Subject: Concern /objection regarding Linden park to be rezoned to a general neighbourhood
Date: Friday, 28 February 2020 1:39:43 PM

Hi

We are the residents of 33 Beatty street Linden park and we are writing this email as we express our objection regarding Linden park to be rezoned from a suburban neighbourhood zone to a general zone.

We are absolutely shocked to hear about this sort of planning , as we are aware of the impacts of the above zoning such as more street and traffic congestions, reduction in green spaces and increase n pollution.

We are totally against the above proposal and we request you tp keep Linden park a suburban neighbourhood zone.

Kind regards

Rumit Murawala & Bicky Abraham

Linden Park
