---

Good morning Minister,

As long term residents of Parker Terrace, Clarence Park, my wife and I wish to express our appreciation of your decision to delay the implementation of the new Planning & Design Code pending consideration of aspects raised following public consultation.

We ask that the South Australian Community be given the opportunity to comment on the final draft prior to its implementation. This would enable all interested parties to consider any errors or unintended consequences and have them corrected or removed from the final draft.

We hope, and thank you in anticipation, that our request will be implemented.

Yours faithfully

Ken Piper
