**Q14** Please enter your general feedback here

Concern re multi-storey / high-density buildings in urban areas which result in increased traffic, loss of heritage appearance, loss of green space, increased parking and crowded public transport. Protection should be given to historic/ heritage buildings. Local residents should be consulted about all new developments in their area. Building heights should be limited to two storeys in urban areas where the majority of buildings are two storeys or less. Importance of preserving /providing trees and green areas for open spaces for residents' well-being and reduction in ambient temperature.
