Draft Planning and Design Code – Phase 3 Consultation Submissions
Delivered by email to DPTI.PlanningReformSubmissions@sa.gov.au

28 February 2020

Dear DPTI Consultation Submissions,

**Petition to include the Median Rule Land Division Tool in Adelaide Hills Council
Development Plan -Country Living Zone in the P&D Code**

Please find attached a list of signatories and comments from an online petition on the Change.org platform, created by Cr Kirrilee Boyd and I as a submission to the **Draft P&D Code – Phase 3 Consultation**. Cr Boyd and I are Councillors on the Adelaide Hills Council but have created this petition in our private capacity as residents and members of the general public.

This petition had **1,097 signatures** at the time of writing (4:30PM, Friday 28 February 2020) and is still growing. You can find the live petition here: <http://chng.it/2q4KtDFmg>

Here is the full text of the petition:

***“We call upon the SA State Government to ensure that the Median Rule Land Division Tool applicable to the Country Living zone in the existing Adelaide Hills Council Development Plan, is incorporated into the new Planning and Design Code (P&D Code) to avoid excessive subdivision. The code is due for implementation in September 2020.*”**

Under the existing planning rules in Council’s Development Plan, properties in the Country Living zone (incorporating parts of Crafers, Crafers West, Stirling, Heathfield, Upper Sturt, and Aldgate) of the Adelaide Hills Council district are allowed to subdivide according to rules laid out in the Median Rule Land Division Tool. Currently, this tool limits subdivisions to no smaller than the median size of neighbouring properties within a 200 m radius of the property, or to 2,000 sqm (approx. ½ acres), whichever is the greatest. The State Government has removed the Median Rule Land Division Tool from the new P&D Code.

Losing the Median Rule Land Division Tool under the new code and using the blunt instrument of a minimum allotment size of 2,000 sqm (approx. ½ acres) means that 367 allotments could be subdivided in the Country Living zone. Some could subdivide into multiple allotments, e.g. an existing 35,000 sqm (approx. 8½ acres) allotment could subdivide into 14 new allotments. This could lead to an erosion of the renowned leafy and characterful neighbourhoods in our part of the Hills.

This is a mammoth change with huge repercussions for the character and amenity of our area that we believe is an unintended consequence of the new code. The current changes do not present like for like policy transition.

It also poses a serious threat to native vegetation, regulated and sometimes centuries old significant trees as a result of exemptions that allow removal of any trees within 20 m of a dwelling in a bushfire hazard area. It could devastate local biodiversity.

We have already seen the consequence of State Government imposed changes to zoning rules in Mt Barker. We want to ensure that rampant development does not affect our part of the Hills as an unintended consequence of State Government imposed changes.

Adelaide Hills Council has resolved a similar position. For a summary see here: <https://www.facebook.com/notes/councillor-leith-mudge-adelaide-hills-council/adelaide-hills-councils-position-on-median-rule-land-division-tool-in-the-countr/632846227530215/>

The public consultation by the State Government (DPTI) closes on **Friday 28 February, 2020** so please sign before then.

This petition has been created by Cr Kirrilee Boyd and Cr Leith Mudge of the Adelaide Hills Council, but is done in our capacity as private citizens and local residents and not on behalf of the Council. Council is making its own submission to the Government. The opinions expressed in the creation of this petition are those of the creators and are not necessarily the policy or position of the Adelaide Hills Council."

We hope that you will understand from the petition signatures and comments that there is strong sentiment within the Adelaide Hills and wider South Australian community for the Median Rule Land Division Tool to be effectively transitioned into the P&D Code and act to ensure this happens before the Code is implemented in September 2020. It should be noted that should the Median Rule Land Division Tool be retained there will still be up to 208 allotments that may be eligible to subdivide. This will allow for plenty of infill.

Yours truly,

Leith Mudge

Planning Reform Submissions

Letter: Greetings,

Protect the Country Living character of the Adelaide Hills Council

We call upon the SA State Government to ensure that the Median Rule Land Division Tool applicable to the Country Living zone in the existing Adelaide Hills Council Development Plan, is incorporated into the new Planning and Design Code (P&D Code) to avoid excessive subdivision. The code is due for implementation in September 2020.

Under the existing planning rules in Council's Development Plan, properties in the Country Living zone (incorporating parts of Crafers, Crafers West, Stirling, Heathfield, Upper Sturt, and Aldgate) of the Adelaide Hills Council district are allowed to subdivide according to rules laid out in the Median Rule Land Division Tool. Currently, this tool limits subdivisions to no smaller than the median size of neighbouring properties within a 200 m radius of the property, or to 2,000 sqm (approx. ½ acres), whichever is the greatest. The State Government has removed the Median Rule Land Division Tool from the new P&D Code.

Losing the Median Rule Land Division Tool under the new code and using the blunt instrument of a minimum allotment size of 2,000 sqm (approx. ½ acres) means that 367 allotments could be subdivided in the Country Living zone. Some could subdivide into multiple allotments, e.g. an existing 35,000 sqm (approx. 8½ acres) allotment could subdivide into 14 new allotments. This could lead to an erosion of the renowned leafy and characterful neighbourhoods in our part of the Hills.

This is a mammoth change with huge repercussions for the character and amenity of our area that we believe is an unintended consequence of the new code. The current changes do not present like for like policy transition.

It also poses a serious threat to native vegetation, regulated and sometimes centuries old significant trees as a result of exemptions

that allow removal of any trees within 20 m of a dwelling in a bushfire hazard area. It could devastate local biodiversity.

We have already seen the consequence of State Government imposed changes to zoning rules in Mt Barker. We want to ensure that rampant development does not affect our part of the Hills as an unintended consequence of State Government imposed changes.

Comments

Name	Location	Date	Comment
Anne Fowler	Bridgewater, Australia	2020-02-19	"The natural character of the AHC Country Living zone deserves to be protected. Proposed changes to P&D regulations threaten this. The AMLR is a critical area for biodiversity. Natural vegetation must be preserved to support fauna already threatened by loss of habitat and other pressures."
Elizabeth Crawley	Adelaide, Australia	2020-02-19	"Protection of the environment in our Adelaide hills is imperative for our local wildlife as well as the people living there. More dense development puts this at risk."
Kylie Dayman	Australia	2020-02-19	"I am against the new subdivision rule."
Kim Thompson	Australia	2020-02-19	"I'm signing because it's about time the environment was valued higher than economics! This is a disgrace."
Haidee Kinter	Australia	2020-02-19	"Our land is important. To continually sell off beautiful farming land and senselessly destroy trees that are hundreds of years old is pure greed and short sightedness. Once these ancient trees are gone they are gone forever taking important habitat away from our already struggling wildlife."
Lisa Obst	Red Creek, South Australia, Australia	2020-02-19	"We need to protect our biodiversity of our hills and the environment and the charm and beauty of our hills. Appalling that this lovely area could disappear to become roof tops."
Kylie Kleingeld	Australia	2020-02-19	"I don't agree with the new proposals"
susan michelmore	Nairne, Australia	2020-02-19	"Once our farmland is gone it can never be reclaimed. The existing wildlife is pushed out, land for food production is lost and the very reason we chose to live in the Hills has been lost in a sea of housing."
Wendy Fitzwilliam	Thamez, New Zealand	2020-02-19	"I don't want to see the hills turned into another suburb of Adelaide."
Anita Hardingham	Australia	2020-02-19	"We need to protect what makes the Hills special, not only the stunning flora and fauna but also land values in general. Not to mention bushfire risk."
Martyn Budd	Australia	2020-02-19	"This is the hills not suburbia."
Alex Ellsmore	Adelaide, South Australia, Australia	2020-02-19	"I'm signing because I moved up to the hills from the south to avoid all of the subdivisions and cramped living, leave the hills the way they are."
Ken Richter	Callington, Australia	2020-02-19	"Without a corresponding increase in public facilities such as hospitals, police, recreation and schools, the area will not be unable to be properly serviced."

Name	Location	Date	Comment
Alison Boyd	Aldgate, Australia	2020-02-20	"I'm signing because the Adelaide Hills should never become a concrete jungle."
sally shaw	Adelaide, Australia	2020-02-20	"Please can we stop destroying our natural and beautiful land with all this ridiculous subdividing land. People want to live in the hills because they enjoy the natural environment not because they want to live next to yet more houses!"
Elizabeth Smith	Noradjuha, Australia	2020-02-20	"Housing estates need to be carefully thought out before selling off our farmland. Think before action."
Donella Peters	Australia	2020-02-20	"Larger block sizes and the retention of trees, particularly mature trees, makes the Hills the special place that it is for people, both residents and tourists. It also provides homes for a variety of wildlife which is so important now that so much of the state has been cleared."
Clare Bradley	Mylor, South Australia, Australia	2020-02-20	"The unique rural character of the Greater Stirling community needs protection, particularly in the face of unprecedented development in neighboring address such as Mount Barker"
Anne Marie Serrano	Mylor, Australia	2020-02-20	"We must protect the land for the animals."
Bill Spragg	Australia	2020-02-20	"The character of an area is created by the size of the allotments and style of houses. Campbelltown has recently has approval to increase their minimum size because of rampant in fill. Adelaide Hills Council country living zone should not lose the median allotment size so it does not end up with the same problem Campbelltown did."
Amelia Hurren	Australia	2020-02-20	"The Adelaide Hills are a nationally significant area for biodiversity. Subdivision will destroy the natural values, character and lifestyle of this area. We've seen the disastrous impact of development in bushland areas in the recent bushfires."
Graeme McLeay	Adelaide, Australia	2020-02-20	"Nature and biodiversity is already under pressure in the Adelaide Hills. Suburban type development is inappropriate and will change the unique character of the region."
Erica Womersley	Australia	2020-02-20	"I'm signing this petition because I live in the Adelaide Hills and want it to remain a place with larger block sizes and lots of green space"
Helena Wait	Australia	2020-02-20	"A lot of the mentioned areas are in a water shed area. Also the attraction for the people who move to the Adelaide Hills is to be able to be amongst nature and to be able have animals"
Pauline Gill	Australia	2020-02-20	"I am signing because the Adelaide Hills area is a unique district within the State of SA and not having this tool included in the Planning and Design Code would open up the Hills for development and infill which would destroy this uniqueness. People move to the Hills to have space and

Name	Location	Date	Comment
			enjoy the natural environment, if the Government does not include this award winning tool then they are effectively opening the Adelaide Hills to the same sort of development as has occurred in Hamilton Hill and Mt Barker, neither of which sit with the current character of the Adelaide Hills and would eliminate any basis for the World Heritage Bid. I implore the Government to consider the inclusion of this award winning tool to protect the uniqueness of this prestige region and tourist mecca."
Sue lubow	Adelaide, Australia	2020-02-20	"To protect what's left"
Harold Dimey	Australia	2020-02-20	"I'm signing because the Adelaide Hills should never become a concrete jungle. Don't want to see what's happening in Mt Barker all over again"
Kerry Kavanagh	Australia	2020-02-20	"Current rules should be maintained"
chris grant	Forest Range, South Australia, Australia	2020-02-20	"The character, natural environment and beauty of the Adelaide Hills must be protected!"
Anthony Sawyer	Australia	2020-02-20	"As a resident of the Adelaide Hills I love the sense of space and natural beauty, and wish to see it protected"
bet burford	lobethal, Australia	2020-02-20	"I love our leafy environment. I love driving through our beautiful country roads. I have watched with alarm how the surrounds of Mount Barker have been eroded. We live in the Hills to enjoy the wild-life and native and European trees. Please protect our lovely natural environment. Smaller blocks brings more people, but not more services. Less trees and harder road services adds more to global warming. We NEED to heed the warnings."
Jill Taylor	Wistow, Australia	2020-02-20	"Our Adelaide Hills environment - roads and infrastructure , sewage management in water catchment regions, community services and water supply can not accomodate such density of population In the Adelaide Hills. This appears to be a greedy money grab without consideration of sustainable population issues."
Nalda Stewart	Australia	2020-02-21	"We must preserve our land, water and native plants and animals"
Wendy HAYWARD	Adelaide, Australia	2020-02-21	"The proposed mass sub-division development based on maximum housing/minimum outlay is environmentally irresponsible and the impact of housing of that nature will be ongoing and permanent. It creates living environments that are socially isolating and negate the profitable tourist route image promoted in the region."
Stephen Fuller	Australia	2020-02-22	"We've encroached too much on the natural world already. Let's live and let live all of the other species native to the hills."

Name	Location	Date	Comment
Susan Nicholls	Australia	2020-02-22	"The hills need to remain so- hills NOT high density housing"
daniel Bowden	Mount Barker, Australia	2020-02-23	"This over populating of the hills must stop. Roads are not coping now. We are losing valuable farming land and natural vegetation"
Prue Wheal	Australia	2020-02-23	"No more using our productive agricultural land for real estate"
Linda Jackson	Australia	2020-02-23	"This proposed change should not occur. This will devastate the beauty and biodiversity of our beloved Adelaide hills."
Jacqueline Balston	Australia	2020-02-23	"I love the country feel of the Adelaide Hills and do not want to see increased development density that would damage flora, fauna, aesthetics or property values."
James Tilbrook	Australia	2020-02-23	"Urban infill is fine for cities (if done without excessive land and tree clearing) but is not suited to the character of the Adelaide Hills"
Pat Rose	Davoren Park, Australia	2020-02-23	"I agree that the Adelaide Hills should retain their original beauty and charm. We don't want houses everywhere!!"
Christian Haebich	Australia	2020-02-23	"The Adelaide Hills is a unique and important region that should be preserved."
Chad Habel	Australia	2020-02-24	"We want the Hills to remain attractive and spacious, nit just a goldmine for developers."
Marion Ferguson	Aldinga Beach South Australia, Australia	2020-02-24	"We've already lost habitat to the recent fires. We need to protect every bit of habitat we have left."
Tim Kelly	Australia	2020-02-24	"We need a "develop on cleared land principle" rather than destroying native vegetation and placing more dwellings in places that are not bushfire safe and will never be bushfire safe. Land clearance incidental to approved developments is not even properly considered or measured. With climate change, there is an urgent need for change."
Catherine Bridgland	Australia	2020-02-24	"Its so important to protect the rural nature of many parts of the Adelaide Hills and to protect dwindling wildlife habitat. And my koalas!"
Richard Corin	Australia	2020-02-24	"I don't want the character of the Hills to be degraded and eventually destroyed by urbanisation."
Arthur Hay	Itonba k, Australia	2020-02-25	"I want to preserve the rural area and not expand the city into the hill s"
Denise Manson	Australia	2020-02-25	"The Adelaide Hills is unique. Don't spoil that"
Fiona House	Aldgate, Australia	2020-02-25	"I'm signing this as I am deeply sad about the current sub division and building that is going on around Mount Barker. I drive through it everyday and both my daughter and I watch our beautiful land being ripped up and destroyed."

Name	Location	Date	Comment
			Each month more and more is built and I feel utterly helpless. It's destroying our hills with infrastructure that is unsustainable and ugly. I'm angry and upset."
Tim Deed	Australia	2020-02-25	"They've already started destroying the hills and it needs to stop. We will lose the beauty and for what? Money and greed, it makes me sick."
Natasha Doumanis	Spearwood, Australia	2020-02-25	"They need to abide to the current zoning so more wildlife are not left without homes. As if the fires weren't enough"
Judy Gunn	Adelaide, Australia	2020-02-25	"As a former resident of Upper Sturt I hope the existing renowned character of the Adelaide Hills is maintained & preserved forever."
Russell Winkley	Australia	2020-02-25	"The councils will destroy the hills"
Annoyed Mall patron	Australia	2020-02-26	"The hills have a charm and we don't need another Mount Barker."
Angy Lindblom	Australia	2020-02-26	"I have a conscience"
Eira Battaglia	Seaforth, Australia	2020-02-26	"It's a lovely area and needs to be protected from over development of too many small houses with no trees for wildlife, which are so much an important part of the Adelaide Hills"
Neal Oldford	Mount Pleasant, South Carolina, US	2020-02-26	"I support this cause"
Ben Loits	Australia	2020-02-26	"Not necessary."
BRUCE MITCHELL	ABERFOYLE PK, Australia	2020-02-26	"I don't like the way suburbs are being turned in to ghettos. Stop planning laws that would destroy residents amenity of their suburb."
Jignesh Patel	Australia	2020-02-26	"Adelaide hill must retain country character."
Sharon Young	Australia	2020-02-26	"The Adelaide Hills needs protection from developers NOT encouragement! It is not just the aesthetics, it is also a primary food and wine tourist destination which will be spoilt forever by medium-high density housing."
Morgen Britt	Adelaide, Australia	2020-02-26	"Destruction cannot be undone. Like a crime, it needs to be stopped before it is committed."
Geoff Ridings	Australia	2020-02-26	"We need effective consultation with those people affected."
Mary Laughren	Australia	2020-02-26	"I'm signing because I do not want to see excessive construction and congested living in Crafers and other small towns in the Adelaide Hills. Rampant development is not appropriate in the Adelaide Hills. This move threatens the value of current properties and lifestyle. It's to be opposed at all costs."

Name	Location	Date	Comment
Marie Bryce	Adelaide, Australia	2020-02-26	"I don't want to lose our beautiful village and community lifestyle to crowded high density housing."
David Burnett	Adelaide, Australia	2020-02-26	"Concern for blatant exploitation of a unique environment. Planning regulations are intended to protect - let's not see this amendment lead to destruction of the character and amenity for which the Adelaide Hills are renowned, and for which tourists come to see."
Jason Simic	Australia	2020-02-26	"Just take a look at Mt Barker and the lack of planning. Major traffic jams daily. Leave the hills alone. Major fire risk now and you just want to make it worse. More traffic, more delays. Just after an easy dollar. Governments and councils have gone mad!!"
Pam Kent	Australia	2020-02-26	"I'm signing because it's important that the peaceful and natural environment in the Adelaide Hills is maintained as much as possible."
Jack O	Adelaide, Australia	2020-02-26	"We can't afford urban sprawl in the hills. The infrastructure can't support it, and it's too much of a risk regarding bushfires. Build somewhere like Murray Bridge that can support a larger population."
Doug Shaw	Crafers, Australia	2020-02-26	"This is an award winning Code that maintains the character of the Hills and should not be over-ridden by top-down non-consultative means."
Ruth Bettany	Prospect, Australia	2020-02-26	"Graham Bettany, Oakbank, South Australia"
Alexander Kozlow	Warsaw, Australia	2020-02-26	"We need to retain as much of the ecosystem and natural character of the Adelaide Hills. The proposed changes and development will destroy it. This is not progress. It is the illusion of progress."
Vivien Deed	Australia	2020-02-26	"Please leave these properties intact. They often have beautiful gardens and landscaping plus if they were to be divided up it would mean more vehicles on these narrow roads. Hills streets are picturesque, just leave them be!!"
Andy Shea	Colonel Light Gardens, Australia	2020-02-26	"Nobody wants this. Nobody needs this."
Colin Leek	Aldgate, Australia	2020-02-26	"I don't want this area turned into housing estates!"
Sue Cooke	Australia	2020-02-26	"Don't spoil the Gateway to the Adelaide hills - it's sheer lunacy to even contemplate these proposed changes - don't spoil the Adelaide' Hills uniqueness"
Pip Gare	Australia	2020-02-26	"I believe the unique character of the Adelaide hills brings economic advantages to not only businesses trading in the region, but to the state. While I understand the need for state government to support and encourage development,

Name	Location	Date	Comment
			this should not be done at the expense of the very thing that gives South Australia an economic edge. The new planning regulations will destroy the character of the hills and in so doing destroy the identity and fabric of its communities. With this short-sighted destruction, the region will lose its attraction for international and interstate tourists. Our state will see a decline in visitor numbers as tourists look to the eastern seaboard where they can experience an equally ubiquitous holiday destination, without the time and expense of traveling to South Australia."
Margaret Clark	Australia	2020-02-26	"In support of family members living in this area"
Kerry Hallett	North Adelaide, Australia	2020-02-26	"Protecting the Adelaide Hills by preventing smaller block development is critical to maintaining the mature tree canopy, wild life habitat and the character and ambiance of the Adelaide Hills."
Jill McLatchie	One Tree Hill, Australia	2020-02-26	"I don't want to see old significant trees cut down"
Cameron Walters	Kew, Australia	2020-02-26	"I care"
Michael Miller	Aldgate, Australia	2020-02-26	"Its obvious that the Minister does not live in the Adelaide Hills otherwise he would see the lunacy of this idea. Knoll is a disaster for the transport needs of his state."
Rebecca Witt	Australia	2020-02-26	"Townships in the Adelaide Hills need to remain exactly that — Townships. Allowing small subdivisions alters their character to suburbia."
Sharyn Ridgwell	Plympton Park, Australia	2020-02-26	"What is left of the Adelaide Hills should be preserved"
Cath Danz	Eden Hills, Australia	2020-02-26	"this is a broad approach which will doubtless have negative effects on the natural and socio-economic ecosystems of the affected areas"
Debra Turner	Australia	2020-02-27	"I live in Oakbank and moved here because of the many trees not the many houses!"
Chris Day	Upper Sturt, SA, Australia	2020-02-27	"The different planning rules for specific areas such as the Adelaide hills are there for a reason."
jo rowe	Australia	2020-02-27	"Trees mean life for all beings."
Claire MacLennan	Australia	2020-02-27	"I live in the hills and care about our native wildlife."
Julie Sheehan	Adelaide, Australia	2020-02-27	"I want to see the beautiful character of the Adelaide Hills and it's village communities preserved!"
Michael Langton	Australia	2020-02-27	"I live in Aldgate and don't wish our habitat for native birds and animals to be destroyed by excessive development and lose the character of the area for future generations. Once lost never regained."

Name	Location	Date	Comment
Carol Bryan	Australia	2020-02-27	"I'm signing this petition because there are too many sub-divisions minus trees, plants and lawns, where does everyone"
libby jones	Australia	2020-02-27	"These beautiful areas need to be protected against over population, and the destruction of our peaceful piece of paradise up in this area"
Pauline Hurren	Crafers, Australia	2020-02-27	"I am appalled at the lack of understanding the planning law makers have in putting decision making into the hands of one authority so taking away the power of local councils to decide what is best for their region."
Carmel Walsh	Australia	2020-02-27	"We need to protect the sole reason many of us live in the beautiful Adelaide hills!"
Steven Poulton	Port Augusta, Australia	2020-02-27	"We need to be working with the environment not against it"
Christine Feinle-Bisset	Australia	2020-02-27	"I am signing because I am very concerned that the watering down of planning regulations will be detrimental to the character of our local Adelaide Hills environment."
mary house	Australia	2020-02-27	"I live in the area and do not want to see this sort of subdivision"
a R	Adelaide, Australia	2020-02-27	"We moved out of the suburbs to be on land but now smaller and smaller house blocks are being built in bigger and bigger housing developments and on prime agricultural land, destroying trees and native bush in the process."
Mair MacDermott	Adelaide South Australia, Armed Forces Americas (except Canada), US	2020-02-27	"The valued character of the area will be lost, the fauna and flora that depend on the environment will suffer and effect of bushfires will be increased."
Robert Gainer	Stirling, Australia	2020-02-27	"I am signing because I am very concerned that the introduction of these new planning regulations will destroy the character of our local Adelaide Hills towns."
Michael Burden	Oxford, England, UK	2020-02-27	"Another shortsighted outrage."
Julie Gates	Australia	2020-02-27	"To much character,greenery and play space has been lost to modern infills."
Jen Pitman	Australia	2020-02-27	"An increase in subdivisions will result in an increase in native vegetation removal and loss of species into he Adelaide Hills - one of Australia's Biodiversity hotspots. Habitat must be protected by reducing land subdivision. And additional residents should not be encouraged to live in this extreme fire danger area, it would contribute to congestion on roads during emergencies and put unnecessary pressure on CFS."

Adam Menzell	Adelaide, Australia	2020-02-27	"Because tim deed for mayor"
Kathi Ashman	Australia	2020-02-27	"The need to protect trees and wildlife has never been more important. There are other ways of allowing increased population than destroying the reason people want to come to the area."
Bianca Chenoweth	Aberfoyle Park, Australia	2020-02-27	"Subdividing = less vegetation = climate issues, looks bad, changes the character, loss of habitat and more negative things. Buildings should go up, not out."
anne Dowbnia	Australia	2020-02-27	"This ruins a beautiful environment just for the sake of a select few greedy, materialistic scumbags. It is just short term thinking and extremely devaluing of our valuable asset."
Jessemy James	Crafers, Australia	2020-02-27	"We really need to stop all this crazy development and subdivision in the hills. It's so sad what's happening. Moving back here after quite some time away has been eye opening and frustrating."
Ben Roylance	Australia	2020-02-27	"Mt barker should stay a small country town"
Jayne Pyke	Australia	2020-02-27	"This will have a terrible impact on wildlife. We've suffered enough with the bushfires."
Melissa Mayman	Adelaide, Australia	2020-02-27	"Our precious hills environment needs to be protected from the greedy environmental vandals who care only about money and not the long term repercussions that these changes will have on the towns, landscape, environment and peoples lifestyles .Please do the right thing and dont mess with such a fragile and precious location for such short term gain"
Janet Russell	Doonside, Australia	2020-02-27	"Because the Adelaide Hills are critical for our wildlife and for our quality of life. We don't want a whole lot of tiny blocks, house roofs almost touching, with no parking anywhere, covering the most beautiful areas of South Australia. The SA government is out of step with the wishes of the people"
Meredith Dennis	East Brisbane, Australia	2020-02-27	"More subdivisions means more houses more cars less trees less animal what is wrong with these councils and State Government.You are elected by the people not a few wealthy developers do you jobs!"
Vivien Loo	Australia	2020-02-27	"Changes to the Planning Code will destroy the soul and character of our state. Developers will destroy our neighbourhoods."
Anna Cavanagh	Brisbane, Australia	2020-02-27	"This will heavily impact the natural environment in this area as well as create an overcrowding situation of too many residences being built in a small area"

Name	Location	Date	Comment
Steve Tunstill	Australia	2020-02-27	"More crap from the SA Government which will allow developers to remove native vegetation and wipe out more species."
Suzanne Leonard	Australia	2020-02-27	"I'm signing because, not only am I wanting to continue to enjoy the natural beauty of this area as a local resident, but because I am concerned about how much of our natural environment is being eroded by development, contributing further to climate change AND that more people and assets in this area puts more stress on the available infrastructure in case of emergency."
Emma Martin	Australia	2020-02-27	"The small towns of the hills don't have the infrastructure to cope. Mt Barker is a good example."
Tracy Bates	Adelaide, Australia	2020-02-27	"I don't want to live in a place with no trees or history"
Michelle Wheaton	Australia	2020-02-27	"Adelaide Hills Council should be able to control the planning policy for this area! The State Government is too open to lobbying and the highest dollar. Not happy about this news!"
Mark Laws	Adelaide, Australia	2020-02-27	"I don't want the hills to lose their identity"
Nicole Gordon	Adelaide, Australia	2020-02-27	"Leave the hills alone. Do not want sub-dividing in the hills.Sick of greediness."
