Hi i see this property is in suburban neighbourhood z5707 as it has been a commercial property well before 1940s and on council rates its commercial/ residential on 2 titles i feel it should be in neighbourhood activity centre z5705 as Silby lane wraps around and enters it northern/western side easement which joins onto semaphore rd commercial properties which are in z5705 .Hope this is the right section to send this to , regards Joseph Mannion owner of this property. Yes i have limited abilities on pc or should i see local council ?
