeholders and the community cannot influence are the:

- Creation or amendment of the existing policies contained within the Planning and Design Code;
- Geographic extent of the amendment; and
- Residential intent of the proposed Zone.

## 8. IMPLEMENTATION PLAN

An implementation plan has been prepared which detail the various engagement activities proposed for each of the phases of the project. This implementation plan is attached as **Appendix 2**.

Engagement activities have been included to ensure that the method of engagement is appropriate for achieving the objectives and level of influence of the engagement.

The engagement will consist of three stages:

- preliminary engagement;
- initial Code Amendment Engagement; and
- further Code Amendment Engagement on what the Designated Entity heard and how it amended the Code Amendment to respond to submissions made through first engagement.

The engagement activities are set out in **Table 8.1** below.

The timing of the engagement activities are set out in **Appendix 2**; however, each engagement process will be broken down into three key milestones which are:

- Commencement of engagement;
- Engagement concludes; and
- Report back to the Department and stakeholders.

**Table 8.1** *Engagement Activities*

<b>Preliminary Engagement</b>	Town of Walkerville: <ul style="list-style-type: none"> <li>• Meeting with Council staff</li> <li>• Elected Member briefing</li> </ul>
	City of Prospect: <ul style="list-style-type: none"> <li>• Meeting with Council staff</li> </ul>

Engagement materials available: <ul style="list-style-type: none"> <li>• On PlanSA</li> <li>• Hard copies of documents available at the Town of Walkerville and City of Prospect</li> </ul>
	General Public notified through the PlanSA website
	Stakeholders invited to attend a public meeting to make a verbal submission.
<b>Further Code Amendment Engagement</b>	Adjacent owners and occupiers, other stakeholders and participants who made a submission to initial Code Amendment engagement notified by letter/email.  Engagement materials available: <ul style="list-style-type: none"> <li>• On PlanSA and the Future Urban website.</li> </ul>
	General Public notified through PlanSA and the Future Urban website.
	Stakeholders invited to attend a 15 minute one on one session with representatives of the Designated Entity to discuss the Code Amendment

## 9. APPLYING THE CHARTERS PRINCIPLES IN PRACTISE

The stakeholders have been considered in respect to their needs and requirements to ensure that the design of the engagement allows all stakeholders to contribute equally. **Table 9.1** outlines the characteristics of the stakeholders relevant to this engagement and the needs and / or techniques which have been implemented.

**Table 9.1** *Applying the Charter Principles*

Stakeholder	Engagement need or technique
English as a second language	<ul style="list-style-type: none"> <li>Information that is easily translatable.</li> <li>Translation services and translated Code Amendment materials can be made available.</li> </ul>
The older population within the community	<ul style="list-style-type: none"> <li>Offering different levels of communication via phone, in person and online.</li> <li>Online accessibility for those with impairments that affect vision, reading ability or physical movement.</li> </ul>

The engagement activities have been identified and the relevant charter principles have been addressed which is outlined within **Figure 8.2** below.

**Figure 8.2** *Charter Principles in Practice*

Charter Principles	How does your engagement approach/activities reflect this principle in action?
Engagement is genuine	<ul style="list-style-type: none"> <li>The engagement activities seek to provide clear and concise information that builds the community capacity to understand planning and the Code Amendment process.</li> <li>The engagement process provides opportunity for stakeholders to make a submission on the Code Amendment and for these submissions to be analysed and considered before finalising the Code Amendment.</li> </ul>
Engagement is inclusive and respectful	<ul style="list-style-type: none"> <li>Affected and interested stakeholders had the opportunity to participate via website, direct letters and social media and had the opportunity to be heard via written and verbal submission.</li> </ul>
Engagement is fit for purpose	<ul style="list-style-type: none"> <li>Clear and concise information will be publicly available to ensure people understand what is proposed and how to participate in the engagement activities.</li> </ul>

<p>Engagement is informed and transparent</p>	<ul style="list-style-type: none"> <li>Information (online and hard copy via post) in basic language clearly articulates the proposal, potential impacts, engagement process and invites feedback/participation.</li> <li>The community engagement report will summarise the feedback received and how it has/has not been, or will/will not be, used to inform the Code Amendment.</li> </ul>
<p>Engagement is reviewed and improved</p>	<ul style="list-style-type: none"> <li>Measures of success are identified and measured at the conclusion of the engagement and reported on in the Engagement Report.</li> </ul>

## 10. KEY MESSAGES

The following key messages will underpin the engagement regarding the Code Amendment:

- The Proponent is planning to rezone the Affected Area from Suburban Business and Established Neighbourhood Zone to Urban Corridor (Business) Zone to facilitate a future mixed use development outcome comprising medium density residential land uses together with consulting, commercial and small scale retail uses.
- The reason for this is the Affected Area is currently underutilised with the current zoning providing for low scale and low density land uses.
- A Code Amendment is required to enable this rezoning.

## 11. EVALUATION

As part of the engagement process, feedback from stakeholders regarding the engagement will be noted to ensure that the Code Amendment can:

- Address potential risks throughout the implementation;
- Alter the engagement process if needed to respond to feedback and/or mitigate risks to the project; and
- Maintain the quality of the engagement activities.

**Appendix 3** includes a table which outlines a summary of measuring the success of the engagement process. Participants are invited to assess the success of the engagement against the criteria. The evaluation will be included in the statutory report required to be prepared by the Designated Entity under section 73(7) of PDI Act (the Engagement Report)

Following an evaluation of the success of the engagement, a summary of the engagement process will be provided to the participants. The methods for reporting back and closing the loop are outlined within **Appendix 4**.

## **APPENDIX 4. MEASURE SUCCESS**

## Measuring Success

At the completion of the engagement, all participants will be invited to assess the success of the engagement against performance criteria one to four, below. The Designated Entity will assess the success of the engagement against criteria five to nine. This evaluation will be included in the statutory report required to be prepared by the Designated Entity under section 73(7) of PDI Act (the Engagement Report). The Engagement Report provides details and analysis of engagement activities undertaken for the Code Amendment, and is provided to the Minister for Planning and Local Government. This Engagement Report will also be referenced in the State Planning Commission's Parliamentary Report under section 74(3)(b) of the Act, which is issued to the Environment Resources and Development Committee of Parliament following adoption of a Code Amendment.

Charter criteria	Charter performance outcomes	Respondent	Indicator <sup>2</sup>	Evaluation tool <sup>3</sup> Exit survey / follow-up survey	Measuring success of project engagement
Principle 1: Engagement is genuine	People had faith and confidence in the engagement process.	Community	I feel the engagement genuinely sought my input to help shape the proposal	Likert scale - strongly disagree to strongly agree	Per cent from each response.
Principle 2: Engagement is inclusive and respectful	Affected and interested people had the opportunity to participate and be heard.	Community	I am confident my views were heard during the engagement	Likert scale - strongly disagree to strongly agree	Per cent from each response.
		Project Lead	The engagement reached those identified as community of interest.	Representatives from most community groups participated in the engagement  Representatives from some community groups participated in the engagement  There was little representation of the community groups in engagement.	Per cent from each response.

Charter criteria	Charter performance outcomes	Respondent	Indicator <sup>2</sup>	Evaluation tool <sup>3</sup> Exit survey / follow-up survey	Measuring success of project engagement
Principle 3: Engagement is fit for purpose	People were effectively engaged and satisfied with the process.  People were clear about the proposed change and how it would affect them.	Community	I was given sufficient information so that I could take an informed view.	Likert scale - strongly disagree to strongly agree	Per cent from each response.
			I was given an adequate opportunity to be heard	Likert scale - strongly disagree to strongly agree	Per cent from each response.
Principle 4: Engagement is informed and transparent	All relevant information was made available and people could access it.  People understood how their views were considered, the reasons for the outcomes and the final decision that was made.	Community	I felt informed about why I was being asked for my view, and the way it would be considered.	Likert scale - strongly disagree to strongly agree	Per cent from each response.
