

# Planning and Design Code

Version 2024.6

Date of Adoption: 4 April 2024

## Part 1 - Rules of Interpretation

This Part sets out how the Planning and Design Code (the Code) implements the requirements of section 66 of the *Planning, Development and Infrastructure Act 2016* (the Act), instructs the user on how the Code is to be read and applied to development assessed under the Act, and provides for other matters relevant to the interpretation and operation of the Code.

### Introduction

Section 65 of the Act provides that there must be a *Planning and Design Code* and that the State Planning Commission (the Commission) is responsible for preparing and maintaining the Code as a statutory instrument under the Act. The Code, and any amendments to the Code, as published on the SA planning portal, have been adopted by the Minister.<sup>1</sup>

As provided by section 66 of the Act, the primary purpose of the Code is to set out a comprehensive set of policies, rules and classifications which may be selected and applied in the various parts of the State, through the operation of the Code and the SA planning database, for the purposes of development assessment and related matters within the State.<sup>2</sup>

The Code also provides for other matters envisaged by the Act, and regulations made under the Act.

### Commencement and amendments

The commencement date for the Code was 1 July 2019.

The initial version of the Code applied to those parts of the State outside council areas under transitional arrangements put in place to provide for the staged commencement of development assessment under the new Act in place of the *Development Act 1993*.<sup>3</sup>

The second version of the Code extends to regional areas of the State under the transitional arrangements.

The processes associated with initiating and making amendments to the Code are mainly set out in section 73 of the Act. One important feature is consultation under the Community Engagement Charter, and other consultation that may be required by the Commission, in connection with a particular amendment proposal.

An amendment to the Code does not have effect unless and until it is approved by the Minister. The approval process includes a report to the Minister about the processes undertaken in connection with developing the proposed amendment and certification as to the accuracy of information presented or provided to the Minister for the purposes of gaining approval.

Any amendments, once approved, are published on the SA planning portal. Electronic publication of an up-to-date version of the Code is a key feature of the scheme under the Act, and is supported by a number of related features and processes that facilitate the operation and application of the Code for the purposes of development assessment.<sup>4</sup>

Information about amendments to the Code is set out in Part 13 - Table of Amendments.

### Major features of the Code

#### The Code Library

The Code incorporates a scheme that collates and organises its policies and rules for development classification and assessment into zones, subzones, overlays and general development policies. Together, these components of the Code form a library of policies (the "Code Library"). The policies that make up the library have no application in their own right, but apply depending on the class of development and spatial location under the scheme that is outlined in this Part.

#### Classification of development

The Code divides development into 3 categories of development depending on whether it is classified under the Code as:

- (a) accepted development (see section 104(1) of the Act); and
- (b) deemed-to-satisfy development (see section 105(a) of the Act); and
- (c) restricted development (see section 108(1)(a) of the Act)<sup>5</sup>.

All development is classified firstly by reference to its location and the zone, subzone and overlays that are applicable to the location. Classification tables applicable to each zone identify development as accepted development, deemed-to-satisfy development or restricted development.<sup>6</sup>

##### Accepted development

Each zone contains a table - Table 1 - which specifies classes of development which will be classified as 'accepted development' under section 104 of the Act in that zone if all of the corresponding criteria in the table are satisfied.

Accepted development does not require planning consent.

##### Deemed-to-satisfy development

Each zone contains a table - Table 2 - which specifies classes of development which will be classified as "deemed-to-satisfy development" under section 106 of the Act in that zone if all of the corresponding criteria in the table are satisfied, insofar as they are relevant to the nature of the particular development.

Section 106(2) of the Act specifies that if a relevant authority is satisfied that development is deemed-to-satisfy development except for 1 or more minor variations, the relevant authority must assess it as deemed-to-satisfy development.

Deemed-to-satisfy development must be granted planning consent subject to the requirements of section 106 of the Act and therefore does not require assessment against the policies and rules applicable to performance assessed development.

##### Restricted development

Each zone contains a table - Table 4 - which specifies classes of development which will be categorised as "impact assessed development" and classified as "restricted development" under section 108 of the Act, subject to any exclusions specified in the table.

The Commission is the relevant authority for restricted development.

All policies and rules relative to the spatial location of proposed restricted development, together with all general development policies, are applicable and may be determined by the Commission to be relevant for the purposes of a restricted development under section 110(10) of the Act (but the Commission is not bound by those provisions).

#### Performance assessed development

All development not classified as accepted, deemed-to-satisfy, restricted or impact assessed development will be categorised as code assessed development and classified as "performance assessed development" under sections 105(b) and 107 of the Act, and will be assessed on its merits against the Code as contemplated by section 107 of the Act.

## Application of Policies to Performance Assessed Classes of Development

The Code applies policies to performance assessed development through an Applicable Policies for Performance Assessed Development Table relative to each zone - Table 3.

In particular, for each zone, Table 3 specifies the policies and rules that apply to classes of development within the zone, including by the application of policies within subzones and overlays (applies only in the area affected by the subzone/overlay), together with the relevant general development policies. Table 3 also contains rules for application of the policies, including rules relating to the application of Desired Outcome policies and Designated Performance Features.

The policies specified in Table 3 constitute the policies applicable to the particular class of development within the zone to the exclusion of all other policies within the Code, and no other policies are applicable.

Development that does not fall within one of the specified classes of development in Table 3 will be designated in the table as "All Other Code Assessed Development". To assess such development, all policies from the zone and subzone, and all policies in overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

For the purposes of section 102 of the Act, the relevant authority must assess the development against the applicable policies specified by Table 3 that are relevant to the particular development. For the avoidance of doubt, the relevant authority may determine that one or more of the listed policies are not relevant to a particular development.

## Determination of Classes of Development

The Classification and Procedural Matters tables in the Code list classes of development (in the left-hand column). Unless otherwise specified in another class of development in that table, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

If a proposed development comprises more than one element or more than one class (or form) of development, each of the applicable listed classes of development is relevant. This means that:

- (a) for the purposes of assessment - all applicable policies and criteria must be considered by the relevant authority for the purposes of section 102 of the Act; and
- (b) for the purposes of procedural matters - any development that comprises more than one of the listed classes of development may trigger more than one relevant procedure.<sup>7</sup>

Subject to the preceding paragraph, if there are two or more classes of development listed in a particular table that relate to a proposed development, the class of development that most closely corresponds to the nature of the development (after considering the substance of the development) applies. This is subject to the need to make a practical and realistic assessment of proposed development, and to consider the proper construction of the relevant parts of the Code, in the event of any inconsistency between two classifications as they apply to proposed development.

## Policies - Desired Outcomes and Performance Outcomes

Zone, subzone, overlay and general development policies are comprised of desired outcomes (DOs) and performance outcomes (POs). These are applicable to performance assessed development and to restricted development.

### Desired outcomes

Desired outcome are policies designed to aid the interpretation of performance outcomes by setting a general policy agenda for a zone, subzone, overlay or general development policies module. Where a relevant authority is uncertain as to whether or how a performance outcome applies to a development, the desired outcome(s) may inform its consideration of the relevance and application of a performance outcome, or assist in assessing the merits of the development against the applicable performance outcomes collectively.

### Performance outcomes

Performance outcomes are policies designed to facilitate assessment according to specified factors, including land use, site dimensions and land division, built form, character and hazard risk minimisation.

### Designated performance features

In order to assist a relevant authority to interpret the performance outcomes, in some cases the policy includes a standard outcome which will generally meet the corresponding performance outcome (a *designated performance feature* or DPF). A DPF provides a guide to a relevant authority as to what is generally considered to satisfy the corresponding performance outcome but does not need to necessarily be satisfied to meet the performance outcome, and does not derogate from the discretion to determine that the outcome is met in another way, or from the need to assess development on its merits against all relevant policies.

## Technical and Numeric Variations

The Code has facilities that set or determine various technical and/or numeric requirements in relation to specified classes of development.<sup>8</sup>

Section 66(4) of the Act provides that the Code may include provisions that provide for the adaptation of the rules that apply in relation to a specified zone or subzone or as an overlay to provide for necessary and appropriate local variations in specified circumstances. The requirements specified or reflected in technical or numeric variations form part of the planning rules to apply to the assessment of development, as relevant, through the classification tables and other provisions that make reference to these matters in specified circumstances. In varying a particular policy, these specific provisions or policies may be spatially applied without the need for the Code to apply the specific policy through a separate zone, subzone or overlay.

One type of adaption of the rules is a variation of a technical or numeric requirement that would otherwise apply under a zone, subzone or overlay that applies to a particular location.<sup>9</sup> A technical or numeric variation of a technical or numeric requirement operates within parameters specified in the Code and is spatially applied through the operation of the Code and its interaction with the SA planning database.

## Hierarchy of Policies/Modification of Provisions

If there is an inconsistency between provisions in the relevant policies for a particular development, and for the purpose of section 66(3)(b) of the Act, the following rules will apply to the extent of any inconsistency between policies:

- (a) the provisions of an overlay will prevail over all other policies applying in the particular case; and
- (b) a subzone policy will prevail over a zone policy or a general development policy; and
- (c) a zone policy will prevail over a general development policy.

This hierarchy is represented by the following diagram.

## Procedural Matters

The zones, subzones, overlays and general development policies may contain sections headed "Procedural matters". Material in these sections provide for various procedural and related matters under the Act and regulations<sup>10</sup>, such as some exclusions from the requirement to notify certain applications for planning consent, and referrals to prescribed bodies.

## Notification of applications for planning consent

A table headed 'Notification' in the section of a policy relating to procedural matters specifies classes of development to be assessed under section 107 of the Act which are excluded from the requirement to give notice of an application for planning consent under section 107(3) and (4).<sup>11</sup> The table may also specify cases where notice need not be given to members of the public by a notice placed on the relevant land under regulation 47(6)(a) of the *Planning, Development and Infrastructure (General) Regulations 2017*.

## Interpretation of Notification Tables

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

## Referrals

The Code also interacts with regulation 41 and Schedule 9 of the *Planning, Development and Infrastructure (General) Regulations 2017* for the purposes of section 122 of the Act. Schedule 9 prescribes classes of development that must be referred to a body prescribed in Schedule 9.

"Referral" tables in various parts of the Code specify classes of development to which an item in the table in clause 3 of Schedule 9 applies, identified by reference to the prescribed referral body.<sup>12</sup>

A "Referrals" table also identifies the purpose of a particular referral (that being a matter that is considered by the Commission under section 66(2)(e)(ii) of the Act as being appropriate to include in the Code).

In relation to development that is to be assessed under section 107 of the Act, if policies from a particular overlay are not listed within the 'Applicable Policies' in Table 3 for that class of development, any referral within that overlay will not apply to that class of development.

## Other matters specified by the Code

Part 5 sets out areas and matters that are specified or identified for various matters under the Act or associated regulations.

## Definitions of land use and land use classes

Part 7 sets out definitions of land use for the purposes of section 66(2)(c) of the Act.

## Local heritage places

This part of the Planning and Design Code designates places as places of local heritage value for the purposes of section 67 of the Act. Local heritage places are also listed in the South Australian Heritage Register established under the *Heritage Places Act 1993*. However, as local heritage places are established under the *Planning, Development and Infrastructure Act 2016*, if there is any inconsistency between the Register and the Local Heritage Places listed in Part 11 of the Planning and Design Code, an entry in Part 11 of the Planning and Design Code will prevail to the extent of any inconsistency.

## State heritage places

State heritage places listed in Part 11 are a point in time reference to places that are registered (or provisionally listed) as State Heritage Places under the *Heritage Places Act 1993*. As the *Heritage Places Act 1993* operates separately to the *Planning, Development and Infrastructure Act 2016* and the Planning and Design Code, reference to the Register established under the *Heritage Places Act 1993* (the [South Australian Heritage Register](#)) will be made to determine if a State Heritage Place exists on land forming part of a development application and the extent to which it applies. If there is any inconsistency between the Register and the State Heritage Places listed in Part 11 of the Planning and Design Code, an entry in the Register will prevail to the extent of any inconsistency.

## Regulated and significant trees

Part 10 makes declarations for the purposes of the definition of regulated tree(s) and the definition of significant tree(s) under the Act.

## Spatial Information and Electronic Databases and Files

The spatial boundaries of zones, subzones and overlays, as they apply in relation to the various parts of the State, are determined through the operation of the Code and may be accessed through the SA planning database.

In particular, the Code spatially applies the zones, subzones and overlays to the various parts of the State. This application results in spatial layers that show the location of the zones, subzones and overlays and, accordingly, applies the policies, rules and other information that are relevant to any specific place within the State. This feature of the Code operates through data that is housed in multiple databases and electronic files. These databases and files interact to produce data that accurately shows the spatial application of the policies, rules and other relevant information within the Code, combining textual information with spatial information.

This electronic feature of the Code works in conjunction with the SA planning database under section 49 of the Act, so that the spatial boundaries of any zone, subzone or overlay, and accordingly relevant textual information, may be accessed and applied through the SA planning database.<sup>13</sup>

The Code and the SA planning database in turn operate in conjunction with the South Australian Property and Planning Atlas (SAPPA) and other related databases and systems and services. The data in SAPPA defines the spatial extent and boundaries of the zones, subzones and overlays established by the Code. This spatial data is developed, maintained, securely stored and delivered through information systems established and maintained by the Department. This functionality allows spatial data and textual data to be brought together in the SA planning database, and in the Code as published on the SA planning portal.

The status of the SA planning database is further supported by any standards established by the Commission under section 51 of the Act and, importantly, section 52 of the Act supports the electronic publication of statutory instruments, including the Code. A version of the Code, published on that part of the SA planning portal that states that instruments published on that part are certified by the Chief Executive of the Department under section 52(1) of the Act, is able to be presumed (in the absence of proof to the contrary) to be a complete and accurate record of the statutory instrument (as amended from time to time and as in force at a specified day).<sup>14</sup> In addition, any information produced on the SA planning database as to the application of planning policies, rules and information to a specified place within the State (as envisaged by section 49(1) of the Act) will be presumed, in the absence of proof to the contrary, to be accurate and correct (and may be relied on for the purposes of the Act).<sup>15</sup>

Furthermore, as part of the SA planning portal and in connection with the SA planning database, the online atlas under section 50 of the Act provides a search facility to search across the database that is relevant to the spatial application of the Code. The online atlas enables the viewing and searching of the spatial mapping feature of the Code, and enables viewing of the location of zones, subzones and overlays by reference to council areas. This feature may be viewed as replacing an aspect of the scheme under the *Development Act 1993*.

The official sources for planning spatial data under the *Development Act 1993* are the various hard copy maps of a Development Plan for a council area. With the implementation of the SAPPA and Online Planning and Design Code Enquiry (OPD) application, pre-defined and printed maps are no longer relevant or required. Rather, the scheme under the Act provides for the electronic publication of the Code, facilities to identify the policies, rules and information that apply to any place in the State, and the authorisation and verification of an electronic version of the Code as in force at any particular time.

## Cadastral Updates

The zones, subzones and overlays of the Code are referenced to the cadastral boundaries shown in SAPPA. In the majority of cases a zone, subzone or overlay boundary is directly aligned with a cadastral boundary. In the case of roads the zone, subzone or overlay boundaries are often aligned with the centreline of that road.

When cadastral boundaries are resurveyed and amended by the Surveyor-General there are often boundaries that are, as a result, found to be incorrectly spatially located and as a result of the re-survey, are represented in SAPPA in a different geographic location.

Where the spatial application of the boundary of a zone, subzone or overlay is directly aligned or linked with the cadastre (being a parcel boundary or some other point or position within a parcel) and the cadastre is amended by the Surveyor-General resulting in the movement of a cadastral boundary, the spatial application of the boundary of the zone, subzone or overlay will also move proportionate with the amended cadastre. This ensures that the existing approved spatial application of the boundary of the zone, subzone or overlay with the cadastre is maintained.

## Ministerial Determinations

1. Pursuant to section 71(e) of the Act and subject to subclause (2), the Minister may alter the spatial application of an overlay referred to in column 1 of the table set out at the end of this clause if the Minister is satisfied that the alteration is an update described in column 2 of the table.
2. An alteration under subclause (1) may take effect by:

- (a) the Minister publishing or specifying a new map or maps that satisfy any requirements specified by the Chief Executive or Commission under section 49 or 51 of the Act; and
- (b) the Minister ensuring that the map or maps will form part of the SA planning database; and
- (c) the Minister ensuring that notification of the alteration is:
  - (i) published on the SA planning portal; and
  - (ii) included in the table in Part 13.

Table

| Overlay                                   | Nature of Updates   |
|---|---|
| Advertising Near Signalised Intersections | The overlay may be updated due to the creation, alteration or removal of a signalised intersection on a State Maintained Road.  |
| Future Local Road Widening                | The overlay may be updated due to a new plan of division deposited in the Land Titles Office that affects one or more existing allotments in the overlay.<br>Note: The Minister should consider not using this process if the change is due to a council seeking road widening in 2 or more locations.  |
| Future Road Widening                      | The overlay may be updated due to: <ul style="list-style-type: none"> <li>(a) an update to the Metropolitan Adelaide Road Widening Plan; or</li> <li>(b) a new plan of division deposited in the Land Titles Office that affects one or more existing allotments in the overlay.</li> </ul>   |
| Heritage Adjacency                        | The overlay may be updated due to: <ul style="list-style-type: none"> <li>(a) a change to the application of the Local Heritage Place Overlay or the State Heritage Place Overlay because of the creation, alteration or removal of a parcel containing a heritage item; or</li> <li>(b) a new plan of division deposited in the Land Titles Office that affects one or more existing allotments in the overlay.</li> </ul> |
| Key Outback and Rural Routes              | The overlay may be updated due to: <ul style="list-style-type: none"> <li>(a) the creation, alteration or removal of a State Maintained Road identified for the purposes of the overlay; or</li> <li>(b) a new plan of division deposited in the Land Titles Office that affects one or more existing allotments in the overlay.</li> </ul>   |
| Key Railway Crossings                     | The overlay may be updated due to the creation, alteration or removal of a railway crossing on a State Maintained Road.   |
| Major Urban Transport Routes              | The overlay may be updated due to: <ul style="list-style-type: none"> <li>(a) the creation, alteration or removal of a State Maintained Road identified for the purposes of the overlay; or</li> <li>(b) a new plan of division deposited in the Land Titles Office that affects one or more existing allotments in the overlay.</li> </ul>   |
| Non-Stop Corridors                        | The overlay may be updated due to: <ul style="list-style-type: none"> <li>(a) the creation, alteration or removal of a State Maintained Road identified for the purposes of the overlay; or</li> <li>(b) a new plan of division deposited in the Land Titles Office that affects one or more existing allotments in the overlay.</li> </ul>   |
| Traffic Generating Development            | The overlay may be updated due to the creation, alteration or removal of a major urban transport route or an urban transport route.   |
| Urban Transport Routes                    | The overlay may be updated due to: <ul style="list-style-type: none"> <li>(a) the creation, alteration or removal of a State Maintained Road identified for the purposes of the overlay; or</li> <li>(b) a new plan of division deposited in the Land Titles Office that affects one or more existing allotments in the overlay.</li> </ul>   |

## Interpretation

### Application of Spatially Based Policies and Rules

Where a zone, subzone, overlay or technical and numeric variation (TNV) does not spatially apply to the whole of a site that is the subject of the development application, the spatially based rules of the zone (including assessment pathway exclusions), subzone, overlay or TNV are only applicable to the portion of the site to which the zone, subzone, overlay or TNV spatially covers. Reference to the South Australian Property and Planning Atlas of the SA planning database will be made to determine whether a zone, subzone, overlay or TNV is relevant to the site of the proposed development application.

### Definitions and other rules of interpretation

A term used in the Code may have a meaning specifically assigned to that term by one of the following:

- (a) the *Planning, Development and Infrastructure Act 2016* (the Act);
- (b) the *Acts Interpretation Act 1915*;
- (c) the definitions in Parts 7 and 8 of the Code.

In the event a term has been assigned a meaning in more than one of the Code's parts (i.e., a zone, subzone, overlay, or general development policy), the meaning contained in the part that sits highest in the hierarchy of policies described above will prevail.

A reference in the Code to an Act includes a reference to any regulations or instrument made under that Act, and where an Act, regulation or instrument has been amended or replaced, if the context permits, includes a reference to the amended or replaced Act, regulations or instrument.

A reference in the Code to a specific resource document or standard, means the latest version of the resource document or standard.

Unless otherwise indicated, a reference in the Code to a Part, section or table is a reference to a Part, section or table of the Code.

---

### Footnotes

1

See especially Part 5 Division 2 Subdivision 5 of the Act in relation to the processes for the adoption and amendment of the Code.

2

The Chief Executive of the Department of Planning, Transport and Infrastructure is responsible for establishing and maintaining an electronic database (the SA planning database) that produces, by gaining access to-

- (a) the state planning policies; and
- (b) the Planning Rules; and
- (c) any relevant land management agreements; and
- (d) other instruments and documents as the Chief Executive thinks fit,

textual and spatial information that identifies the planning policies, rules and information that apply to specific places within the State under the Act. The SA planning database must be accessible on the SA planning portal.

3

See especially the *Planning, Development and Infrastructure (Transitional Provisions) Regulations 2017* Part 4.

4

A further explanation of aspects of these features is described in a later section of this Part.

5

Section 103(c) of the Act refers to a category of development called *impact assessed development*. Under section 108(1)(a) of the Act, the Code classifies various forms of impact assessed development as "restricted development" for the purposes of assessment under Part 7 Division 2 Subdivision 4 of the Act.

6

Any development that does not fall into a category established under this part of the scheme (and that is not otherwise to be assessed as "impact assessed development" under the Act), is development that is to be assessed on its merits under the Act and the Code.

7

This applies subject to provisions of the Act such as section 107(2)(a).

8

Part 6 of the Code sets out technical and/or numeric requirements and any relevant variations

9

See section 66(4)(a) of the Act.

10

The *Planning, Development and Infrastructure (General) Regulations 2017*.

11

Section 107(6) of the Act provides that the Code may exclude classes of development from the requirement to give notice of an application for planning consent to owners or occupiers of adjacent land, and to members of the public by notice placed on the relevant land.

12

Development that is within a class specified in a "Referrals" table must be referred to the prescribed referral body pursuant to section 122 of the Act.

13

The zones, subzones and overlays may be viewed as part of the SA planning portal at: <https://sappa.plan.sa.gov.au/>

The SA planning database is not the Code itself, but is rather a database which gains access to the Code and identifies the planning policies, rules and information that apply to specific places within the State.

14

See also regulation 7 of the *Planning, Development and Infrastructure (General) Regulations 2017*.

15

See section 52(2) of the Act.

## Part 2 - Zones and Sub Zones

### Adelaide Park Lands Zone

#### Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |   |
|-----------------|---|
| DO 1            | A unique publicly accessible and well connected open space system, including the formal city squares, that creates a distinctive landscaped park setting for the City of Adelaide.  |
| DO 2            | A range of passive and active recreational activities with a high-level of amenity, including a safe and connected walking and cycling network, natural areas, sporting fields and club facilities, formal cultural gardens, public artwork and passive recreation areas, as well as opportunities to support a variety of temporary events, such as festivals, concerts and sporting events. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome  | Deemed-to-Satisfy Criteria / Designated Performance Feature  |
|--|--|
| Land Use and Intensity   |  |
| PO 1.1<br>A diverse range of open space, recreation and sporting activities.   | DTS/DPF 1.1<br>Development comprises one or more of the following:<br><br>(a) Advertisement<br>(b) Conservation work<br>(c) Outbuilding associated with open space maintenance<br>(d) Recreation area<br>(e) Shop<br>(f) Special events<br>(g) Sporting field or club facility<br>(h) Structures associated with a public facility such as bike and vehicle parking, picnic / barbeque area, shelter and toilet. |
| PO 1.2<br>Shops in appropriate areas of the Adelaide Park Lands:<br><br>(a) provide a range of goods and services for the users of activities in the Adelaide Park Lands and where such goods and services are not otherwise conveniently located and<br>(b) positively contribute to Adelaide Park Lands activation and setting without being visually prominent.   | DTS/DPF 1.2<br>Shops (other than in the Aquatic Centre Subzone):<br><br>(a) are ancillary to a recreational use, club, sporting facility<br>(b) do not exceed 50m <sup>2</sup> in gross leasable floor space and<br>(c) do not increase the building footprint.  |
| PO 1.3<br>Community, cultural, tourism, shop or licensed premises located adjacent to the southern bank of the River Torrens between Montefiore Road and King William Road.  | DTS/DPF 1.3<br>None are applicable.  |
| PO 1.4<br>Community, cultural and tourism uses in association with the Torrens Training Depot and Parade Ground.   | DTS/DPF 1.4<br>None are applicable.  |
| PO 1.5<br>Special events in suitable locations and recreation uses of a temporary or transient nature limiting their impacts on the open and natural character of the Adelaide Park Lands.   | DTS/DPF 1.5<br>None are applicable.  |
| PO 1.6<br>The adaptive reuse of existing buildings to improve the design quality and appearance of the building, minimise the need to increase the building footprint and positively contribute to the cultural value, amenity and activation of the Adelaide Park Lands.  | DTS/DPF 1.6<br>None are applicable.  |
| PO 1.7<br>Other than in the Aquatic Centre Subzone, new buildings seek to minimise the building footprint on the landscaped and open setting of the Adelaide Park Lands and should only be considered where:<br><br>(a) the development is the replacement of an existing building and does not increase the overall building footprint<br>(b) the building design is contextual and of high-quality so that it complements its setting when viewed from all perspectives<br>(c) provides complementary recreation, sporting or tourism facilities that could not otherwise have been provided in the zone<br><br>and<br>(d) the building is designed to be multi-purpose and can be used by more than one user group. | DTS/DPF 1.7<br>None are applicable.  |
| PO 1.8<br>The redevelopment of existing buildings and structures within the following sites in a way   | DTS/DPF 1.8<br>None are applicable.  |

|  |   |
|--|---|
| <p>that is ancillary and complementary to existing uses including:</p> <ul style="list-style-type: none"> <li>(a) Adelaide Oval</li> <li>(b) Memorial Drive tennis precinct- formal sport related facilities</li> <li>(c) Torrens Lake - boating facilities</li> <li>(d) Adelaide High School - education and related facilities</li> <li>(e) National Wine Centre - tourism related facilities within the existing site boundaries</li> <li>(f) Adelaide Botanic Garden - restaurants, function facilities and passive recreation facilities</li> <li>(g) Adelaide Zoo - a range of tourism and visitor related facilities that add to the zoo as a key city attraction</li> <li>(h) Golf Course - club facilities and restaurants</li> <li>(i) West Terrace Cemetery - chapel, visitor and interpretative centre and operational facilities</li> <li>(j) North Adelaide Train Station - rail services facilities</li> <li>(k) Victoria Park Grandstand.</li> </ul> |   |
| <p>PO 1.9<br/>Development of public infrastructure is appropriate:</p> <ul style="list-style-type: none"> <li>(a) within existing roads, railway corridors or the O-Bahn corridor where it does not create any additional impact on the amenity of the Adelaide Park Lands</li> <li>(b) where it facilitates safe, connected pedestrian and cycle movement</li> <li>(c) where it facilitates the treatment and/or management of stormwater in a passive and natural landscaped setting.</li> </ul>   | <p>DTS/DPF 1.9<br/>None are applicable.</p> |

| Fencing  |  |             |   |  |  |
| <p>PO 6.1</p> <p>Fencing is open so that Adelaide Park Lands character is maintained, and maintains public access.</p>   | <p>DTS/DPF 6.1</p> <p>None are applicable.</p>   |             |   |  |  |
| Concept Plans  |  |             |   |  |  |
| <p>PO 7.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 7.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: center;">Description</th> </tr> </thead> <tbody> <tr> <td>Concept Plan 79 - Primary Pedestrian Area</td> </tr> <tr> <td>Concept Plan 125 - City Riverbank - West</td> </tr> <tr> <td>Concept Plan 132 - Adelaide Aquatic Centre</td> </tr> </tbody> </table> <p>In relation to DTS/DPF 7.1, in instances where:</p> <p>(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.</p> <p>(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 7.1 is met.</p> | Description | Concept Plan 79 - Primary Pedestrian Area | Concept Plan 125 - City Riverbank - West | Concept Plan 132 - Adelaide Aquatic Centre |
| Description  |  |             |   |  |  |
| Concept Plan 79 - Primary Pedestrian Area  |  |             |   |  |  |
| Concept Plan 125 - City Riverbank - West   |  |             |   |  |  |
| Concept Plan 132 - Adelaide Aquatic Centre   |  |             |   |  |  |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development  | Accepted Development Classification Criteria  |
|---|---|
| <p>Building alterations</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | <p>1. The alteration does not:</p> <p>(a) increase the floor area of the building</p> <p>(b) exceed the existing wall height</p> <p>(c) exceed the existing overall building height</p> <p>(d) alter the roof profile</p> <p>(e) alter an approved privacy screening arrangement or window treatment 10</p> |

|  |  |
|--|--|
|  | <ol style="list-style-type: none"> <li>Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.</li> </ol>  |
| Essential infrastructure   | <ol style="list-style-type: none"> <li>The development does not include health, education or community facilities, police, justice or emergency services facilities.</li> </ol>  |
| Fence and retaining wall structure<br>Except where any of the following apply: <ul style="list-style-type: none"> <li>Hazards (Flooding) Overlay</li> <li>Local Heritage Place Overlay</li> <li>River Murray Flood Plain Protection Area Overlay</li> <li>River Murray Tributaries Protection Area Overlay</li> <li>State Heritage Area Overlay</li> <li>State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>The retaining wall retains a difference in ground levels not exceeding 1.5 metres (measured from the lower of the 2 adjoining finished ground levels).</li> <li>The total combined height of the fence and retaining wall structure is less than 3.3 metres in height (measured from the lower of the 2 adjoining finished ground levels)</li> <li>The structure is located behind the building line of the associated dwelling and any dwelling on adjoining land.</li> <li>The structure is not located on a secondary street boundary.</li> <li>The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas</li> </ol>   |
| Partial demolition of a building or structure<br>Except where any of the following apply: <ul style="list-style-type: none"> <li>Historic Area Overlay</li> <li>Local Heritage Place Overlay</li> <li>State Heritage Area Overlay</li> <li>State Heritage Place Overlay</li> </ul>   | None   |
| Shade sail<br>Except where any of the following apply: <ul style="list-style-type: none"> <li>Future Local Road Widening Overlay</li> <li>Future Road Widening Overlay</li> <li>Historic Area Overlay</li> <li>Local Heritage Place Overlay</li> <li>State Heritage Area Overlay</li> <li>State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>Shade sail consists of permeable material</li> <li>The total area of the sail - does not exceed 40m<sup>2</sup></li> <li>No part of the shade sail will be:                             <ol style="list-style-type: none"> <li>3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment</li> <li>5m above ground or floor level (depending on where it is situated) within any other part of the allotment</li> </ol> </li> <li>Primary street setback - at least as far back as the building line of the building to which it is ancillary</li> <li>If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 8m</li> <li>In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary</li> <li>Does not involve the clearance of native vegetation</li> <li>The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol> |
| Solar photovoltaic panels (roof mounted)<br>Except where any of the following apply: <ul style="list-style-type: none"> <li>Local Heritage Place Overlay</li> <li>State Heritage Area Overlay</li> <li>State Heritage Place Overlay</li> </ul>   | <ol style="list-style-type: none"> <li>The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof</li> <li>Panels and associated components do not overhang any part of the roof</li> <li>Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system</li> <li>If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.</li> </ol>  |
| Stormwater infrastructure within the Adelaide Aquatic Centre Subzone<br>Temporary buildings and structures within the Adelaide Aquatic Centre Subzone  | None   |
| Temporary buildings and structures within the Adelaide Aquatic Centre Subzone  | <ol style="list-style-type: none"> <li>The development is related to construction activities</li> <li>The development includes one or more of the following:                             <ol style="list-style-type: none"> <li>site offices</li> <li>gantries</li> <li>temporary fencing</li> <li>hoarding and scaffolding</li> <li>other temporary construction related buildings or structure.</li> </ol> </li> </ol>   |
| Temporary car parking facilities within the Adelaide Aquatic Centre Subzone  | <ol style="list-style-type: none"> <li>The development provides temporary car parking during construction or demolition works using existing entry and exit points (or entry and exit points with a valid planning consent).</li> </ol>  |
| Temporary public service depot<br>Except where any of the following apply: <ul style="list-style-type: none"> <li>Hazards (Flooding) Overlay</li> <li>Local Heritage Place Overlay</li> <li>Major Urban Transport Routes Overlay</li> <li>State Heritage Place Overlay</li> <li>Traffic Generating Development Overlay</li> <li>Urban Transport Routes Overlay</li> </ul>                        | <ol style="list-style-type: none"> <li>Occupies land for no longer than 3 months</li> <li>Ensures litter and water are contained on site</li> <li>Provides temporary security fencing around the perimeter of the site.</li> </ol>   |
| Water tank (underground)<br>Except where any of the following apply:   | <ol style="list-style-type: none"> <li>The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> </ol>   |

- Coastal Areas Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Ramsar Wetlands Overlay

2. The tank (including any associated pump) is located wholly below the level of the ground
3. Does not involve the clearance of native vegetation.

**Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development   | Deemed-to-Satisfy Development Classification Criteria |  |   |  |
|--|---|--|---|--|
|  | Zone  | General Development Policies   | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay)  |
| Advertisement<br>Except where any of the following apply: <ul style="list-style-type: none"> <li>• Character Preservation District Overlay</li> <li>• Heritage Adjacency Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Non-stop Corridor Overlay</li> <li>• Significant Landscape Protection Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | Advertisements<br>DTS/DPF 4.2                         | Advertisements [Appearance]<br>DTS/DPF 1.1, DTS/DPF 1.2, DTS/DPF 1.3, DTS/DPF 1.4<br><br>Advertisements [Proliferation of Advertisements]<br>DTS/DPF 2.3<br><br>Advertisements [Advertising Content]<br>DTS/DPF 3.1<br><br>Advertisements [Amenity Impacts]<br>DTS/DPF 4.1<br><br>Advertisements [Safety]<br>DTS/DPF 5.1, DTS/DPF 5.2, DTS/DPF 5.3, DTS/DPF 5.4, DTS/DPF 5.5, DTS/DPF 5.6<br><br>Clearance from Overhead Powerlines<br>DTS/DPF 1.1<br><br>Infrastructure and Renewable Energy Facilities [Wastewater Services]<br>DTS/DPF 12.2 | None  | Advertising Near Signalised Intersections Overlay [Advertisements Near Signalised Intersections]<br>DTS/DPF 1.1<br><br>Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form]<br>DTS/DPF 1.1<br><br>Airport Building Heights (Regulated) Overlay [Built Form]<br>DTS/DPF 1.1<br><br>Building Near Airfields Overlay<br>DTS/DPF 1.3<br><br>Defence Aviation Area Overlay [Built Form]<br>DTS/DPF 1.1<br><br>Future Road Widening Overlay [Future Road Widening]<br>DTS/DPF 1.1<br><br>Gateway Overlay [Advertisements]<br>DTS/DPF 4.1<br><br>Native Vegetation Overlay [Environmental Protection]<br>DTS/DPF 1.1<br><br>State Significant Native Vegetation Areas Overlay [Environmental Protection]<br>DTS/DPF 1.1 |

**Table 3 - Applicable Policies for Performance Assessed Development**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies              |   |   |   |
|----------------------|----------------------------------|---|---|---|
|                      | Zone                             | General Development Policies  | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay)   |

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions     |
|----------------------|----------------|
| None specified       | None specified |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| Class of Development (Column A)  | Exceptions (Column B)  |
|--|--|
| 1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.  | None specified.  |
| 2. Any kind of development where the site of the development is <b>not</b> adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone.   | Except any of the following: <ol style="list-style-type: none"> <li>the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)</li> <li>the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).</li> </ol> |
| 3. Any development involving any of the following (or of any combination of any of the following): <ol style="list-style-type: none"> <li>air handling unit, air conditioning system or exhaust fan</li> <li>advertisement</li> <li>conservation work</li> </ol> | None specified.  |

|  |   |
|--|---|
| <ul style="list-style-type: none"> <li>(d) deck</li> <li>(e) fence</li> <li>(f) internal building work</li> <li>(g) land division</li> <li>(h) outbuilding</li> <li>(i) pergola</li> <li>(j) private bushfire shelter</li> <li>(k) recreation area</li> <li>(l) retaining wall</li> <li>(m) shade sail</li> <li>(n) solar photovoltaic panels (roof mounted)</li> <li>(o) special events</li> <li>(p) sporting field or club facility</li> <li>(q) structures associated with a public facility such as bike and vehicle parking, picnic / barbeque area, shelter and toilet</li> <li>(r) swimming pool or spa pool and associated swimming pool safety features</li> <li>(s) temporary public service depot</li> <li>(t) verandah</li> <li>(u) water tank.</li> </ul> |   |
| <p>4. Demolition.</p>  | <p>Except any of the following:</p> <ol style="list-style-type: none"> <li>1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)</li> <li>2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).</li> </ol> |
| <p>5. Railway line.</p>  | <p>Except where located outside of a rail corridor or rail reserve.</p>   |
| <p>6. Shop.</p>  | <p>Except shop that does not satisfy Adelaide Park Lands Zone DTS/DPF 1.2.</p>  |

**Placement of Notices - Exemptions for Performance Assessed Development**

None specified.

**Placement of Notices - Exemptions for Restricted Development**

None specified.

**Adelaide Aquatic Centre Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |  |
|-----------------|--|
| DO 1            | A recreation precinct that is a destination for quality leisure, recreation, health and wellness, and sport. |
| DO 2            | Exemplary buildings that are respectful of the National Heritage Values of the Adelaide Park Lands.          |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome   | Deemed-to-Satisfy Criteria / Designated Performance Feature  |

|  | <p>an indoor recreation facility.</p> <p>Shops are:</p> <p>(a) ancillary to a recreational use, club or sporting facility and do not exceed 50m<sup>2</sup> in gross leasable floor space<br/>or</p> <p>(b) under the main roof of an indoor recreation facility that accommodates swimming, recreation and wellness facilities.</p> |
| <p>PO 1.4</p> <p>Redevelop the Return to Park Lands Area, as shown on Concept Plan 132 Adelaide Aquatic Centre, for multipurpose ovals (soccer/cricket) and outdoor passive and active recreation, sport and /or ancillary uses.</p> | <p>DTS/DPF 1.4</p> <p>None are applicable.</p>   |
| Design and Siting  |  |
| <p>PO 2.1</p> <p>Buildings are fit for purpose while minimising the building footprint on the landscaped and open setting of the Adelaide Park Lands.</p>  | <p>DTS/DPF 2.1</p> <p>None are applicable.</p>   |
| <p>PO 2.2</p> <p>Buildings are designed to be viewed from all perspectives and have strong connections to land within the surrounding precinct.</p>  | <p>DTS/DPF 2.2</p> <p>None are applicable.</p>   |
| <p>PO 2.3</p> <p>Development is responsive to and is enhanced by its landscape setting.</p>  | <p>DTS/DPF 2.3</p> <p>None are applicable.</p>   |
| <p>PO 2.4</p> <p>Provide tree planting along key pedestrian and cycle pathways to enhance amenity and legibility.</p>  | <p>DTS/DPF 2.4</p> <p>None are applicable.</p>   |
| Car Parking  |  |
| <p>PO 3.1</p> <p>Provide adequate on-site car parking taking into account the availability of on-street parking, public transport access, walking and cycling connections, and the availability of shared parking arrangements.</p>  | <p>DTS/DPF 3.1</p> <p>None are applicable.</p>   |
| <p>PO 3.2</p> <p>Minimise the extent and impact of car parking on the Adelaide Park Lands through landscaping and other design strategies.</p>   | <p>DTS/DPF 3.2</p> <p>None are applicable.</p>   |

## Business Neighbourhood Zone

### Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |   |
|-----------------|---|
| DO 1            | A variety of housing and accommodation types and compatible employment-generating land uses in an environment characterised by primarily low-rise buildings |
| DO 2            | Buildings of a scale and design that complements surrounding built form, streetscapes and local character and provide for landscaping and open space.       |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome   | Deemed-to-Satisfy Criteria / Designated Performance Feature  |
|---|--|
| Land Use and Intensity  |  |
| <p>PO 1.1</p> <p>Housing and accommodation types appropriate to the locality complemented by shops, offices, consulting rooms and other non-residential uses that do not materially impact residential amenity.</p>     | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <p>(a) Community facility<br/>(b) Consulting room<br/>(c) Dwelling<br/>(d) Office<br/>(e) Residential flat building<br/>(f) Shop</p> |
| <p>PO 1.2</p> <p>Business and commercial land uses complement and enhance the prevailing or emerging neighbourhood character.</p>   | <p>DTS/DPF 1.2</p> <p>Shops, offices and consulting rooms (or any combination thereof) do not exceed 250m<sup>2</sup> in gross leasable floor area.</p>  |
| <p>PO 1.3</p> <p>Changes in the use of land between similar businesses encourages the efficient reuse of commercial premises and supports continued local access to a range of services compatible to the locality.</p> | <p>DTS/DPF 1.3</p> <p>A change of use to a shop, office or consulting room or any combination of these uses where all of the following are achieved:</p>   |

|  |   |
|--|---|
|  | <p>(a) the area to be occupied by the proposed development is in an existing building and is currently used as a shop, office, consulting room or any combination of these uses</p> <p>(b) if the proposed change of use is for a shop:</p> <ul style="list-style-type: none"> <li>(i) the total gross leasable floor area of the shop will not exceed 250m<sup>2</sup></li> <li>(ii) if primarily involving the handling and sale of foodstuffs, areas used for the storage and collection of refuse are sited at least 10m from the site of a dwelling (other than a dwelling directly associated with the proposed shop)</li> <li>(iii) if primarily involving heating and cooking of foodstuffs in a commercial kitchen and is within 30m of any residential allotment within a neighbourhood-type zone or a dwelling (other than a dwelling directly associated with the proposed shop), an exhaust duct and stack (chimney) exists or is capable of being installed for discharging exhaust emissions</li> </ul> <p>(c) off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number, except where:</p> <ul style="list-style-type: none"> <li>(i) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made) or</li> <li>(ii) the building is a local heritage place.</li> </ul> |
|--|---|

| Built Form and Character   |  |
|--|--|
| PO 2.1<br>Buildings are of a scale and design that complements surrounding built form, streetscapes and local character. | DTS/DPF 2.1<br>None are applicable.  |
| PO 2.2<br>Development provides attractive landscaping to the primary street frontage.                                    | DTS/DPF 2.2<br>None are applicable.  |
| PO 2.3<br>Site coverage is limited to provide space for landscaping, open space and pervious areas.                      | DTS/DPF 2.3<br>Development does not result in site coverage exceeding 60%. |

| Building height and setbacks  |   |                                  |  |                                 |                               |                                 |                               |                                  |                                |                                |                                  |  |                                    |                                     |                                     |                                     |

| Development Context   | Minimum setback   |                     |                 |  |  |
|   |   |                     |                 |  |  |

|   |   |   |
|---|---|---|
|   | <p>There is an existing building on both abutting sites sharing the same street frontage as the site of the proposed building.</p>  | <p>The average setback of the existing buildings.</p>   |
|   | <p>There is an existing building on only one abutting site sharing the same street frontage as the site of the proposed building and the existing building is not on a corner site.</p>   | <p>The setback of the existing building.</p>  |
|   | <p>There is an existing building on only one abutting site sharing the same street frontage as the site of the proposed building and the existing building is on a corner site.</p>   | <p>(a) Where the existing building shares the same primary street frontage – the setback of the existing building<br/>                 (b) Where the existing building has a different primary street frontage - 5m</p> |
|   | <p>There is no existing building on either of the abutting sites sharing the same street frontage as the site of the proposed building.</p>   | <p>5m</p>   |
|   | <p>For the purposes of <b>DTS/DPF 3.2:</b></p> <p>(a) the setback of an existing building on an abutting site to the street boundary that it shares with the site of the proposed building is to be measured from the closest building wall to that street boundary at its closest point to the building wall and any existing projection from the building such as a verandah, porch, balcony, awning or bay window is not taken to form part of the building for the purposes of determining its setback</p> <p>(b) any proposed projections such as a verandah, porch, balcony, awning or bay window may encroach not more than 1.5 metres into the minimum setback prescribed in the table</p>  |   |
| <p>PO 3.3<br/>Buildings set back from secondary street boundaries (other than rear laneways) contribute to a consistent streetscape.</p>  | <p>DTS/DPF 3.3<br/>Building walls are set back from the secondary street frontage:</p> <p>(a) the average of any existing buildings on adjoining sites having frontage to the same street<br/>                 or<br/>                 (b) not less than 900mm where no building exists on an adjoining site.</p>   |   |
| <p>PO 3.4<br/>Walls on boundaries are limited in height and length to manage visual and overshadowing impacts on adjoining residential properties.</p>  | <p>DTS/DPF 3.4<br/>Except where the building is a dwelling and is located on a central site within a row dwelling or terrace arrangement, side boundary walls occur only on one side boundary and satisfy (a) or (b) below:</p> <p>(a) side boundary walls adjoin or abut a boundary wall of a building on adjoining land for the same or lesser length and height<br/>                 (b) side boundary walls do not:<br/>                 (i) exceed 3.2m in height from the lower of the natural or finished ground level<br/>                 (ii) exceed 11.5m in length<br/>                 (iii) when combined with other walls on the boundary of the subject development site, exceed a maximum 45% of the length of the boundary<br/>                 (iv) encroach within 3m of any other existing or proposed boundary walls on the subject land.</p> |   |
| <p>PO 3.5<br/>Dwellings in a semi-detached, row or terrace arrangement maintain space between buildings consistent with a suburban streetscape character.</p>   | <p>DTS/DPF 3.5<br/>Dwelling walls of dwellings in a semi-detached or row arrangement are set back at least 900mm from side boundaries shared with allotments outside the development site.</p>  |   |
| <p>PO 3.6<br/>Buildings are set back from side boundaries to provide:</p> <p>(a) separation between buildings in a way that complements the established character of the locality<br/>                 (b) access to natural light and ventilation for neighbours.</p>  | <p>DTS/DPF 3.6<br/>Other than walls located on a side boundary, building walls are set back at least 900mm from side boundaries.</p>  |   |
| <p>PO 3.7<br/>Buildings are set back from rear boundaries to provide:</p> <p>(a) separation between buildings in a way that complements the established character of the locality<br/>                 (b) access to natural light and ventilation for neighbours<br/>                 (c) open space recreational opportunities<br/>                 (d) space for landscaping and vegetation.</p> | <p>DTS/DPF 3.7<br/>Buildings walls are set back from the rear boundary at least:</p> <p>(a) 3m for the first building level<br/>                 (b) 5m for any second building level.</p>  |   |
| <p>Land Division</p>  |   |   |
| <p>PO 4.1<br/>Land division and / or site amalgamation creates allotments that vary in size and are suitable</p>  | <p>DTS/DPF 4.1<br/>None are applicable.</p>   |   |

for a variety of residential and commercial activities and improve the level of development integration.

Advertisements

PO 5.1  
Advertisements complement the scale of buildings and are not visually dominant within the locality.

DTS/DPF 5.1  
None are applicable.

Concept Plans

PO 6.1  
Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.

DTS/DPF 6.1  
The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:  
In relation to DTS/DPF 6.1, in instances where:  
(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.  
(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 6.1 is met.

Ancillary Buildings and Structures

PO 7.1  
Residential ancillary buildings are sited and designed to not detract from the streetscape or appearance of primary residential buildings on the site or neighbouring properties.

DTS/DPF 7.1  
Ancillary buildings and structures:  
(a) are ancillary to a dwelling erected on the same site  
(b) have a floor area not exceeding 60m<sup>2</sup>  
(c) are not constructed, added to or altered so that any part is situated  
(i) in front of any part of the building line of the dwelling to which it is ancillary or  
(ii) within 900mm of a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads)  
(d) in the case of a garage or carport, the garage or carport:  
(i) is set back at least 5.5m from the boundary of the primary street  
(ii) when facing a primary street or secondary street, has a total door / opening not exceeding:  
A. for dwellings of single building level - 7m in width or 50% of the site frontage, whichever is the lesser  
B. for dwellings comprising two or more building levels at the building line fronting the same public street - 7m in width  
(e) if situated on a boundary (not being a boundary with a primary street or secondary street), do not exceed a length of 11.5m unless:  
(i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary and  
(ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent  
(f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary will not exceed 45% of the length of that boundary  
(g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or about the proposed wall or structure  
(h) have a wall height or post height not exceeding 3m above natural ground level (and not including a gable end)  
(i) have a roof height where no part of the roof is more than 5m above the natural ground level  
(j) if clad in sheet metal, is pre-colour treated or painted in a non-reflective colour  
(k) retains a total area of soft landscaping in accordance with (i) or (ii), whichever is less:  
(i) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m <sup>2</sup> ) | Minimum percentage of site |
|--|----------------------------|
| <150   | 10%                        |
| 150-200  | 15%                        |
| 201-450  | 20%                        |
| >450   | 25%                        |

(ii) the amount of existing soft landscaping prior to the development occurring.

| <p>PO 7.2</p> <p>Ancillary buildings and structures do not impede on-site functional requirements such as private open space provision, car parking requirements or result in over-development of the site.</p>                                       | <p>DTS/DPF 7.2</p> <p>Ancillary buildings and structures do not result in:</p> <ul style="list-style-type: none"> <li>(a) less private open space than specified in Design in Urban Areas Table 1 - Private Open Space</li> <li>(b) less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas.</li> </ul>   |                |            |                    |                  |                    |                  |
|---|---|----------------|------------|--------------------|------------------|--------------------|------------------|
| <p>PO 7.3</p> <p>Buildings and structures that are ancillary to an existing non-residential use do not detract from the streetscape character, appearance of buildings on the site of the development, or the amenity of neighbouring properties.</p> | <p>DTS/DPF 7.3</p> <p>Non-residential ancillary buildings and structures:</p> <ul style="list-style-type: none"> <li>(a) are ancillary and subordinate to an existing non-residential use on the same site</li> <li>(b) have a floor area not exceeding the following: <table border="1" data-bbox="869 425 1117 504"> <thead> <tr> <th>Allotment size</th> <th>Floor area</th> </tr> </thead> <tbody> <tr> <td>≤500m<sup>2</sup></td> <td>60m<sup>2</sup></td> </tr> <tr> <td>&gt;500m<sup>2</sup></td> <td>80m<sup>2</sup></td> </tr> </tbody> </table> </li> <li>(c) are not constructed, added to or altered so that any part is situated: <ul style="list-style-type: none"> <li>(i) in front of any part of the building line of the main building to which it is ancillary</li> <li>or</li> <li>(ii) within 900mm of a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads)</li> </ul> </li> <li>(d) in the case of a garage or carport, the garage or carport: <ul style="list-style-type: none"> <li>(i) is set back at least 5.5m from the boundary of the primary street</li> </ul> </li> <li>(e) if situated on a boundary (not being a boundary with a primary street or secondary street), do not exceed a length of 11.5m unless: <ul style="list-style-type: none"> <li>(i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary</li> <li>(ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent</li> </ul> </li> <li>(f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary will not exceed 45% of the length of that boundary</li> <li>(g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or about the proposed wall or structure</li> <li>(h) have a wall height (or post height) not exceeding 3m (and not including a gable end)</li> <li>(i) have a roof height where no part of the roof is more than 5m above the natural ground level</li> <li>(j) if clad in sheet metal, is pre-colour treated or painted in a non-reflective colour.</li> </ul> | Allotment size | Floor area | ≤500m <sup>2</sup> | 60m <sup>2</sup> | >500m <sup>2</sup> | 80m <sup>2</sup> |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development   | Accepted Development Classification Criteria   |
|--|--|
| <p>Air handling unit, air conditioning system or exhaust fan</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>   | <ol style="list-style-type: none"> <li>1. The item will be installed on or within an existing building</li> <li>2. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire</li> <li>3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street.</li> </ol>   |
| <p>Brush fence</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Hazards (Flooding) Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Ramsar Wetlands Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>1. The fence is formed (wholly or partially) from brush</li> <li>2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels)</li> <li>3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)</li> <li>4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol> |
| <p>Building alterations</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. The alteration does not: <ul style="list-style-type: none"> <li>(a) increase the floor area of the building</li> <li>(b) exceed the existing wall height</li> <li>(c) exceed the existing overall building height</li> <li>(d) alter the roof profile</li> <li>(e) alter an approved privacy screening arrangement or window treatment</li> </ul> </li> <li>2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.</li> </ol>  |

| <p>Building work on railway land<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Coastal Areas Overlay</li> <li>• Hazards (Acid Sulfate Soils) Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Significant Landscape Protection Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>1. Building work is associated with a railway</li> <li>2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)</li> <li>3. It is required for the conduct or maintenance of railway activities</li> <li>4. It does not involve the clearance of native vegetation</li> <li>5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol>  |  |                            |      |     |         |     |         |     |      |     |
|--|---|--|----------------------------|------|-----|---------|-----|---------|-----|------|-----|
| <p>Carport<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Future Local Road Widening Overlay</li> <li>• Future Road Widening Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>                                     | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>3. It is ancillary to a dwelling erected on the site</li> <li>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary</li> <li>5. Total floor area - does not exceed 40m<sup>2</sup></li> <li>6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end)</li> <li>7. Building height - does not exceed 5m</li> <li>8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11.5m unless:             <ol style="list-style-type: none"> <li>(a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and</li> <li>(b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent</li> </ol> </li> <li>9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):             <ol style="list-style-type: none"> <li>(a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and</li> <li>(b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure</li> </ol> </li> <li>10. Site coverage does not exceed 60%</li> <li>11. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)</li> <li>12. The carport is located so that vehicle access:             <ol style="list-style-type: none"> <li>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or</li> <li>(b) is not obtained from a State Maintained Road, and will use a driveway that:                 <ol style="list-style-type: none"> <li>(i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing;</li> <li>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;</li> <li>(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average</li> <li>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access</li> <li>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site</li> </ol> </li> </ol> </li> <li>13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour</li> <li>14. Does not involve the clearance of native vegetation</li> <li>15. retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:             <ol style="list-style-type: none"> <li>(a) a total area as determined by the following table:                 <table border="1" data-bbox="868 1787 1551 2123"> <thead> <tr> <th>Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m<sup>2</sup>)</th> <th>Minimum percentage of site</th> </tr> </thead> <tbody> <tr> <td>&lt;150</td> <td>10%</td> </tr> <tr> <td>150-200</td> <td>15%</td> </tr> <tr> <td>201-450</td> <td>20%</td> </tr> <tr> <td>&gt;450</td> <td>25%</td> </tr> </tbody> </table> </li> <li>(b) the amount of existing soft landscaping prior to the development occurring.</li> </ol> </li> </ol> | Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m <sup>2</sup> ) | Minimum percentage of site | <150 | 10% | 150-200 | 15% | 201-450 | 20% | >450 | 25% |

**Outbuilding**

Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is detached from and ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)
6. Total floor area - does not exceed 40m<sup>2</sup>
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)
8. Building height - does not exceed 5m
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11.5m unless:
  - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
  - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
  - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
  - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
11. Site coverage does not exceed 60%
12. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
13. If the outbuilding is a garage, it is located so that vehicle access:
  - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
  - (b) is not obtained from a State Maintained Road, and will use a driveway that:
    - (i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing;
    - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
    - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
    - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
    - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour
15. Does not involve-
  - (a) excavation exceeding a vertical height of 1m; or
  - (b) filling exceeding a vertical height of 1m,

and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2m.
16. Does not involve the clearance of native vegetation
17. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
18. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m <sup>2</sup> ) | Minimum percentage of site |
|--|----------------------------|
| <150   | 10%                        |
| 150-200  | 15%                        |
| 201-450  | 20%                        |
| >450   | 25%                        |

(b) the amount of existing soft landscaping prior to the development occurring.

| <p>Partial demolition of a building or structure<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <p>None</p>  |  |                            |      |     |         |     |         |     |      |     |

**Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development   | Deemed-to-Satisfy Development Classification Criteria |  |   |  |
|--|---|--|---|--|
|  | Zone  | General Development Policies   | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay)  |

**Table 3 - Applicable Policies for Performance Assessed Development**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies      |   |  |   |
|----------------------|--------------------------|---|--|---|
|                      | Zone                     | General Development Policies  | Subzone<br><small>(applies only in the area affected by the Subzone)</small> | Overlay<br><small>(applies only in the area affected by the Overlay)</small>  |

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions  |
|----------------------|---|
| Industry<br>Shop     | Light industry<br><br>Any of the following:<br>(a) shop with a gross leasable floor area less than 1000m <sup>2</sup><br>(b) shop that is a restaurant. |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| (Column A)   | (Column B)   |
|--|--|
| <p>1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p>   | <p>None specified.</p>   |
| <p>2. All development undertaken by:</p> <ul style="list-style-type: none"> <li>(a) the South Australian Housing Trust either individually or jointly with other persons or bodies or</li> <li>(b) a provider registered under the Community Housing National Law participating in a program relating to the renewal of housing endorsed by the South Australian Housing Trust.</li> </ul>   | <p>Except development involving any of the following:</p> <ul style="list-style-type: none"> <li>1. residential flat building(s) of 3 or more building levels</li> <li>2. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)</li> <li>3. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).</li> </ul>  |
| <p>3. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> <li>(a) advertisement</li> <li>(b) ancillary accommodation</li> <li>(c) community facility</li> <li>(d) dwelling</li> <li>(e) dwelling addition</li> <li>(f) residential flat building</li> <li>(g) student accommodation.</li> </ul>   | <p>Except development that:</p> <ul style="list-style-type: none"> <li>1. exceeds the maximum building height specified in Business Neighbourhood Zone DTS/DPF 3.1 or</li> <li>2. is on a Catalyst Site that exceeds the maximum building height in Business Neighbourhood Zone DTS/DPF 3.1 that applies to development not on a Catalyst Site or</li> <li>3. involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and: <ul style="list-style-type: none"> <li>(a) the length of the proposed wall (or structure) exceeds 11.5m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or</li> <li>(b) the height of the proposed wall (or post height) exceeds 3.2m measured from the lower of the natural or finished ground level (other than where the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment).</li> </ul> </li> </ul>   |
| <p>4. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> <li>(a) consulting room</li> <li>(b) office</li> <li>(c) shop.</li> </ul>   | <p>Except development that:</p> <ul style="list-style-type: none"> <li>1. does not satisfy Business Neighbourhood Zone DTS/DPF 1.2 or</li> <li>2. exceeds the maximum building height specified in Business Neighbourhood Zone DTS/DPF 3.1 or</li> <li>3. is on a Catalyst Site that exceeds the maximum building height in Business Neighbourhood Zone DTS/DPF 3.1 that applies to development not on a Catalyst Site or</li> <li>4. involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and: <ul style="list-style-type: none"> <li>(a) the length of the proposed wall (or structure) exceeds 11.5m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or</li> <li>(b) the height of the proposed wall (or post height) exceeds 3.2m measured from the lower of the natural or finished ground level (other than where the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment).</li> </ul> </li> </ul> |
| <p>5. |------------------|--|
| 6. Demolition.   | Except any of the following: <ol style="list-style-type: none"> <li>the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)</li> <li>the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).</li> </ol> |
| 7. Railway line. | Except where located outside of a rail corridor or rail reserve.   |

**Placement of Notices - Exemptions for Performance Assessed Development**

None specified.

**Placement of Notices - Exemptions for Restricted Development**

None specified.

**Melbourne Street West Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |  |
|-----------------|--|
| DO 1            | A mixed use area accommodating low-impact employment-generating activities and a range of low to medium density housing. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome  | Deemed-to-Satisfy Criteria / Designated Performance Feature   |
|--|---|
| Land Use and Intensity   |   |
| PO 1.1<br>Low impact non-residential uses that complement low to medium density residential accommodation.   | DTS/DPF 1.1<br>Development comprises one or more of the following: <ol style="list-style-type: none"> <li>Child care facility</li> <li>Community facility</li> <li>Consulting room</li> <li>Dwelling</li> <li>Educational facility</li> <li>Office</li> <li>Residential flat building</li> <li>Retirement village</li> <li>Supported accommodation</li> <li>Tourist accommodation.</li> </ol> |
| Built Form and Character   |   |
| PO 2.1<br>Buildings setback from side boundaries to complement the pattern of development.   | DTS/DPF 2.1<br>None are applicable.   |
| PO 2.2<br>Buildings set back behind landscaped frontages to Melbourne Street to provide a consistent and attractive streetscape.   | DTS/DPF 2.2<br>A landscape strip at least 3.5m wide is provided along the Melbourne Street frontage.  |
| PO 2.3<br>Other than for catalyst sites, parts of buildings above 2 building levels are set back from Melbourne Street to complement the prevailing character to Melbourne Street. | DTS/DPF 2.3<br>Parts of a building above 2 building levels are set back at least 6m from Melbourne Street.  |
| PO 2.4<br>Development is set back from the boundary of an adjacent zone and from Old Street to maintain residential amenity.   | DTS/DPF 2.4<br>None are applicable.   |
| PO 2.5<br>Verandahs, awnings or balconies and the like not constructed over the public footpath.   | DTS/DPF 2.5<br>None are applicable.   |
| Catalyst Sites   |   |
| PO 3.1<br>Development on a catalyst site is comprised of medium-rise residential uses integrated with  | DTS/DPF 3.1<br>None are applicable.   |

|  |  |
|--|--|
| non-residential uses to contribute to vibrancy of the street.  |  |
| PO 3.2<br>Development on a catalyst site is designed to manage the interface with the City Living Zone with regard to intensity of use, overshadowing, massing, building proportions and traffic to minimise impacts on residential amenity.   | DTS/DPF 3.2<br>None are applicable.  |
| PO 3.3<br>Development on a catalyst site contributes to streetscape character and vibrancy through building designs that:<br><br>(a) encourage overlooking of the street, particularly at the ground and first floor<br>(b) create the appearance of narrow frontages and enhance visual interest<br>(c) are vertically massed<br>(d) include above street level fenestration, balconies, parapets, architectural detailing and ornamentation which contribute to the rich visual texture. | DTS/DPF 3.3<br>None are applicable.  |
| Access and Parking   |  |
| PO 4.1<br>Development does not result in additional crossovers on the primary street frontage to minimise conflicts with pedestrians and cyclists.   | DTS/DPF 4.1<br>Vehicular access where it consolidates or replaces existing crossovers.                 |
| PO 4.2<br>Vehicle access from Melbourne Street is designed and located to minimise disruption to the pattern of built form and landscaping.  | DTS/DPF 4.2<br>None are applicable.  |
| PO 4.3<br>Vehicle parking areas are located to minimise disruption to the continuity of built form and the streetscape character along Melbourne Street.   | DTS/DPF 4.3<br>Vehicle parking areas are located behind buildings with a frontage to Melbourne Street. |
| Advertisements   |  |
| PO 5.1<br>Advertisements are:<br><br>(a) restrained in size, design and illumination to complement the character of the locality<br>(b) limited to one advertisement identifying the lawful existing or proposed activity for the site.  | DTS/DPF 5.1<br>None are applicable.  |

## Capital City Zone

### Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |  |
|-----------------|--|
| DO 1            | A zone that is the economic and cultural focus of the state supporting a range of residential, employment, community, educational, innovation, recreational, tourism and entertainment facilities generating opportunities for population and employment growth.   |
| DO 2            | High intensity and large-scale development with high street walls reinforcing the distinctive grid pattern layout of the city with active non-residential ground level uses to positively contribute to public safety, inclusivity and vibrancy. Design quality of buildings and public spaces is a priority in this zone. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome   | Deemed-to-Satisfy Criteria / Designated Performance Feature   |
|---|---|
| Land Use  |   |
| PO 1.1<br>A vibrant mix of residential, retail, community, commercial and professional services, civic and cultural, health, educational, recreational, tourism and entertainment facilities. | DTS/DPF 1.1<br>The following types of development, or combinations thereof, are envisaged:<br><br>(a) Advertisement<br>(b) Child care facility<br>(c) Consulting Room<br>(d) Dwelling |

|   |   |
|---|---|
|   | <ul style="list-style-type: none"> <li>(e) Educational facility</li> <li>(f) Hospital</li> <li>(g) Hotel</li> <li>(h) Licensed Premises</li> <li>(i) Library</li> <li>(j) Office</li> <li>(k) Supported Accommodation</li> <li>(l) Residential Flat Building</li> <li>(m) Shop</li> <li>(n) Student Accommodation</li> <li>(o) Tourist accommodation.</li> </ul>  |
| <p>PO 1.2</p> <p>Changes in the use of land between similar businesses encourages the efficient reuse of commercial premises and supports continued local access to a range of services compatible to the locality.</p>   | <p>DTS/DPF 1.2</p> <p>A change of use to a shop, office, consulting room or any combination of these uses where all of the following are achieved:</p> <ul style="list-style-type: none"> <li>(a) the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses</li> <li>(b) if the proposed change of use is for a shop that primarily involves the handling and sale of foodstuffs, areas used for the storage and collection of refuse are sited at least 10m from the site of a dwelling (other than a dwelling directly associated with the proposed shop)</li> <li>(c) if the proposed change of use is for a shop that primarily involves heating and cooking of foodstuffs in a commercial kitchen and is within 30m of any neighbourhood-type zone boundary or a dwelling (other than a dwelling directly associated with the proposed shop), an exhaust duct and stack (chimney) exists or is capable of being installed for discharging exhaust emissions</li> <li>(d) if the change in use involves a gross leasable floor area greater than 250m<sup>2</sup> and has direct frontage to an arterial road, it achieves either (i) or (ii): <ul style="list-style-type: none"> <li>(i) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) is from a road that is not an arterial road</li> <li>(ii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared.</li> </ul> </li> </ul> |
| Activation  |   |
| <p>PO 2.1</p> <p>Non-residential land uses at ground floor level such as shops and restaurants support and maximise pedestrian activity to provide visual interest and positively contribute to public safety, walkability and vibrancy.</p>  | <p>DTS/DPF 2.1</p> <p>None are applicable.</p>  |
| <p>PO 2.2</p> <p>Development:</p> <ul style="list-style-type: none"> <li>(a) contributes to the activation of the public realm by presenting an attractive human scaled pedestrian-oriented frontage at ground level that adds interest and vibrancy;</li> <li>(b) maintains a sense of openness to the sky for pedestrians and allow sunlight access to the public realm;</li> <li>(c) provides a clear sense of address to each building.</li> </ul>  | <p>DTS/DPF 2.2</p> <p>None are applicable.</p>  |
| <p>PO 2.3</p> <p>Land uses typically open during night time hours incorporate activities along street frontages at ground level that encourage day time activation compatible with surrounding land uses.</p>   | <p>DTS/DPF 2.3</p> <p>None are applicable.</p>  |
| <p>PO 2.4</p> <p>Shopfronts incorporating security features such as security grilles and shutters are designed to allow visual permeability into the premises, allow for light spill onto the street, and complement the appearance of the building's frontage.</p>   | <p>DTS/DPF 2.4</p> <p>Grilles, shutters or similar security features with at least 75% permeability.</p>  |
| Built form and Character  |   |
| <p>PO 3.1</p> <p>A contextual design response that manages differences in scale and building proportions to maintain a cohesive streetscape and frame city streets.</p>   | <p>DTS/DPF 3.1</p> <p>None are applicable</p>   |
| <p>PO 3.2</p> <p>Buildings:</p> <ul style="list-style-type: none"> <li>(a) are designed to reinforce the prevailing datum heights and parapet levels of the street through design elements that provide a clear distinction between levels above and below the prevailing datum line;</li> <li>(b) where located in an existing low-rise context, are designed to include a podium/street wall height and upper level setback that: <ul style="list-style-type: none"> <li>(i) relates to the scale and context of adjoining built form;</li> <li>(ii) provides a human scale at street level;</li> <li>(iii) creates a well-defined and continuity of frontage;</li> </ul> </li> </ul> | <p>DTS/DPF 3.2</p> <p>None are applicable.</p>  |

|   |  |   |                                     |   |                                |                                |                                |                                |                                |                                |
|---|--|---|-------------------------------------|---|--------------------------------|--------------------------------|--------------------------------|--------------------------------|--------------------------------|--------------------------------|
| <ul style="list-style-type: none"> <li>(iv) gives emphasis and definition to street corners to clearly define the street grid; and</li> <li>(v) contributes to the interest, vitality and security of the pedestrian environment.</li> </ul>  |  |   |                                     |   |                                |                                |                                |                                |                                |                                |
| <p>PO 3.3</p> <p>Building façades are strongly modelled, incorporate a vertical composition which reflects the proportions of existing frontages, and ensure that architectural detailing is consistent around corners and along minor streets and laneways.</p>  | <p>DTS/DPF 3.3</p> <p>None are applicable</p>  |   |                                     |   |                                |                                |                                |                                |                                |                                |
| <p>PO 3.4</p> <p>Development along The Terraces (North, East, South and West) is designed to positively contribute to a continuous built form to frame the Park Lands and city edge.</p>  | <p>DTS/DPF 3.4</p> <p>None are applicable.</p>   |   |                                     |   |                                |                                |                                |                                |                                |                                |
| <p>PO 3.5</p> <p>Development along the city's boulevards (as identified in Capital City Zone Table 5.1):</p> <ul style="list-style-type: none"> <li>(a) built to the street boundary at lower levels to reinforce the City's grid layout and frame the boulevard</li> <li>(b) designed to provide a sense of arrival into the City and strongly define junctions where located on a corner site.</li> </ul> | <p>DTS/DPF 3.5</p> <p>None are applicable.</p>   |   |                                     |   |                                |                                |                                |                                |                                |                                |
| <p>PO 3.6</p> <p>Development avoids activities that result in a gap in the built form along a public road or thoroughfare (such as an open lot car park) for an extended period of time to minimise negative impacts on streetscape continuity.</p>   | <p>DTS/DPF 3.6</p> <p>None are applicable.</p>   |   |                                     |   |                                |                                |                                |                                |                                |                                |
| <p>PO 3.7</p> <p>Development along the city's boulevards (as identified in Capital City Zone Table 5.1) is designed to maximise views to the Park Lands and not clutter existing view corridors to the Adelaide Hills when viewed from the public realm.</p>  | <p>DTS/DPF 3.7</p> <p>None are applicable.</p>   |   |                                     |   |                                |                                |                                |                                |                                |                                |
| <p>PO 3.8</p> <p>Development fronting Victoria, Hindmarsh, Whitmore, Hurtle and Light Squares is designed to provide a comfortable pedestrian and recreation environment by enabling direct sunlight to a majority of the Square.</p>   | <p>DTS/DPF 3.8</p> <p>Development enables direct sunlight to a minimum of 75% of the landscaped part of each Square at the September equinox.</p>  |   |                                     |   |                                |                                |                                |                                |                                |                                |
| <p>PO 3.9</p> <p>Development fronting Victoria, Hindmarsh, Whitmore, Hurtle and Light Squares is designed to reinforce the enclosure of the Squares with a continuous built-form with no upper level setbacks.</p>  | <p>DTS/DPF 3.9</p> <p>None are applicable.</p>   |   |                                     |   |                                |                                |                                |                                |                                |                                |
| <p>PO 3.10</p> <p>Provision of outdoor eating and drinking facilities associated with cafes and restaurants fronting Victoria, Hindmarsh, Whitmore, Hurtle and Light Squares positively contributes to activity and creates a focus for leisure in the Squares.</p>   | <p>DTS/DPF 3.10</p> <p>None are applicable.</p>  |   |                                     |   |                                |                                |                                |                                |                                |                                |
| <p>PO 3.11</p> <p>Development along minor streets and laneways is informed by its local context to maintain the prevailing built form pattern and structure, and designed to provide a sense of enclosure, and enable fine-grain uses at street level to create an intimate, active, inclusive and walkable public realm.</p>   | <p>DTS/DPF 3.11</p> <p>None are applicable.</p>  |   |                                     |   |                                |                                |                                |                                |                                |                                |
| <p>PO 3.12</p> <p>Buildings north of the City Main Street Zone are designed to enable natural sunlight access to the southern footpath of the main street.</p>  | <p>DTS/DPF 3.12</p> <p>Buildings north of the City Main Street Zone that cast a shadow on the southern footpath of the main street incorporate narrow and setback tower elements and provide spaces between buildings.</p>   |   |                                     |   |                                |                                |                                |                                |                                |                                |

| (b) by avoiding land uses, or intensity of land uses, that unduly impact residential amenity (including licensed premises).  |  |             |   |
|--|--|-------------|---|
| PO 5.2<br>Parts of a development exceed the maximum building height specified in DTS/DPF 4.1 and adjoin the City Living Zone boundaries are designed to minimise negative visual and amenity impacts to residential living areas and outdoor open space.   | DTS/DPF 5.2<br>Parts of a building above the maximum building height specified in DTS/DPF 4.1 include additional setbacks, avoid tall sheer walls, centrally locate taller elements, and provide variation of light and shadow through articulation.   |             |   |
| Movement   |  |             |   |
| PO 6.1<br>Access to, and movement within, the Capital City Zone to be universally accessible, easy, safe, comfortable, convenient and legible for people of all abilities, with priority given to pedestrians and cyclists.  | DTS/DPF 6.1<br>None are applicable.  |             |   |
| Access   |  |             |   |
| PO 7.1<br>Vehicular access points are associated with multi-level and/or non-ancillary car parks located to minimise disruption to traffic flow.   | DTS/DPF 7.1<br>Vehicular access points associated with multi-level and/or non-ancillary car parks are located on a secondary road frontage, or utilise an existing crossover.  |             |   |
| PO 7.2<br>Development designed so that vehicle access points for parking, servicing or deliveries, and pedestrian access to a site, are located to minimise interrupting the operation of and queuing on public roads and pedestrian paths.  | DTS/DPF 7.2<br>None are applicable.  |             |   |
| Advertisements   |  |             |   |
| PO 8.1<br>Advertisements use simple graphics and are restrained in their size, design and colour, and achieve an overall consistency of design and appearance along individual street frontages.   | DTS/DPF 8.1<br>None are applicable.  |             |   |
| PO 8.2<br>Advertisements along Chesser Street, French Street and Coromandel Place are located below verandah level of the ground floor.  | DTS/DPF 8.2<br>Along Chesser Street, French Street and Coromandel Place, advertisements are not located more than 3.7m above natural ground level or an abutting footpath or street.   |             |   |
| Concept Plans  |  |             |   |
| PO 9.1<br>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.  | DTS/DPF 9.1<br>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:<br><table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: center;">Description</th> </tr> </thead> <tbody> <tr> <td>Concept Plan 79 - Primary Pedestrian Area</td> </tr> </tbody> </table> <p>In relation to DTS/DPF 9.1, in instances where:</p> <p>(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.</p> <p>(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 9.1 is met.</p> | Description | Concept Plan 79 - Primary Pedestrian Area |
| Description  |  |             |   |
| Concept Plan 79 - Primary Pedestrian Area  |  |             |   |
| Public Realm   |  |             |   |
| PO 10.1<br>Development in the public realm where it:<br><br>(a) does not present a safety risk to pedestrians or other users of the public road<br>(b) does not interrupt pedestrian movement<br>(c) does not interfere with existing infrastructure or services on the street<br>(d) positively contributes to the vibrancy of the area<br>(e) is consistent with the outcomes of the zone. | DTS/DPF 10.1<br>None are applicable.   |             |   |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development   | Accepted Development Classification Criteria   |
|--|--|
| Building alterations<br>Except where any of the following apply: <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | 1. The alteration does not: <ol style="list-style-type: none"> <li>(a) increase the floor area of the building</li> <li>(b) exceed the existing wall height</li> <li>(c) exceed the existing overall building height</li> <li>(d) alter the roof profile</li> <li>(e) alter an approved privacy screening arrangement or window treatment</li> </ol> |

|  |  |
|--|--|
|  | <ol style="list-style-type: none"> <li>Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.</li> </ol>  |
| <p>Fence and retaining wall structure<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>Hazards (Flooding) Overlay</li> <li>Local Heritage Place Overlay</li> <li>River Murray Flood Plain Protection Area Overlay</li> <li>River Murray Tributaries Protection Area Overlay</li> <li>State Heritage Area Overlay</li> <li>State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>The retaining wall retains a difference in ground levels not exceeding 1.5 metres (measured from the lower of the 2 adjoining finished ground levels).</li> <li>The total combined height of the fence and retaining wall structure is less than 3.3 metres in height (measured from the lower of the 2 adjoining finished ground levels)</li> <li>The structure is located behind the building line of the associated dwelling and any dwelling on adjoining land.</li> <li>The structure is not located on a secondary street boundary.</li> <li>The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas</li> </ol>   |
| <p>Partial demolition of a building or structure<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>Historic Area Overlay</li> <li>Local Heritage Place Overlay</li> <li>State Heritage Area Overlay</li> <li>State Heritage Place Overlay</li> </ul>   | None   |
| <p>Shade sail<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>Future Local Road Widening Overlay</li> <li>Future Road Widening Overlay</li> <li>Historic Area Overlay</li> <li>Local Heritage Place Overlay</li> <li>State Heritage Area Overlay</li> <li>State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>Shade sail consists of permeable material</li> <li>The total area of the sail - does not exceed 40m<sup>2</sup></li> <li>No part of the shade sail will be: <ol style="list-style-type: none"> <li>3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment</li> <li>5m above ground or floor level (depending on where it is situated) within any other part of the allotment</li> </ol> </li> <li>Primary street setback - at least as far back as the building line of the building to which it is ancillary</li> <li>If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 8m</li> <li>In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary</li> <li>Does not involve the clearance of native vegetation</li> <li>The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol> |

**Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development  | Deemed-to-Satisfy Development Classification Criteria |  |   |  |
|---|---|--|---|--|
|   | Zone  | General Development Policies   | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay)  |

**Table 3 - Applicable Policies for Performance Assessed Development**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies  |   |   |   |
|----------------------|--|---|---|---|
|                      | Zone   | General Development Policies  | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay)   |

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions     |
|----------------------|----------------|
| Special industry     | None specified |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| Class of Development<br>(Column A)  | Exceptions<br>(Column B)     |
|---|------------------------------|
| 1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified.              |
| 2. Any kind of development where the site of the development is <b>not</b> adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone.                                      | Except any of the following: |

| Class of Development<br>(Column A)   | Exceptions<br>(Column B)  |
|--|---|
|  | <ol style="list-style-type: none"> <li>1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)</li> <li>2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).</li> </ol>                                     |
| <p>3. Any development involving any of the following (or of any combination of any of the following):</p> <ol style="list-style-type: none"> <li>(a) advertisement</li> <li>(b) child care facility</li> <li>(c) consulting room</li> <li>(d) dwelling</li> <li>(e) office</li> <li>(f) residential flat building</li> <li>(g) shop</li> <li>(h) student accommodation</li> <li>(i) temporary public service depot.</li> </ol>   | <p>Except development that exceeds the maximum building height specified in Capital City Zone DTS/DPF 4.1.</p>  |
| <p>4. Any development involving any of the following (or of any combination of any of the following):</p> <ol style="list-style-type: none"> <li>(a) air handling unit, air conditioning system or exhaust fan</li> <li>(b) carport</li> <li>(c) deck</li> <li>(d) fence</li> <li>(e) internal building works</li> <li>(f) land division</li> <li>(g) outbuilding</li> <li>(h) pergola</li> <li>(i) private bushfire shelter</li> <li>(j) retaining wall</li> <li>(k) shade sail</li> <li>(l) solar photovoltaic panels (roof mounted)</li> <li>(m) swimming pool or spa pool and associated swimming pool safety features</li> <li>(n) tree damaging activity</li> <li>(o) verandah</li> <li>(p) water tank.</li> </ol> | <p>None specified.</p>  |
| <p>5. Demolition.</p>  | <p>Except any of the following:</p> <ol style="list-style-type: none"> <li>1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)</li> <li>2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).</li> </ol> |
| <p>6. Railway line.</p>  | <p>Except where located outside of a rail corridor or rail reserve.</p>   |

**Placement of Notices - Exemptions for Performance Assessed Development**

None specified.

**Placement of Notices - Exemptions for Restricted Development**

None specified.

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |  |
|-----------------|--|
| DO 1            | Primarily medium to high rise residential development supported by a mix of ground level shops, personal services, restaurants and community and hospitality uses, to create an active and visually continuous edge to the Adelaide Park Lands Zone. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome  | Deemed-to-Satisfy Criteria / Designated Performance Feature  |
|--|--|
| Land Use   |  |
| <p>PO 1.1</p> <p>Medium to high rise residential development and other forms of accommodation supported by a mix of shops, personal services, restaurants and community and hospitality uses.</p>  | <p>DTS/DPF 1.1</p> <p>Development in medium-rise or high-rise buildings comprising one or more of the following:</p> <ul style="list-style-type: none"> <li>(a) Dwelling</li> <li>(b) Non-residential land uses at ground level, including:                             <ul style="list-style-type: none"> <li>(i) Child care facility</li> <li>(ii) Consulting room</li> <li>(iii) Hotel</li> <li>(iv) Indoor recreation facility</li> <li>(v) Licensed premises</li> <li>(vi) Office</li> <li>(vii) Shop</li> </ul> </li> <li>(c) Residential flat building</li> <li>(d) Retirement facility</li> <li>(e) Supported accommodation</li> <li>(f) Tourist accommodation.</li> </ul> |
| <p>PO 1.2</p> <p>Additions to existing wholly non-residential development may occur where it is located and/or designed in a manner that does not unreasonably impact negatively upon adjacent residential land uses.</p>  | <p>DTS/DPF 1.2</p> <p>None are applicable.</p>   |
| <p>PO 1.3</p> <p>Small scale licensed premises, nightclubs or bars are designed and sited to maintain day and evening activation at street level where they do not unreasonably negatively impact dwellings contained within the same building or adjacent residential development.</p>  | <p>DTS/DPF 1.3</p> <p>None are applicable.</p>   |
| Design and Appearance  |  |
| <p>PO 2.1</p> <p>Development encourages a uniform streetscape established through a largely consistent front setback. Landscaping and small variations in front setback may occur where they will assist in softening the continuous edge of new built form, reinforce the sense of address and provide a higher amenity streetscape and pedestrian environment which is shaded by street trees and other mature vegetation.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p>   |
| <p>PO 2.2</p> <p>Buildings create visual interest and active street frontages to maximise passive surveillance of the street and Adelaide Park Lands Zone.</p>   | <p>DTS/DPF 2.2</p> <p>The ground floor primary frontage of buildings provides at least 70% of the street frontage as visually permeable, transparent or clear glazed.</p>  |

## Caravan and Tourist Park Zone

### Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |   |
|-----------------|---|
| DO 1            | Tourist accommodation and associated services and facilities enhance visitor experiences and enjoyment. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome  | Deemed-to-Satisfy Criteria / Designated Performance Feature   |
|--|---|
| Land Use and Intensity   |   |
| <p>PO 1.1</p> <p>The provision of tourist accommodation in non-permanent structures largely in the form of caravan and tent sites, cabins and transportable dwellings, are complemented by permanent buildings for tourist accommodation in appropriate locations and a range of associated facilities to enhance experiences for travellers.</p>          | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> <li>(a) Advertisement</li> <li>(b) Amenity block, including shower, toilet and laundry facilities</li> <li>(c) Dwelling in the form of a manager's residence ancillary to tourist accommodation</li> <li>(d) Office ancillary to tourist accommodation</li> <li>(e) Recreation area including tennis court, basketball court, playground</li> <li>(f) Shop ancillary to tourist accommodation</li> <li>(g) Swimming pool/spa pool</li> <li>(h) Tourist accommodation comprising cabins, caravans, tent sites.</li> </ul> |
| <p>PO 1.2</p> <p>Tourist accommodation and associated facilities are located within an open landscaped setting for the amenity of travellers.</p>  | <p>DTS/DPF 1.2</p> <p>None are applicable.</p>  |
| <p>PO 1.3</p> <p>On-site amenities including shower, toilet and laundry facilities, recreation areas, swimming pool/spa and similar activities are provided in association with tourist accommodation at a scale commensurate with the number of travellers and residents able to be accommodated within the park for their convenience and enjoyment.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p>  |
| <p>PO 1.4</p> <p>Dwelling in the form of a manager or caretaker residence associated with and ancillary to tourist accommodation for the efficient management, maintenance and support of tourist activities.</p>  | <p>DTS/DPF 1.4</p> <p>Dwelling:</p> <ul style="list-style-type: none"> <li>(a) is ancillary to and located on the same allotment as the tourist accommodation</li> <li>(b) has a demonstrated connection with tourist accommodation</li> <li>(c) will not result in more than one worker's dwelling on an allotment.</li> </ul>   |
| <p>PO 1.5</p> <p>Caravans, cabins and other forms of accommodation used for non-traveller residential purposes do not unduly compromise the provision and availability of tourist accommodation for the benefit and convenience of travellers.</p>   | <p>DTS/DPF 1.5</p> <p>Residential accommodation comprises no more than 40% of the total number of residences (cabins, caravan and tent sites and other accommodation) on each allotment.</p>  |
| <p>PO 1.6</p> <p>Shop associated with and ancillary to tourist accommodation as a convenient service to travellers accommodated within the zone.</p>   | <p>DTS/DPF 1.6</p> <p>Shop:</p> <ul style="list-style-type: none"> <li>(a) is ancillary to and located on the same allotment as tourist accommodation</li> <li>(b) has a gross leasable floor area up to 150m<sup>2</sup>.</li> </ul>   |
| <p>PO 1.7</p> <p>Office associated with and ancillary to tourist accommodation to support the management and operational aspects of tourist development.</p>   | <p>DTS/DPF 1.7</p> <p>Office:</p> <ul style="list-style-type: none"> <li>(a) is ancillary to and located on the same allotment as tourist accommodation</li> <li>(b) has a gross leasable floor area up to 50m<sup>2</sup>.</li> </ul>  |
| Built Form and Character   |   |
| <p>PO 2.1</p> <p>Buildings positively contribute to the character of the locality and complement the height of nearby buildings.</p>   | <p>DTS/DPF 2.1</p> <p>Building height does not exceed 1 building level and 6m.</p>  |
| <p>PO 2.2</p> <p>Landscaping is used to define spaces, reinforce internal networks and screen utility areas from surrounding uses to enhance visual amenity within and around the perimeter of the zone.</p>   | <p>DTS/DPF 2.2</p> <p>None are applicable.</p>  |
| <p>PO 2.3</p> <p>Buildings and fixtures attached to the land and recreational facilities are set back from internal roads to accommodate vehicular movements and contribute to the safety of residents and travellers.</p>   | <p>DTS/DPF 2.3</p> <p>Buildings and fixtures attached to the land and recreational facilities are set back at least 1 metre from an internal road.</p>  |
| <p>PO 2.4</p> <p>Buildings are set back from public roads to mitigate impacts on the streetscape.</p>  | <p>DTS/DPF 2.4</p> <p>Buildings are set back at least 6m from a public road.</p>  |
| <p>PO 2.5</p> <p>Buildings, caravan and tent sites and recreational areas set back from the boundary of the zone to minimise impacts on neighbouring properties.</p>   | <p>DTS/DPF 2.5</p> <p>Buildings, caravan and tent sites and recreational areas are set back at least 2m from the zone boundary and an adjoining site in other ownership used for residential purposes.</p>  |

| Land Division  |  |             |  |   |
|--|--|-------------|--|---|
| <p>PO 3.1</p> <p>No additional allotment(s) are created except where a lease or licence agreement is made, granted or accepted under the <i>Residential Parks Act 2007</i> to provide for the secure accommodation of longer-term residents.</p>   | <p>DTS/DPF 3.1</p> <p>Land division for a lease or licence under the <i>Residential Parks Act 2007</i> where an agreement is made, granted or accepted under that Act.</p>   |             |  |   |
| <p>PO 3.2</p> <p>Each caravan, cabin and dwelling is provided with adequate space for the occupant's exclusive use to enhance the amenity for travellers.</p>  | <p>DTS/DPF 3.2</p> <p>Caravan, cabin and dwelling sites are not less than 100m<sup>2</sup> in area.</p>  |             |  |   |
| Internal Roads   |  |             |  |   |
| <p>PO 4.1</p> <p>Internal road surfaces are treated to prevent the generation of dust to contribute to the amenity of residents and travellers.</p>  | <p>DTS/DPF 4.1</p> <p>None are applicable.</p>   |             |  |   |
| Advertisements   |  |             |  |   |
| <p>PO 5.1</p> <p>Freestanding advertisements do not create a visually dominant element within the locality, particularly when facing a residential area.</p>   | <p>DTS/DPF 5.1</p> <p>Freestanding advertisements are:</p> <ul style="list-style-type: none"> <li>(a) up to 2m in height above natural ground level and up to 2m<sup>2</sup> per sign face when located adjacent to a zone primarily for residential development</li> <li>(b) up to 4m in height above natural ground level and up to 4m<sup>2</sup> per sign face in any other case.</li> </ul>   |             |  |   |
| Concept Plans  |  |             |  |   |
| <p>PO 6.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 6.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <table border="1"> <thead> <tr> <th>Description</th> </tr> </thead> <tbody> <tr> <td>Concept Plan 75 - Warrengie Development Area Land Form / Building Module Cross Section - Warrengie</td> </tr> <tr> <td>Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints</td> </tr> </tbody> </table> <p>In relation to DTS/DPF 6.1, in instances where:</p> <ul style="list-style-type: none"> <li>(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.</li> <li>(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 6.1 is met.</li> </ul> | Description | Concept Plan 75 - Warrengie Development Area Land Form / Building Module Cross Section - Warrengie | Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints |
| Description  |  |             |  |   |
| Concept Plan 75 - Warrengie Development Area Land Form / Building Module Cross Section - Warrengie   |  |             |  |   |
| Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints  |  |             |  |   |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development   | Accepted Development Classification Criteria   |
|--|--|
| <p>Brush fence</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Hazards (Flooding) Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Ramsar Wetlands Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>1. The fence is formed (wholly or partially) from brush</li> <li>2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels)</li> <li>3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)</li> <li>4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol> |
| <p>Building alterations</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. The alteration does not:                         <ul style="list-style-type: none"> <li>(a) increase the floor area of the building</li> <li>(b) exceed the existing wall height</li> <li>(c) exceed the existing overall building height</li> <li>(d) alter the roof profile</li> <li>(e) alter an approved privacy screening arrangement or window treatment</li> </ul> </li> <li>2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.</li> </ol>                              |

|   |  |
|---|--|
| <p>Building work on railway land<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Coastal Areas Overlay</li> <li>• Hazards (Acid Sulfate Soils) Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Significant Landscape Protection Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. Building work is associated with a railway.</li> <li>2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)</li> <li>3. It is required for the conduct or maintenance of railway activities</li> <li>4. It does not involve the clearance of native vegetation</li> <li>5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas</li> </ol>   |
| <p>Carport<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Future Local Road Widening Overlay</li> <li>• Future Road Widening Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>3. It is ancillary to a dwelling erected on the site</li> <li>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary</li> <li>5. Total floor area - does not exceed 40m<sup>2</sup></li> <li>6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end)</li> <li>7. Building height - does not exceed 5m</li> <li>8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless:             <ol style="list-style-type: none"> <li>(a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and</li> <li>(b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent</li> </ol> </li> <li>9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):             <ol style="list-style-type: none"> <li>(a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and</li> <li>(b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure</li> </ol> </li> <li>10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment</li> <li>11. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)</li> <li>12. The carport is located so that vehicle access:             <ol style="list-style-type: none"> <li>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or</li> <li>(b) is not obtained from a State Maintained Road, and will use a driveway that:                 <ol style="list-style-type: none"> <li>(i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing;</li> <li>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;</li> <li>(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average</li> <li>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access</li> <li>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site</li> </ol> </li> </ol> </li> <li>13. If any part involves cladding in sheet metal will have cladding which is pre-colour treated or painted in a non-reflective colour</li> <li>14. Does not involve the clearance of native vegetation.</li> </ol> |
| <p>Outbuilding<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Coastal Areas Overlay</li> <li>• Future Local Road Widening Overlay</li> <li>• Future Road Widening Overlay</li> <li>• Hazards (Flooding) Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Significant Landscape Protection Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>3. It is detached from and ancillary to a dwelling erected on the site.</li> <li>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary</li> <li>5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)</li> <li>6. Total floor area - does not exceed 40m<sup>2</sup></li> <li>7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)</li> <li>8. Building height - does not exceed 5m</li> <li>9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:             <ol style="list-style-type: none"> <li>(a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and</li> </ol> </li> </ol>   |

|   |   |
|---|---|
|   | <p>(b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent</p> <p>10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):</p> <p>(a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and</p> <p>(b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure</p> <p>11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%</p> <p>12. If the outbuilding is a garage door opening for vehicle access facing a street frontage does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)</p> <p>13. If the outbuilding is a garage, it is located so that vehicle access:</p> <p>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or</p> <p>(b) is not obtained from a State Maintained Road, will use a driveway that:</p> <p>(i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing;</p> <p>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;</p> <p>(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average</p> <p>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access</p> <p>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site</p> <p>14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour</p> <p>15. Does not involve-</p> <p>(a) excavation exceeding a vertical height of 1m; or</p> <p>(b) filling exceeding a vertical height of 1m,</p> <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2m.</p> <p>16. Does not involve the clearance of native vegetation</p> <p>17. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</p> |
| <p>Partial demolition of a building or structure<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <p>None</p>   |
| <p>Private bushfire shelter<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Coastal Areas Overlay</li> <li>• Future Local Road Widening Overlay</li> <li>• Future Road Widening Overlay</li> <li>• Hazards (Acid Sulfate Soils) Overlay</li> <li>• Hazards (Flooding) Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• River Murray Flood Plain Protection Area Overlay</li> <li>• Significant Landscape Protection Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>3. Primary street setback - at least as far back as the building to which it is ancillary</li> <li>4. Secondary street setback - at least 900mm from the boundary of the allotment</li> <li>5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place)</li> <li>6. Does not involve the clearance of native vegetation.</li> </ol>  |
| <p>Shade sail<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Future Local Road Widening Overlay</li> <li>• Future Road Widening Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>   | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>3. Shade sail consists of permeable material</li> <li>4. The total area of the sail - does not exceed 40m<sup>2</sup></li> <li>5. No part of the shade sail will be:             <ol style="list-style-type: none"> <li>(a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment</li> <li>(b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment</li> </ol> </li> <li>6. Primary street setback - at least as far back as the building line of the building to which it is ancillary</li> </ol>  |

|  |  |
|--|--|
|  | <ol style="list-style-type: none"> <li>7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 8m</li> <li>8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary.</li> <li>9. Does not involve the clearance of native vegetation</li> <li>10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol>   |
| <p>Solar photovoltaic panels (roof mounted)<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>   | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof</li> <li>3. Panels and associated components do not overhang any part of the roof.</li> <li>4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system.</li> <li>5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.</li> </ol>   |
| <p>Swimming pool or spa pool and associated swimming pool safety features<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Future Local Road Widening Overlay</li> <li>• Future Road Widening Overlay</li> <li>• Hazards (Flooding) Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>.</li> <li>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.</li> <li>3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted.</li> <li>4. Allotment boundary setback - not less than 1m (other than a swimming pool safety feature).</li> <li>5. Primary street setback - at least as far back as the building line of the building to which it is ancillary.</li> <li>6. Location of filtration system from a dwelling on an adjoining allotment:             <ol style="list-style-type: none"> <li>(a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or</li> <li>(b) not less than 12m in any other case.</li> </ol> </li> <li>7. Does not involve the clearance of native vegetation.</li> <li>8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol> |
| <p>Verandah<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Future Local Road Widening Overlay</li> <li>• Future Road Widening Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>3. It is ancillary to a dwelling erected on the site</li> <li>4. Primary street setback - as far back as the building line of the building to which it is ancillary</li> <li>5. Total floor area - does not exceed 40m<sup>2</sup></li> <li>6. Post height - does not exceed 3m measured from natural ground level</li> <li>7. Building height - does not exceed 5m</li> <li>8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment</li> <li>9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%</li> <li>10. Does not involve the clearance of native vegetation.</li> </ol>  |
| <p>Water tank (above ground)<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Ramsar Wetlands Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>3. The tank is part of a roof drainage system</li> <li>4. Total floor area - not exceeding 15m<sup>2</sup></li> <li>5. The tank is located wholly above ground</li> <li>6. Tank height - does not exceed 4m above natural ground level</li> <li>7. Primary street setback - at least as far back as the building line of the building to which it is ancillary</li> <li>8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour</li> <li>9. Does not involve the clearance of native vegetation.</li> </ol>   |
| <p>Water tank (underground)<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Coastal Areas Overlay</li> <li>• Hazards (Acid Sulfate Soils) Overlay</li> <li>• Ramsar Wetlands Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>2. The tank (including any associated pump) is located wholly below the level of the ground</li> <li>3. Does not involve the clearance of native vegetation.</li> </ol>  |

**Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development   | Deemed-to-Satisfy Development Classification Criteria                       |  |   |  |

**Table 3 - Applicable Policies for Performance Assessed Development**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies   |  |  |   |

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions  |
|----------------------|---|
| Industry             | Light industry  |
| Land division        | Any of the following:<br><br>(a) land division where a lease or licence agreement is made, granted or accepted under the <i>Residential Parks Act 2007</i><br>(b) land division that is a boundary realignment. |
| Shop                 | Any of the following:<br><br>(a) shop with a gross leasable floor area less than 1000m <sup>2</sup><br>(b) shop that is a restaurant.   |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| Class of Development<br>(Column A)  | Exceptions<br>(Column B)  |
|---|---|
| 1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.   | None specified.   |
| 2. Any development involving any of the following (or of any combination of any of the following):<br>(a) advertisement<br>(b) amenity block, shower, toilet and laundry facilities (or any combination thereof)<br>(c) tourist accommodation.  | Except development that:<br>1. exceeds the maximum building height specified in Caravan and Tourist Park Zone DTS/DPF 2.1<br>or<br>2. does not satisfy Caravan and Tourist Park Zone DTS/DPF 2.5.   |
| 3. Any development involving any of the following (or of any combination of any of the following):<br>(a) air handling unit, air conditioning system or exhaust fan<br>(b) carport<br>(c) deck<br>(d) fence<br>(e) internal building work<br>(f) land division<br>(g) outbuilding<br>(h) pergola<br>(i) private bushfire shelter<br>(j) recreation area<br>(k) replacement building<br>(l) retaining wall<br>(m) shade sail<br>(n) solar photovoltaic panels (roof mounted)<br>(o) swimming pool or spa pool and associated swimming pool safety features<br>(p) temporary accommodation in an area affected by bushfire<br>(q) tree damaging activity<br>(r) verandah<br>(s) water tank. | None specified.   |
| 4. Demolition.  | Except any of the following:<br>1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)<br>2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building). |
| 5. Office.  | Except office that does not satisfy Caravan and Tourist Park Zone DTS/DPF 1.7.  |
| 6. Railway line.  | Except where located outside of a rail corridor or rail reserve.  |
| 7. Shop.  | Except shop that does not satisfy Caravan and Tourist Park Zone DTS/DPF 1.6 or where the site of the development is adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone.   |
| 8. Telecommunications facility.   | Except telecommunications facility exceeding 30m in height or where the site of the development is adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone.  |

**Placement of Notices - Exemptions for Performance Assessed Development**

None specified.

**Placement of Notices - Exemptions for Restricted Development**

None specified.

**Assessment Provisions (AP)**

Desired Outcome (DO)

| Desired Outcome |  |
|-----------------|--|
| DO 1            | Predominantly low-rise, low to medium-density housing, with medium rise in identified areas, that supports a range of needs and lifestyles located within easy reach of a diversity of services and facilities that support city living. Small scale employment and community service uses contribute to making the neighbourhood a convenient place to live without compromising residential amenity. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome   | Deemed-to-Satisfy Criteria / Designated Performance Feature   |
|---|---|
| Land Use and Intensity  |   |
| <p>PO 1.1</p> <p>Diverse housing and accommodation complemented by a range of compatible non-residential uses supporting an active and convenient neighbourhood.</p>  | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> <li>(a) Child care facility</li> <li>(b) Community facility</li> <li>(c) Consulting room</li> <li>(d) Dwelling</li> <li>(e) Educational facility</li> <li>(f) Office</li> <li>(g) Personal or domestic services establishment</li> <li>(h) Place of worship</li> <li>(i) Recreation area</li> <li>(j) Residential flat building</li> <li>(k) Retirement facility</li> <li>(l) Supported accommodation.</li> </ul>  |

Allotments created for residential purposes that are of suitable size and dimension and are compatible with the housing pattern consistent to the locality.

Except on a Catalyst Site in the East Terrace Subzone, development accords with the following:

- (a) site areas (or allotment areas in the case of land division) not less than:

| Minimum Site Area   |
|---|
| Minimum site area for a detached dwelling is 100 sqm; semi-detached dwelling is 100 sqm; row dwelling is 100 sqm; group dwelling is 100 sqm; residential flat building is 100 sqm |
| Minimum site area for a detached dwelling is 120 sqm; semi-detached dwelling is 120 sqm; row dwelling is 120 sqm; group dwelling is 120 sqm; residential flat building is 120 sqm |
| Minimum site area for a detached dwelling is 200 sqm; semi-detached dwelling is 200 sqm; row dwelling is 200 sqm; group dwelling is 200 sqm; residential flat building is 200 sqm |
| Minimum site area for a detached dwelling is 350 sqm; semi-detached dwelling is 350 sqm; row dwelling is 350 sqm; group dwelling is 350 sqm; residential flat building is 350 sqm |
| Minimum site area for a detached dwelling is 450 sqm; semi-detached dwelling is 450 sqm; group dwelling is 450 sqm; residential flat building is 450 sqm                          |
| Minimum site area for a detached dwelling is 450 sqm; semi-detached dwelling is 450 sqm; row dwelling is 450 sqm; group dwelling is 450 sqm; residential flat building is 450 sqm |
| Minimum site area for a detached dwelling is 600 sqm; semi-detached dwelling is 450 sqm; group dwelling is 600 sqm; residential flat building is 500 sqm                          |

- (b) site frontages not less than:

| Minimum Frontage  |
|---|
| Minimum frontage for a detached dwelling is 12m; semi-detached dwelling is 10m; row dwelling is 7m; group dwelling is 18m; residential flat building is 18m |
| Minimum frontage for a detached dwelling is 12m; semi-detached dwelling is 12m; group dwelling is 18m; residential flat building is 18m                     |
| Minimum frontage for a detached dwelling is 14m; semi-detached dwelling is 12m; group dwelling is 18m; residential flat building is 18m                     |
| Minimum frontage for a detached dwelling is 14m; semi-detached dwelling is 12m; row dwelling is 18m; residential flat building is 18m                       |
| Minimum frontage for a detached dwelling is 14m; semi-detached dwelling is 12m; row dwelling is 7m; group dwelling is 18m; residential flat building is 18m |

In relation to DTS/DPF 4.1, in instances where:

- (c) more than one value is returned in the same field, refer to the *Minimum Frontage Technical and Numeric Variation* layer or *Minimum Site Area Technical and Numeric Variation* layer in the SA planning database to determine the applicable value relevant to the site of the proposed development
- (d) no value is returned for DTS/DPF 4.1(a) or (b) (i.e. there is a blank field or the relevant dwelling type is not listed), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy.

Car Parking and Access

|  |  |
|--|--|
| <p>PO 5.1</p> <p>Access to parking and service areas located and designed to minimise the impacts to pedestrian environments and maintain the residential scale and pattern of development, through measures such as:</p> <ul style="list-style-type: none"> <li>(a) providing access from minor streets, or side or rear lanes provided road width is suitable and the traffic generation does not unreasonably impact residential amenity</li> <li>(b) siting any new car parking away from street frontages.</li> </ul> | <p>DTS/DPF 5.1</p> <p>None are applicable.</p> |
|--|--|

|   |  |
|---|--|
| <p>PO 5.2</p> <p>Car parking associated with development on an institutional or college site identified on a concept plan is provided at basement level to minimise the streetscape impact.</p> | <p>DTS/DPF 5.2</p> <p>None are applicable.</p> |
|---|--|

Advertisements

|   |  |
|---|--|
| <p>PO 6.1</p> <p>Advertisements identify the associated business activity, and do not detract from the residential character of the locality.</p> | <p>DTS/DPF 6.1</p> <p>Advertisements relating to a lawful business activity associated with a residential use do not exceed 0.3m<sup>2</sup> and mounted flush with a wall or fence.</p> |

| Description   |
|---|
| Concept Plan 33 - Helping Hand Aged Care                |
| Concept Plan 84 - Carrington Street South               |
| Concept Plan 83 - Former Channel 9 Site, North Adelaide |

In relation to DTS/DPF 7.1, in instances where:

- (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.
- (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 7.1 is met.

Ancillary Buildings and Structures

**PO 8.1**  
Residential ancillary buildings are sited and designed to not detract from the streetscape or appearance of primary residential buildings on the site or neighbouring properties.

DTS/DPF 8.1

Ancillary buildings:

- (a) are ancillary to a dwelling erected on the same site
- (b) have a floor area not exceeding 60m<sup>2</sup>
- (c) are not constructed, added to or altered so that any part is situated:
  - (i) in front of any part of the building line of the dwelling to which it is ancillary or
  - (ii) within 900mm of a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads)
- (d) in the case of a garage or carport, the garage or carport:
  - (i) is set back at least 5.5m from the boundary of the primary street
  - (ii) when facing a primary street or secondary street, has a total door / opening not exceeding:
    - A. for dwellings of single building level - 7m in width or 30% of the site frontage, or 7m in width or 50% of the site frontage where located in the Medium-High Intensity Subzone or the East Terrace Subzone, whichever is the lesser
    - B. for dwellings comprising two or more building levels at the building line fronting the same public street - 7m in width
- (e) if situated on a boundary (not being a boundary with a primary street or secondary street), do not exceed a length of 8m, or 11.5m where located in the Medium-High Intensity Subzone or East Terrace Subzone, unless:
  - (i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary and
  - (ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
- (f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary will not exceed 45% of the length of that boundary
- (g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or about the proposed wall or structure
- (h) have a wall height or post height not exceeding 3m above natural ground level (and not including a gable end)
- (i) have a roof height where no part of the roof is more than 5m above the natural ground level
- (j) if clad in sheet metal, is pre-colour treated or painted in a non-reflective colour
- (k) retains a total area of soft landscaping in accordance with (i) or (ii), whichever is less:
- (i) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m <sup>2</sup> ) | Minimum percentage of site |
|--|----------------------------|
| <150   | 10%                        |
| 150-200  | 15%                        |
| 201-450  | 20%                        |
| >450   | 25%                        |

- (ii) the amount of existing soft landscaping prior to the development occurring.

**PO 8.2**  
Ancillary buildings and structures do not impede on-site functional requirements such as private open space provision, car parking requirements or result in over-development of the site.

DTS/DPF 8.2

Ancillary buildings and structures do not result in:

- (a) less private open space than specified in Design in Urban Areas Table 1 - Private Open Space

|   | (b) less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas.  |                |            |                    |                  |                    |                  |
|---|---|----------------|------------|--------------------|------------------|--------------------|------------------|
| <p>PO 8.3</p> <p>Buildings and structures that are ancillary to an existing non-residential use do not detract from the streetscape character, appearance of buildings on the site of the development, or the amenity of neighbouring properties.</p> | <p>DTS/DPF 8.3</p> <p>Non-residential ancillary buildings and structures:</p> <p>(a) are ancillary and subordinate to an existing non-residential use on the same site</p> <p>(b) have a floor area not exceeding the following:</p> <table border="1" data-bbox="866 324 1115 403"> <thead> <tr> <th>Allotment size</th> <th>Floor area</th> </tr> </thead> <tbody> <tr> <td>≤500m<sup>2</sup></td> <td>60m<sup>2</sup></td> </tr> <tr> <td>&gt;500m<sup>2</sup></td> <td>80m<sup>2</sup></td> </tr> </tbody> </table> <p>(c) are not constructed, added to or altered so that any part is situated:</p> <p>(i) in front of any part of the building line of the main building to which it is ancillary</p> <p>or</p> <p>(ii) within 900mm of a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads)</p> <p>(d) in the case of a garage or carport, the garage or carport:</p> <p>(i) is set back at least 5.5m from the boundary of the primary street</p> <p>(e) if situated on a boundary (not being a boundary with a primary street or secondary street), do not exceed a length of 11.5m unless:</p> <p>(i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary</p> <p>(ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent</p> <p>(f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary will not exceed 45% of the length of that boundary</p> <p>(g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or about the proposed wall or structure</p> <p>(h) have a wall height (or post height) not exceeding 3m (and not including a gable end)</p> <p>(i) have a roof height where no part of the roof is more than 5m above the natural ground level</p> <p>(j) if clad in sheet metal, is pre-colour treated or painted in a non-reflective colour.</p> | Allotment size | Floor area | ≤500m <sup>2</sup> | 60m <sup>2</sup> | >500m <sup>2</sup> | 80m <sup>2</sup> |
| Allotment size  | Floor area  |                |            |                    |                  |                    |                  |

| >500m <sup>2</sup>  | 80m <sup>2</sup>  |                |            |                    |                  |                    |                  |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development  | Accepted Development Classification Criteria  |
|---|---|
| <p>Building alterations</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>Local Heritage Place Overlay</li> <li>State Heritage Area Overlay</li> <li>State Heritage Place Overlay</li> </ul>   | <ol style="list-style-type: none"> <li>The alteration does not:                     <ol style="list-style-type: none"> <li>increase the floor area of the building</li> <li>exceed the existing wall height</li> <li>exceed the existing overall building height</li> <li>alter the roof profile</li> <li>alter an approved privacy screening arrangement or window treatment</li> </ol> </li> <li>Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.</li> </ol>   |
| <p>Carport</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>Future Local Road Widening Overlay</li> <li>Future Road Widening Overlay</li> <li>Historic Area Overlay</li> <li>Local Heritage Place Overlay</li> <li>State Heritage Area Overlay</li> <li>State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>.</li> <li>The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.</li> <li>It is ancillary to a dwelling erected on the site.</li> <li>Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.</li> <li>Total floor area - does not exceed 40m<sup>2</sup>.</li> <li>Post height - does not exceed 3m measured from natural ground level (and not including a gable end).</li> <li>Building height - does not exceed 5m.</li> <li>If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 8m unless:                     <ol style="list-style-type: none"> <li>a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and</li> <li>the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.</li> </ol> </li> <li>If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):</li> </ol> |

- (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
  - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.
10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment.
  11. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser).
  12. The carport is located so that vehicle access:
    - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
    - (b) is not obtained from a State Maintained Road, and will use a driveway that:
      - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
      - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
      - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
      - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
      - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site.
  13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.
  14. Does not involve the clearance of native vegetation
  15. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m <sup>2</sup> ) | Minimum percentage of site |
|--|----------------------------|
| <150   | 10%                        |
| 150-200  | 15%                        |
| 201-450  | 20%                        |
| >450   | 25%                        |

(b) the amount of existing soft landscaping prior to the development occurring.

Fence and retaining wall structure  
Except where any of the following apply:

- Hazards (Flooding) Overlay
- Local Heritage Place Overlay
- River Murray Flood Plain Protection Area Overlay
- River Murray Tributaries Protection Area Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The retaining wall retains a difference in ground levels not exceeding 1.5 metres (measured from the lower of the 2 adjoining finished ground levels).
2. The total combined height of the fence and retaining wall structure is less than 3.3 metres in height (measured from the lower of the 2 adjoining finished ground levels)
3. The structure is located behind the building line of the associated dwelling and any dwelling on adjoining land.
4. The structure is not located on a secondary street boundary.
5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas

Outbuilding  
Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is detached from and ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads).
6. Total floor area - does not exceed 40m<sup>2</sup>.
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end).
8. Building height - does not exceed 5m.
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 8m unless:
  - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and

- (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.
10. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%.
  11. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
    - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
    - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.
  12. If the outbuilding is a garage, it is located so that vehicle access:
    - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
    - (b) is not obtained from a State Maintained Road, and will use a driveway that:
      - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
      - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
      - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
      - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
      - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site

13. If clad in sheet metal is pre-colour treated or painted in a non-reflective colour.
14. Does not involve-
  - (a) excavation exceeding a vertical height of 1 metre; or
  - (b) filling exceeding a vertical height of 1 metre,

and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.

15. Does not involve the clearance of native vegetation.
16. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
17. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m <sup>2</sup> ) | Minimum percentage of site |
|--|----------------------------|
| <150   | 10%                        |
| 150-200  | 15%                        |
| 201-450  | 20%                        |
| >450   | 25%                        |

(b) the amount of existing soft landscaping prior to the development occurring.

Partial demolition of a building or structure  
Except where any of the following apply:

- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

None

Shade sail  
Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. Shade sail consists of permeable material.
4. The total area of the sail - does not exceed 40m<sup>2</sup>.
5. No part of the shade sail will be:
  - (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment
  - (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment.

|  | <ol style="list-style-type: none"> <li>6. Primary street setback - at least as far back as the building line of the building to which it is ancillary.</li> <li>7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 8m.</li> <li>8. **Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development  | Deemed-to-Satisfy Development Classification Criteria   |   |   |   |

**Table 3 - Applicable Policies for Performance Assessed Development**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development    | Applicable Policies   |  |  |  |
|-------------------------|---|--|--|--|
|                         | Zone  | General Development Policies   | Subzone<br>(applies only in the area affected by the Subzone)  | Overlay<br>(applies only in the area affected by the Overlay)  |

Character Area Overlay [Context and Streetscape Amenity]  
PO 6.1, PO 6.2

Character Preservation District Overlay [Built Form and Character]  
PO 2.1, PO 2.2

Character Preservation District Overlay [Built Form and Character in the Rural Area]  
PO 3.1, PO 3.2, PO 3.3, PO 3.4, PO 3.5, PO 3.6

Character Preservation District Overlay [Earthworks]  
PO 4.1

Coastal Areas Overlay [Hazard Risk Minimisation]  
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Coastal Areas Overlay [Coast Protection Works]  
PO 3.1, PO 3.2

Coastal Areas Overlay [Environment Protection]  
PO 4.1, PO 4.2, PO 4.3, PO 4.4, PO 4.6, PO 4.7

Coastal Areas Overlay [Access]  
PO 5.1, PO 5.2, PO 5.4

Coastal Flooding Overlay  
PO 1.1

Defence Aviation Area Overlay [Built Form]  
PO 1.1

Future Local Road Widening Overlay [Future Road Widening]  
PO 1.1

Future Road Widening Overlay [Future Road Widening]  
PO 1.1

Gateway Overlay [Built Form and Character]  
PO 1.1, PO 1.2

Gateway Overlay [Landscape Amenity]  
PO 2.1

Gateway Overlay [Landscaping]  
PO 3.1, PO 3.2, PO 3.3, PO 3.4

Hazards (Acid Sulfate Soils) Overlay [Land Use and Intensity]  
PO 1.1

Hazards (Bushfire - General Risk) Overlay [Siting]  
PO 1.1

Hazards (Bushfire - General Risk) Overlay [Built Form]  
PO 2.1, PO 2.2

Hazards (Bushfire - General Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]  
PO 5.2, PO 5.3

Hazards (Bushfire - High Risk) Overlay [Land Use]  
PO 1.1

Hazards (Bushfire - High Risk) Overlay [Siting]  
PO 2.1

Hazards (Bushfire - High Risk) Overlay [Built Form]  
PO 3.1, PO 3.2

Hazards (Bushfire - High Risk) Overlay [Vehicle Access - Roads, Driveways and Fire Tracks] PO 6.2, PO 6.3

Hazards (Bushfire - Medium Risk) Overlay [Siting] PO 1.1

Hazards (Bushfire - Medium Risk) Overlay [Built Form] PO 2.1, PO 2.2

Hazards (Bushfire - Medium Risk) Overlay [Vehicle Access - Roads, Driveways and Fire Tracks] PO 5.2, PO 5.3

Hazards (Bushfire - Outback) Overlay [Vehicle Access - Roads and Driveways] PO 2.2

Hazards (Bushfire - Regional) Overlay [Siting] PO 1.1

Hazards (Bushfire - Regional) Overlay [Built Form] PO 2.1, PO 2.2

Hazards (Bushfire - Regional) Overlay [Vehicle Access - Roads and Driveways] PO 5.2, PO 5.3

Hazards (Flooding) Overlay [Flood Resilience] PO 3.1, PO 3.2, PO 3.3, PO 3.4, PO 3.5

Hazards (Flooding) Overlay [Environmental Protection] PO 4.1, PO 4.2

Hazards (Flooding) Overlay [Site Earthworks] PO 5.1, PO 5.2

Hazards (Flooding) Overlay [Access] PO 6.1, PO 6.2

Heritage Adjacency Overlay [Built Form] PO 1.1

Historic Area Overlay [All Development] PO 1.1

Historic Area Overlay [Built Form] PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Historic Area Overlay [Ancillary development] PO 4.1, PO 4.2

Historic Area Overlay [Context and Streetscape Amenity] PO 6.1, PO 6.2

Historic Area Overlay [Ruins] PO 8.1

Historic Shipwrecks Overlay [General] PO 1.1

Key Outback and Rural Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)] PO 1.1

Key Outback and Rural Routes Overlay [Access - On-Site Queuing] PO 2.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - Existing Access Points] PO 3.1

| All other Code Assessed Development | All | All | All | Any relevant Overlay: All   |

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development   | Exclusions     |
|--|----------------|
| Development associated with or ancillary to any existing non-residential or institutional activity located within the boundary of Concept Plans 25 to 33 inclusive contained within Part 12 - Concept Plans of the Planning and Design Code that is not within, or on a site adjoining, the Concept Plan boundary. | None specified |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| Class of Development<br>(Column A)   | Exceptions<br>(Column B)   |
|--|--|
| 1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.  | None specified.  |
| 2. Any development involving any of the following (or of any combination of any of the following):<br>(a) ancillary accommodation<br>(b) child care facility<br>(c) community centre<br>(d) dwelling<br>(e) dwelling addition<br>(f) recreation area<br>(g) residential flat building<br>(h) retirement facility<br>(i) supported accommodation<br>(j) temporary public service depot. | Except development involving any of the following:<br>1. development that exceeds the maximum building height specified in City Living DTS/DPF 2.2<br>2. development on a Catalyst Site that exceeds the maximum building height in City Living DTS/DPF 2.2 that applies to development not on a Catalyst Site<br>3. development that involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and:<br>(a) the length of the proposed wall (or structure) exceeds 8m, or 11.5m where located in the Medium-High Intensity Subzone or East Terrace Subzone (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment)<br>or<br>(b) the height of the proposed wall (or post height) exceeds 3m measured from the top of footings (other than where the proposed wall (or post) abuts an existing wall or structure of greater height on the adjoining allotment). |
| 3. Any development involving any of the following (or of any combination of any of the following):<br>(a) consulting room<br>(b) office<br>(c) personal or domestic services establishment.  | Except development that:<br>1. does not satisfy City Living Zone DTS/DPF 1.4<br>or<br>2. exceeds the maximum building height specified in City Living Zone DTS/DPF 2.2<br>or   |

| Class of Development<br>(Column A)   | Exceptions<br>(Column B)  |
|--|---|
|  | <p>3. involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and:</p> <ul style="list-style-type: none"> <li>(a) the length of the proposed wall (or structure) exceeds 8m, or 11.5m where located in the Medium-High Intensity Subzone or East Terrace Subzone (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment)</li> <li>or</li> <li>(b) the height of the proposed wall (or post height) exceeds 3m measured from the top of footings (other than where the proposed wall (or post) abuts an existing wall or structure of greater height on the adjoining allotment).</li> </ul> |
| <p>4. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> <li>(a) air conditioning unit, air conditioning system or exhaust fan</li> <li>(b) carport</li> <li>(c) deck</li> <li>(d) fence</li> <li>(e) internal building works</li> <li>(f) land division</li> <li>(g) outbuilding</li> <li>(h) pergola</li> <li>(i) private bushfire shelter</li> <li>(j) retaining wall</li> <li>(k) shade sail</li> <li>(l) solar photovoltaic panels (roof mounted)</li> <li>(m) swimming pool or spa pool and associated swimming pool safety features</li> <li>(n) tree damaging activity</li> <li>(o) verandah</li> <li>(p) water tank.</li> </ul> | <p>None specified.</p>  |
| <p>5. Demolition.</p>  | <p>Except any of the following:</p> <ul style="list-style-type: none"> <li>1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)</li> <li>2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).</li> </ul>   |
| <p>6. Railway line.</p>  | <p>Except where located outside of a rail corridor or rail reserve.</p>   |

**Placement of Notices - Exemptions for Performance Assessed Development**

None specified.

**Placement of Notices - Exemptions for Restricted Development**

None specified.

**Medium-High Intensity Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |  |
|-----------------|--|
| DO1             | Medium rise, medium density housing in a variety of forms with an eclectic mix of supporting non-residential land uses interspersed (including as mixed use development) that complement the area's urban residential amenity. |
| DO2             | Redevelopment of existing non-residential sites into integrated mixed use developments to increase the residential population and vibrancy of the area.  |

| Performance Outcome  | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use and Intensity   |   |
| PO 1.1<br>Development of medium density accommodation types for living, including dwellings and supported accommodation.   | DTS/DPF 1.1<br>None are applicable.                         |
| Interface Height   |   |
| PO 2.1<br>Development in the Medium-High Intensity Subzone that abuts the subzone boundary is designed to manage the interface with areas of the City Living Zone outside the subzone to minimise impacts with regard to building massing, proportions and overshadowing on residential development. | DTS/DPF 2.1<br>None are applicable.                         |

**North Adelaide Low Intensity Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |  |
|-----------------|--|
| DO1             | Predominantly low rise low density housing on large allotments in an open landscaped setting.                                    |
| DO2             | An important part of the town plan of Adelaide and the city grid layout, containing large grand dwellings on landscaped grounds. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome  | Deemed-to-Satisfy Criteria / Designated Performance Feature                    |
|--|--|
| Built Form and Character   |  |
| PO 1.1<br>Buildings sited and designed to complement the low-density or very-low density character of the neighbourhood, in locations where an open landscape setting is the prevailing character.                   | DTS/DPF 1.1<br>None are applicable.  |
| Site Coverage  |  |
| PO 2.1<br>Building footprints consistent with the character and pattern of the prevailing open landscaped character of the neighbourhood, in locations where an open landscaped setting is the prevailing character. | DTS/DPF 2.1<br>The development does not result in site coverage exceeding 50%. |

**East Terrace Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |  |
|-----------------|--|
| DO1             | Predominately medium rise housing on large allotments in an open landscaped setting.   |
| DO2             | Integrated developments on catalyst sites to assist in the transformation of a locality and facilitate an increase in the residential population of the City, while also creating a greater level of activity fronting the Park Lands. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome  |  | Deemed-to-Satisfy Criteria / Designated Performance Feature |  |
|--|--|---|--|
| Site Coverage  |  |   |  |
| PO 1.1<br>Building footprints consistent with the character and pattern of the prevailing open landscaped character of the neighbourhood.  | DTS/DPF 1.1<br>Except on catalyst sites, the development does not result in site coverage exceeding 50%. |   |  |
| Catalyst Sites   |  |   |  |
| PO 2.1<br>Development on a catalyst site includes medium to high scale residential uses.   | DTS/DPF 2.1<br>None are applicable.  |   |  |
| PO 2.2<br>Small scale shops, cafes and restaurants generally integrated with residential development and located on ground or first floor levels to increase street level activity facing the Park Lands.  | DTS/DPF 2.2<br>None are applicable.  |   |  |
| PO 2.3<br>Development designed to respond to its context and manage impacts in relation to building height, building proportions and traffic impacts, and avoid land uses, or intensity of land uses, that adversely affect residential amenity.           | DTS/DPF 2.3<br>None are applicable.  |   |  |
| PO 2.4<br>Parts of a development on a catalyst site that exceed the maximum building height specified in the <i>Building Height (Maximum Levels) Technical and Numeric Variation</i> layer designed to minimise visual impacts on adjacent sensitive uses. | DTS/DPF 2.4<br>None are applicable.  |   |  |

### City Main Street Zone

#### Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |  |
|-----------------|--|
| DO 1            | A mixed use zone providing important shopping, hospitality, commercial, community, cultural and entertainment facilities for the city supported by medium to high-density residential development. Non-residential activities including shops, restaurants and licensed premises positively contribute to the day and evening economies, public safety, walkability and city vibrancy.   |
| DO 2            | The built form positively contributes to: <ul style="list-style-type: none"> <li>(a) a streetscape that is visually interesting at human-scale, comprising articulated buildings with a high level of fenestration and balconies oriented towards the street</li> <li>(b) a fine-grain public realm comprising buildings with active frontages that are designed to reinforce the street rhythm and intimate character, that consider the facades, articulation and massing of existing buildings and any spaces between them, and provide narrow tenancy footprints at ground level.</li> </ul> |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome  |  | Deemed-to-Satisfy Criteria / Designated Performance Feature |  |
|--|--|---|--|
| Land Use and Intensity   |  |   |  |
| PO 1.1<br>A vibrant mix of land uses adding to the vitality of the area and extend activities outside shop hours, including restaurants, educational, community and cultural facilities and visitor and residential accommodation. | DTS/DPF 1.1<br>Development comprises one or more of the following: <ul style="list-style-type: none"> <li>(a) Child care facility</li> <li>(b) Consulting Room</li> <li>(c) Dwelling</li> <li>(d) Educational Facility</li> <li>(e) Hotel</li> <li>(f) Licensed Premises</li> <li>(g) Office</li> <li>(h) Residential Flat Building</li> <li>(i) Retirement Facility</li> <li>(j) Student Accommodation</li> <li>(k) Supported Accommodation</li> <li>(l) Shop</li> <li>(m) Tourist Accommodation</li> </ul> |   |  |

|   |   |
|---|---|
| <p>PO 1.2</p> <p>Retail, office, entertainment and recreation related uses, supplemented by other businesses that provide a range of goods and services to the city and the surrounding district.</p>   | <p>DTS/DPF 1.2</p> <p>None are applicable.</p>  |
| <p>PO 1.3</p> <p>Land uses typically open during night time hours incorporate activities along street frontages at ground level that encourage day time activation compatible with surrounding land uses.</p>   | <p>DTS/DPF 1.3</p> <p>None are applicable.</p>  |
| <p>PO 1.4</p> <p>Dwellings developed in conjunction with non-residential uses to support business, entertainment and recreational activities that contribute to making the main street locality and pedestrian thoroughfares safe, walkable, comfortable, pleasant and vibrant places.</p>  | <p>DTS/DPF 1.4</p> <p>Dwellings developed in conjunction with non-residential uses sited:</p> <ul style="list-style-type: none"> <li>(a) at upper levels of buildings with non-residential uses located at ground level</li> <li>or</li> <li>(b) behind non-residential uses on the same allotment.</li> </ul>  |
| <p>PO 1.5</p> <p>Development of well-designed and diverse medium to high density accommodation options, including dwellings, supported accommodation, student accommodation, short term accommodation, either as part of a mixed use development or wholly residential development.</p>   | <p>DTS/DPF 1.5</p> <p>None are applicable.</p>  |
| <p>PO 1.6</p> <p>Ground floor level uses generate high levels of pedestrian activity and contribute to an active and vibrant main street.</p>   | <p>DTS/DPF 1.6</p> <p>Shop, office, or consulting room uses located on the ground floor level of buildings.</p>   |
| <p>PO 1.7</p> <p>Changes in the use of land encourage the efficient reuse of commercial premises to maintain and enhance vibrancy within activity centres.</p>  | <p>DTS/DPF 1.7</p> <p>A change of use to a shop, office, consulting room or any combination of these uses where all of the following are achieved:</p> <ul style="list-style-type: none"> <li>(a) the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses;</li> <li>(b) if the proposed change of use is for a shop that primarily involves the handling and sale of foodstuffs, areas used for the storage and collection of refuse are sited at least 10m from the site of a dwelling (other than a dwelling directly associated with the proposed shop)</li> <li>(c) if the proposed change of use is for a shop that primarily involves heating and cooking of foodstuffs in a commercial kitchen and is within 30m of any neighbourhood-type zone boundary or a dwelling (other than a dwelling directly associated with the proposed shop), an exhaust duct and stack (chimney) exists or is capable of being installed for discharging exhaust emissions</li> <li>(d) if the change in use involves a gross leasable floor area greater than 250m<sup>2</sup> and has direct frontage to an arterial road, it achieves either (i) or (ii): <ul style="list-style-type: none"> <li>(i) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) is from a road that is not an arterial road</li> <li>(ii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared</li> </ul> </li> </ul> |
| <p>Built Form and Character</p>   |   |
| <p>PO 2.1</p> <p>Buildings are:</p> <ul style="list-style-type: none"> <li>(a) designed to reinforce the street edge and grid pattern of the city streets</li> <li>(b) designed to include a podium/street wall and upper level setback that responds to local context, including the scale and context of adjacent built form, to ensure a cohesive and consistent streetscape and positively contribute to a sense of enclosure</li> <li>(c) of a rich visual design that has regard to above street level fenestration, balconies, parapets, architectural detailing and ornamentation.</li> </ul>                             | <p>DTS/DPF 2.1</p> <p>None are applicable.</p>  |
| <p>PO 2.2</p> <p>Buildings and structures are designed to complement and respond to the established fine grained main street character by:</p> <ul style="list-style-type: none"> <li>(a) ensuring the verandah profile, and materials of construction are consistent with and positively respond to adjacent traditional main street buildings</li> <li>(b) complementing the traditional shop-front elements, such as narrow buildings and tenancy footprints, with frequently repeated frontages, and clear-glazed narrow shop front displays above raised display levels [base stall boards] and recessed entries.</li> </ul> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p>  |
| <p>PO 2.3</p> <p>Buildings are designed to create visual connection between the public realm and ground level</p>   | <p>DTS/DPF 2.3</p> <p>The ground floor primary frontage of buildings provide at least 60% of the street frontage as</p>   |

| interior to ensure an active interface with the main street and maximise passive surveillance.  | an entry / foyer or display window to a shop or other community or commercial use that provides pedestrian interest and activation.   |                                  |                                     |                                     |                                     |                                  |                                |                                |                                |                                |                                |                            |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development   | Accepted Development Classification Criteria  |
|--|---|
| Building alterations<br>Except where any of the following apply: <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>1. The alteration does not:                             <ul style="list-style-type: none"> <li>(a) increase the floor area of the building</li> <li>(b) exceed the existing wall height</li> <li>(c) exceed the existing overall building height</li> <li>(d) alter the roof profile</li> <li>(e) alter an approved privacy screening arrangement or window treatment</li> </ul> </li> <li>2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.</li> </ol>   |
| Consulting room<br>Except where any of the following apply: <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>      | A change of use to a shop (except where it involves handling and sale of foodstuffs, the heating and cooking of foodstuffs in a commercial kitchen, or a restaurant), office, consulting room or any combination of these uses where all of the following are achieved: <ol style="list-style-type: none"> <li>1. the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses</li> <li>2. if the change in use involves a gross leasable floor area greater than 250m2 and has direct frontage to an arterial road, it achieves:                             <ul style="list-style-type: none"> <li>(a) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) from a road that is not an arterial road</li> <li>or</li> <li>(b) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared</li> </ul> </li> <li>3. off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking [Vehicle Parking Rates]: DTS 5.1 to the nearest whole number, except where:                             <ul style="list-style-type: none"> <li>(a) the building is a local heritage place</li> <li>or</li> <li>(b) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made)</li> <li>or</li> <li>(c) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared.</li> </ul> </li> </ol> |

|   |   |
|---|---|
| <p>Office<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <p>A change of use to a shop (except where it involves handling and sale of foodstuffs, the heating and cooking of foodstuffs in a commercial kitchen, or a restaurant), office, consulting room or any combination of these uses where all of the following are achieved:</p> <ol style="list-style-type: none"> <li>1. the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses</li> <li>2. if the change in use involves a gross leasable floor area greater than 250m<sup>2</sup> and has direct frontage to an arterial road, it achieves:             <ol style="list-style-type: none"> <li>(a) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) from a road that is not an arterial road</li> <li>or</li> <li>(b) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared</li> </ol> </li> <li>3. off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking [Vehicle Parking Rates]: DTS 5.1 to the nearest whole number, except where:             <ol style="list-style-type: none"> <li>(a) the building is a local heritage place</li> <li>or</li> <li>(b) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made)</li> <li>or</li> <li>(c) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared.</li> </ol> </li> </ol> |
| <p>Partial demolition of a building or structure<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <p>None</p>   |
| <p>Shade sail<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Future Local Road Widening Overlay</li> <li>• Future Road Widening Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>3. Shade sail consists of permeable material</li> <li>4. The total area of the sail - does not exceed 40m<sup>2</sup></li> <li>5. No part of the shade sail will be:             <ol style="list-style-type: none"> <li>(a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment</li> <li>(b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment</li> </ol> </li> <li>6. Primary street setback - at least as far back as the building line of the building to which it is ancillary</li> <li>7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m</li> <li>8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary.</li> <li>9. Does not involve the clearance of native vegetation</li> <li>10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol>   |
| <p>Shop<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <p>A change of use to a shop (except where it involves handling and sale of foodstuffs, the heating and cooking of foodstuffs in a commercial kitchen, or a restaurant), office, consulting room or any combination of these uses where all of the following are achieved:</p> <ol style="list-style-type: none"> <li>1. the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses</li> <li>2. if the change in use involves a gross leasable floor area greater than 250m<sup>2</sup> and has direct frontage to an arterial road, it achieves:             <ol style="list-style-type: none"> <li>(a) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) from a road that is not an arterial road</li> <li>or</li> </ol> </li> </ol>  |

|   |  |
|---|--|
|   | <p>(b) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared</p> <p>3. off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking [Vehicle Parking Rates]: DTS 5.1 to the nearest whole number, except where:</p> <p>(a) the building is a local heritage place</p> <p>or</p> <p>(b) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made)</p> <p>or</p> <p>(c) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared.</p> |
| <p>Solar photovoltaic panels (roof mounted)<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof</li> <li>3. Panels and associated components do not overhang any part of the roof</li> <li>4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system</li> <li>5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.</li> </ol>   |
| <p>Temporary public service depot<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Hazards (Flooding) Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Major Urban Transport Routes Overlay</li> <li>• State Heritage Place Overlay</li> <li>• Traffic Generating Development Overlay</li> <li>• Urban Transport Routes Overlay</li> </ul> | <ol style="list-style-type: none"> <li>1. Occupies land for no longer than 3 months</li> <li>2. Ensures litter and water are contained on site</li> <li>3. Provides temporary security fencing around the perimeter of the site.</li> </ol>  |
| <p>Water tank (underground)<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Coastal Areas Overlay</li> <li>• Hazards (Acid Sulfate Soils) Overlay</li> <li>• Ramsar Wetlands Overlay</li> </ul>   | <ol style="list-style-type: none"> <li>1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>2. The tank (including any associated pump) is located wholly below the level of the ground</li> <li>3. Does not involve the clearance of native vegetation.</li> </ol>  |

**Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development  | Deemed-to-Satisfy Development Classification Criteria |  |   |  |
|---|---|--|---|--|
|   | Zone  | General Development Policies   | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay)  |
| <p>Advertisement</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Character Preservation District Overlay</li> <li>• Heritage Adjacency Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Non-stop Corridor Overlay</li> <li>• Significant Landscape Protection Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | None  | <p>Advertisements [Appearance] DTS/DPF 1.1, DTS/DPF 1.2, DTS/DPF 1.3, DTS/DPF 1.4</p> <p>Advertisements [Proliferation of Advertisements] DTS/DPF 2.3</p> <p>Advertisements [Advertising Content] DTS/DPF 3.1</p> <p>Advertisements [Amenity Impacts] DTS/DPF 4.1</p> <p>Advertisements [Safety] DTS/DPF 5.1, DTS/DPF 5.2, DTS/DPF 5.3, DTS/DPF 5.4, DTS/DPF 5.5, DTS/DPF 5.6</p> <p>Clearance from Overhead Powerlines DTS/DPF 1.1</p> <p>Infrastructure and Renewable Energy Facilities [Wastewater Services] DTS/DPF 12.2</p> | None  | <p>Advertising Near Signalised Intersections Overlay [Advertisements Near Signalised Intersections] DTS/DPF 1.1</p> <p>Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] DTS/DPF 1.1</p> <p>Airport Building Heights (Regulated) Overlay [Built Form] DTS/DPF 1.1</p> <p>Building Near Airfields Overlay DTS/DPF 1.3</p> <p>Defence Aviation Area Overlay [Built Form] DTS/DPF 1.1</p> <p>Future Road Widening Overlay [Future Road Widening] DTS/DPF 1.1</p> <p>Gateway Overlay [Advertisements] DTS/DPF 4.1</p> <p>Native Vegetation Overlay [Environmental Protection] DTS/DPF 1.1</p> <p>State Significant Native Vegetation Areas Overlay [Environmental Protection] DTS/DPF 1.1</p> |
| <p>Consulting room</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | Land Use and Intensity DTS/DPF 1.7                    | None   | None  | None   |

| <p>Shop</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>   | Land Use and Intensity DTS/DPF 1.7                    | None   | None  | None   |

**Table 3 - Applicable Policies for Performance Assessed Development**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies   |   |   |   |
|----------------------|---|---|---|---|
|                      | Zone  | General Development Policies  | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay)   |

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions     |
|----------------------|----------------|
| Special industry     | None specified |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| Class of Development<br>(Column A)  | Exceptions<br>(Column B)     |
|---|------------------------------|
| 1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified.              |
| 2. Any kind of development where the site of the development is <b>not</b> adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone.                                      | Except any of the following: |

|  |  |
|--|--|
|  | <ol style="list-style-type: none"> <li>the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)</li> <li>the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).</li> </ol>  |
| <p>3. Any development involving any of the following (or of any combination of any of the following):</p> <ol style="list-style-type: none"> <li>advertisement</li> <li>child care facility</li> <li>consulting room</li> <li>dwelling</li> <li>office</li> <li>residential flat building</li> <li>shop</li> <li>student accommodation</li> <li>supported accommodation</li> <li>temporary public service depot.</li> </ol>  | <p>Except development that:</p> <ol style="list-style-type: none"> <li>exceeds the maximum building height specified in City Main Street Zone DTS/DPF 3.1 or</li> <li>is on a Catalyst Site and exceeds the maximum building height in City Main Street Zone DTS/DPF 3.1 that applies to development not on a Catalyst Site or</li> <li>development that does not satisfy City High Street Subzone DTS/DPF 3.1 or 3.2 in areas where the Subzone applies.</li> </ol> |
| <p>4. Any development involving any of the following (or of any combination of any of the following):</p> <ol style="list-style-type: none"> <li>air handling unit, air conditioning system or exhaust fan</li> <li>carport</li> <li>deck</li> <li>fence</li> <li>internal building works</li> <li>land division</li> <li>outbuilding</li> <li>pergola</li> <li>private bushfire shelter</li> <li>retaining wall</li> <li>shade sail</li> <li>solar photovoltaic panels (roof mounted)</li> <li>swimming pool or spa pool and associated swimming pool safety features</li> <li>tree damaging activity</li> <li>verandah</li> <li>water tank.</li> </ol> | <p>None specified.</p>   |
| <p>5. Demolition.</p>  | <p>Except any of the following:</p> <ol style="list-style-type: none"> <li>the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)</li> <li>the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).</li> </ol>  |
| <p>6. Railway line.</p>  | <p>Except where located outside of a rail corridor or rail reserve.</p>  |

**Placement of Notices - Exemptions for Performance Assessed Development**

None specified.

**Placement of Notices - Exemptions for Restricted Development**

None specified.

**Gouger and Grote Street Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |  |
|-----------------|--|
| <p>DO1</p>      | <p>Development of:</p> <ol style="list-style-type: none"> <li>Gouger Street as a mix of retail, restaurant, commercial and mixed business uses, including professional services, wholesaling and culturally diverse community activities that contribute to the unique character and vibrancy of the street during the day and evening</li> </ol> <p>and</p> |

|     |  |
|-----|--|
|     | (b) Grote Street as an active restaurant and shopping street that complements the main entrance and vibrancy of the Adelaide Central Market and supports the retail, community and diverse cultural functions of the area. |
| DO2 | Development of Gouger Street respects a cohesive streetscape derived from the predominant 2 to 3 storey high buildings along the street edge.  |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome  | Deemed-to-Satisfy Criteria / Designated Performance Feature   |
|--|---|
| Land Use and Intensity   |   |
| <p>PO 1.1</p> <p>Gouger and Grote streets continue to develop as an active restaurant and shopping precinct complementing the main entry points and activity of the adjacent Adelaide Central Market, while also supporting the retail, community and diverse cultural function of the wider precinct.</p>   | <p>DTS/DPF 1.1</p> <p>None are applicable.</p>  |
| <p>PO 1.2</p> <p>Licensed premises, nightclubs or bars that:</p> <ul style="list-style-type: none"> <li>(a) are small in scale</li> <li>(b) secondary to the primary land uses mix of the street</li> <li>(c) are located above or below ground level</li> <li>(d) limited in number</li> <li>(e) do not detract from the streets daytime activation</li> <li>(f) minimise negative impacts on nearby residential development.</li> </ul> <p>and</p> <ul style="list-style-type: none"> <li>(g) are avoided at the interface with the City Living Zone.</li> </ul> | <p>DTS/DPF 1.2</p> <p>None are applicable.</p>  |
| <p>PO 1.3</p> <p>Mix of land uses within 'Chinatown' around Moonta Street is reinforced and opportunities for new precincts, such as in minor streets and lanes, established.</p>  | <p>DTS/DPF 1.3</p> <p>None are applicable.</p>  |
| Built Form and Character   |   |
| <p>PO 2.1</p> <p>Buildings are informed by local context frame Gouger Street and nearby public realm, and provide overall visual relief from building mass at ground level.</p>  | <p>DTS/DPF 2.1</p> <p>Buildings:</p> <ul style="list-style-type: none"> <li>(a) include a clearly defined podium or street wall with a maximum building height of 6 building levels</li> </ul> <p>and</p> <ul style="list-style-type: none"> <li>(b) have levels above the defined podium or street wall setback of 3m or more from that wall.</li> </ul> |
| <p>PO 2.2</p> <p>Buildings fronting Gouger Street are designed to reinforce the prevailing datum heights and parapet levels of the street through articulated facades that provide a clear distinction between levels above and below the prevailing datum line.</p>   | <p>DTS/DPF 2.2</p> <p>None are applicable.</p>  |

### Hindley Street Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |  |
|-----------------|--|
| DO1             | <p>Development of:</p> <ul style="list-style-type: none"> <li>(a) Hindley Street (east of Morphett Street) as the pre-eminent evening and late night entertainment hub for metropolitan Adelaide with complementary shopping, hospitality, mixed business and high-density living</li> </ul> <p>and</p> <ul style="list-style-type: none"> <li>(b) Hindley Street (west of Morphett Street) as a main street with a range of retail, educational, mixed business, cultural, short-stay accommodation, hospitality uses and high-density living.</li> </ul> |

|     |  |
|-----|--|
| DO2 | Development along Hindley Street is cognisant of a streetscape characterised by nineteenth century buildings that are predominantly 2 and 3 storeys with buildings forming a continuous built form edge along the street frontage. |
|-----|--|

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome   | Deemed-to-Satisfy Criteria / Designated Performance Feature   |
|---|---|
| Land Use and Intensity  |   |
| PO 1.1<br>Hindley Street (east of Morphett Street) comprises a mix of land uses making the area the City's primary focus for late night hospitality and entertainment.  | DTS/DPF 1.1<br>None are applicable.   |
| PO 1.2<br>Late night entertainment on Hindley Street (east of Morphett Street) is designed and managed to integrate effectively with day time and evening land use activities.  | DTS/DPF 1.2<br>None are applicable.   |
| PO 1.3<br>Hindley Street (west of Morphett Street) comprises a mix of business, educational, cultural, short-stay accommodation, hospitality and retail activities with licensed premises integrating effectively with day time and evening land use activities.  | DTS/DPF 1.3<br>None are applicable.   |
| Built Form and Character  |   |
| PO 2.1<br>Buildings informed by local context that frame Hindley Street and nearby public realm, and provide overall visual relief from building mass at ground level.  | DTS/DPF 2.1<br>Buildings: <ul style="list-style-type: none"> <li>(a) include a clearly defined podium or street wall with a maximum building height of 6 building levels in height</li> <li>and</li> <li>(b) have levels above the defined podium or street wall setback of 3m or more from that wall.</li> </ul> |
| PO 2.2<br>Buildings fronting Hindley Street are designed to reinforce the prevailing datum heights and parapet levels of the street through articulated facades that provide a clear distinction between levels above and below the prevailing datum line.  | DTS/DPF 2.2<br>None are applicable.   |
| PO 2.3<br>Buildings fronting Hindley Street are: <ul style="list-style-type: none"> <li>(a) enhanced by the refurbishment of nineteenth century buildings</li> <li>(b) complemented by contextual new development that provides a visually interesting built form, positively contributes to the existing and desired character and provides a safe, active and intimate human scale</li> <li>and</li> <li>(c) maintain the rhythm and visually continuity of verandahs, awnings, parapets and facade lines and other architectural details at podium level.</li> </ul> | DTS/DPF 2.3<br>None are applicable.   |

**Rundle Mall Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |   |
|-----------------|---|
| DO1             | Rundle Mall is developed as the state's premier shopping destination.   |
| DO2             | Development is informed by Rundle Mall's strong and unique character, vibrancy and sense of place, established by a pedestrian space framed by continuous built form made-up of active frontages that are fine-grained and visually interesting from the public realm, and framed with a strong sense of arrival from King William Street and Pultney Street and the adjoining minor streets, arcades and laneways. |

| Performance Outcome      |   | Deemed-to-Satisfy Criteria / Designated Performance Feature |  |
|--------------------------|---|---|--|
| Land Use and Intensity   |   |   |  |
| PO 1.1                   | A premier retail area consisting of a mix of complementary land uses that include a wide range of specialty and larger scale shops and mixed business and land uses, including residential and office on upper levels, that extend activity into the evening to enhance public safety and the vibrancy of the area. | DTS/DPF 1.1   | None are applicable.   |
| Built Form and Character |   |   |  |
| PO 2.1                   | Buildings positively contribute to the built form framing Rundle Mall's public realm by responding the local context and provide visual relief at ground level from building height and massing.  | DTS/DPF 2.1   | Buildings: <ul style="list-style-type: none"> <li>(a) include a clearly defined podium or street wall with a maximum building height of 6 building levels and</li> <li>and</li> <li>(b) have levels above the defined podium or street wall setback of 3m or more from that wall.</li> </ul> |
| Movement and Access      |   |   |  |
| PO 3.1                   | Pedestrian movement network is made up of pedestrian malls, arcades and lanes that are safe, legible, comfortable and universally designed, and link the surrounding areas to provide a variety of north-south routes to Rundle Mall and east-west links for people moving between buildings.                       | DTS/DPF 3.1   | None are applicable.   |
| PO 3.2                   | Access for on-site servicing and deliveries from minor streets and private lanes is provided wherever possible, rather than from Rundle Mall.   | DTS/DPF 3.2   | None are applicable.   |

**Rundle Street Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |   |
|-----------------|---|
| DO1             | Rundle Street is developed as an important shopping, leisure, dining and gathering place, complemented by compatible residential accommodation in upper levels.   |
| DO2             | Development along Rundle Street is informed by the local context, including the existing built form and heritage buildings of relatively consistent scale and massing that were built in the nineteenth and early twentieth century with façades that typically provide a high proportion of solid-to-void, a high level of articulation (including ornamentation and fenestration) and a combination of high-quality materials). |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome    |   | Deemed-to-Satisfy Criteria / Designated Performance Feature |                      |
|------------------------|---|---|----------------------|
| Land Use and Intensity |   |   |                      |
| PO 1.1                 | A premium retail and leisure area comprising an active restaurant and shopping precinct and a mix of land uses, including residential on upper levels, that extend activity into the evening to enhance the vibrancy of the area. | DTS/DPF 1.1   | None are applicable. |
| PO 1.2                 | Licensed premises, nightclubs or bars: <ul style="list-style-type: none"> <li>(a) small in scale</li> <li>(b) secondary to the primary land uses mix of the street</li> </ul>   | DTS/DPF 1.2   | None are applicable. |

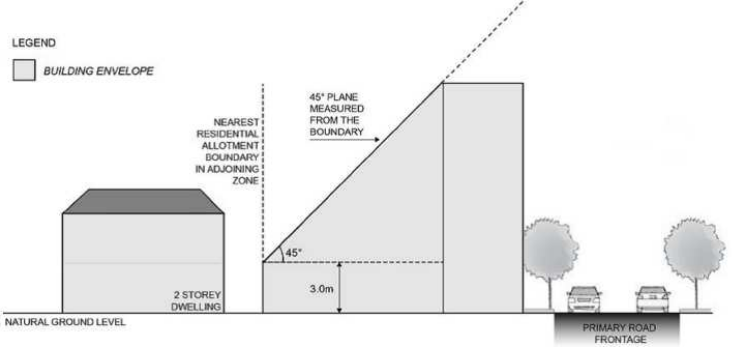

|  |  |
|--|--|
| <ul style="list-style-type: none"> <li>(c) located above or below ground level</li> <li>(d) limited in numbers</li> <li>(e) do not detract from the streets daytime activation</li> <li>(f) minimise negative impacts on nearby residential development.</li> </ul>  |  |
| Built Form and Character   |  |
| <p>PO 2.1</p> <p>Buildings with frontage to Rundle Street (west of Frome Street) are informed by the local context when transitioning from podium element within the streetscape to taller set-back elements to protect the human scale of the main street.</p>  | <p>DTS/DPF 2.1</p> <p>Buildings with frontage to Rundle Street (west of Frome Street):</p> <ul style="list-style-type: none"> <li>(a) include a clearly defined podium or street wall with a maximum building height of 6 building levels in height</li> <li>(b) have levels above the defined podium or street wall setback a minimum of 3m from that wall.</li> </ul>  |
| <p>PO 2.2</p> <p>Buildings with frontage to Rundle Street (west of Frome Street) are designed to reinforce the prevailing datum heights and parapet levels of the street by design elements that provide a clear distinction between levels above and below the prevailing datum line.</p>   | <p>DTS/DPF 2.2</p> <p>None are applicable.</p>   |
| <p>PO 2.3</p> <p>Buildings with frontage to Rundle Street (east of Frome Street):</p> <ul style="list-style-type: none"> <li>(a) incorporate podium elements to reconcile the scale relationship between the taller elements and the existing streetscape</li> <li>and</li> <li>(b) are designed to reinforce the prevailing datum heights and parapet levels of the street.</li> </ul>  | <p>DTS/DPF 2.3</p> <p>Buildings fronting Rundle Street (east of Frome Street) include:</p> <ul style="list-style-type: none"> <li>(a) a maximum podium/street wall height that is consistent with one of the adjacent buildings facing the street and does not exceed 13m</li> <li>(b) an upper level setback, measured from the street wall, of not less than 3m stepping up to a height of 6 storeys, then a further setback of not less than 3m stepping up to the maximum overall height</li> <li>and</li> <li>(c) design elements that create a clear distinction between the 13m and 22m datum lines.</li> </ul> |
| <p>PO 2.4</p> <p>Buildings with frontage to Rundle Street:</p> <ul style="list-style-type: none"> <li>(a) are carefully designed so that the historic main street character is retained and enhanced</li> <li>(b) are consistent with the intimate scale and intricate and diverse architectural features of Rundle Street</li> <li>(c) maintain the continuity of building facades retaining the subtle diversity and variety of roof and parapet lines and the horizontal massing of the townscape</li> <li>(d) incorporate a vertical emphasis in the composition of their street facades and the disposition and proportioning of openings</li> <li>and</li> <li>(e) ensure upper levels of buildings are designed to reduce visual mass from the human scale of the main street.</li> </ul> | <p>DTS/DPF 2.4</p> <p>None are applicable.</p>   |
| Movement and Access  |  |
| <p>PO 3.1</p> <p>Pedestrian movement network is made up of pedestrian malls, arcades and lanes that are safe, legible, comfortable and universally designed, and link the surrounding areas to provide a variety of north-south routes to Rundle Mall and east-west links for people moving between buildings.</p>   | <p>DTS/DPF 3.1</p> <p>None are applicable.</p>   |
| <p>PO 3.2</p> <p>Access for on-site servicing and deliveries from minor streets and private lanes is provided wherever possible, rather than from Rundle Mall.</p>   | <p>DTS/DPF 3.2</p> <p>None are applicable.</p>   |

**City High Street Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |   |
|-----------------|---|
| DO 1            | A safe, walkable and vibrant shopping, entertainment and commercial high street precinct with an active day and evening economy supported by medium density residential development.  |
| DO 2            | Development along a city high street that contributes to an intimate public realm with active streets.  |
| DO 3            | Integrated developments on catalyst sites to assist in the transformation of a locality and facilitate an increase in the residential population of the City, while also activating the public realm and creating a vibrant main street feel. |

| Performance Outcome  | Deemed-to-Satisfy Criteria / Designated Performance Feature   |
|--|---|
| Land Use and Intensity   |   |
| <p>PO 1.1</p> <p>A vibrant mix of land uses adding to the vitality of the area, providing services to the local community, and visitor and residential accommodation.</p>  | <p>DTS/DPF 1.1</p> <p>None are applicable.</p>  |
| <p>PO 1.2</p> <p>Licensed premises, nightclubs or bars that:</p> <ul style="list-style-type: none"> <li>(a) are small in scale</li> <li>(b) secondary to the primary land uses mix of the street</li> <li>(c) are located above or below ground level</li> <li>(d) limited in number</li> <li>(e) do not detract from the street's daytime activation</li> </ul> <p>and</p> <ul style="list-style-type: none"> <li>(f) minimise negative impacts on nearby residential development.</li> </ul>   | <p>DTS/DPF 1.2</p> <p>None are applicable.</p>  |
| Built Form and Character   |   |
| <p>PO 2.1</p> <p>Buildings informed by local context that frame main street and nearby public realm, and provide overall visual relief from building mass at ground level.</p>   | <p>DTS/DPF 2.1</p> <p>Buildings:</p> <ul style="list-style-type: none"> <li>(a) include a clearly defined podium or street wall with a maximum building height of 2 building levels in height; and</li> <li>(b) have levels above the defined podium or street wall setback of 3m or more from that wall.</li> </ul>  |
| <p>PO 2.2</p> <p>Buildings fronting the main streets are designed to reinforce the prevailing datum heights and parapet levels of the street through articulated facades that provide a clear distinction between levels above and below the prevailing datum line.</p>  | <p>DTS/DPF 2.2</p> <p>None are applicable.</p>  |
| <p>PO 2.3</p> <p>Buildings fronting the main street are:</p> <ul style="list-style-type: none"> <li>(a) enhanced by the refurbishment of nineteenth century buildings</li> <li>(b) complemented by contextual new development that provides a visually interesting built form, positively contributes to the existing and desired character and provides a safe, active and intimate human scale</li> </ul> <p>and</p> <ul style="list-style-type: none"> <li>(c) maintain the rhythm and visually continuity of verandahs, awnings, parapets and facade lines and other architectural details at podium level.</li> </ul> | <p>DTS/DPF 2.3</p> <p>None are applicable.</p>  |
| Interface  |   |
| <p>PO 3.1</p> <p>Except on catalyst sites , buildings mitigate visual impacts of building massing on residential development within the City Living Zone.</p>  | <p>DTS/DPF 3.1</p> <p>Except on catalyst sites , buildings constructed within a building envelope provided by a 45 degree plane measured from a height of 3 metres above natural ground level at the boundary of an allotment used for residential purposes within the City Living Zone as shown in the following diagram (except where this boundary is a southern boundary or where this boundary is the primary street boundary):</p>  |
| <p>PO 3.2</p> <p>Except on catalyst sites , buildings mitigate overshadowing of residential development within the City Living Zone.</p>   | <p>DTS/DPF 3.2</p> <p>Except on catalyst sites, buildings on sites with a southern boundary adjoining the boundary of an allotment used for residential purposes in the City Living Zone are constructed within a building envelope provided by a 30 degree plane grading north, measured from a height of 1.2m</p>   |

|  |  |
|--|--|
| <p>PO 3.3</p> <p>Buildings on an allotment fronting a road that is not the primary corridor (ie O'Connell Street, Hutt Street, Melbourne Street, Sturt Street or Halifax Street) and where land on the opposite side of that road is within a neighbourhood-type zone, provide an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character.</p> | <p>DTS/DPF 3.3</p> <p>None are applicable.</p> |
|--|--|

Catalyst Sites

|   |  |
|---|--|
| <p>PO 4.1</p> <p>Development on a catalyst site comprises medium to high rise residential development that is carefully integrated with non-residential development.</p>  | <p>DTS/DPF 4.1</p> <p>None are applicable.</p> |
| <p>PO 4.2</p> <p>Development on catalyst sites designed to manage the interface with the City Living Zone with regard to intensity of use, overshadowing, massing, building proportions and traffic to minimise impacts on residential amenity.</p>   | <p>DTS/DPF 4.2</p> <p>None are applicable.</p> |
| <p>PO 4.3</p> <p>Catalyst sites contribute to the vibrancy of the main street through building designs that:</p> <ul style="list-style-type: none"> <li>(a) include a mix of land uses that create activity and overlooking of the street, particularly at the ground level and the first floor;</li> <li>(b) create the appearance of narrow frontages and enhance visual interest;</li> <li>(c) are vertically massed; and</li> <li>(d) include above street level fenestration, balconies, parapets, architectural detailing and ornamentation which contribute to the rich visual texture.</li> </ul> | <p>DTS/DPF 4.3</p> <p>None are applicable.</p> |
| <p>PO 4.4</p> <p>The scale of development on catalyst sites respond to its context, particularly the nature of adjacent land uses and the interface treatments required to address impacts on sensitive uses.</p>   | <p>DTS/DPF 4.4</p> <p>None are applicable.</p> |
| <p>PO 4.5</p> <p>Where there is an apparent conflict between the catalyst site provisions and subzone provisions (including any quantitative criteria) the catalyst site provisions will take precedence.</p>   | <p>DTS/DPF 4.5</p> <p>None are applicable.</p> |

City Riverbank Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |  |
|-----------------|--|
| DO 1            | Exemplary design quality and architecture that is contemporary and innovative and respectful of the heritage buildings, Adelaide Park Lands setting and civic functions of the locality. |
| DO 2            | A fine grained precinct with a quality public realm that is inviting and comfortable for pedestrians.  |
| DO 3            | Strong visual and physical connections between important buildings, public spaces, the Adelaide Park Lands and other key destinations.   |

| Performance Outcome  | Deemed-to-Satisfy Criteria / Designated Performance Feature  |
|--|--|
| Land Use and Intensity   |  |
| <p>PO 1.1</p> <p>A diverse range of community, commercial and employment generating land uses (not including residential development) that connect the city centre to the natural environment of the River Torrens and Adelaide Park Lands with clusters of related activities, such as:</p> <ul style="list-style-type: none"> <li>(a) clinical health, training, education and research</li> <li>(b) entertainment, tourism and accommodation</li> <li>(c) education and administration</li> <li>(d) innovative science and employment</li> <li>(e) community and cultural institutions.</li> </ul>  | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> <li>(a) Advertisement</li> <li>(b) Arena</li> <li>(c) Child care facility</li> <li>(d) Community centre</li> <li>(e) Consulting room</li> <li>(f) Office</li> <li>(g) Convention centre</li> <li>(h) Educational facility</li> <li>(i) Entertainment venue</li> <li>(j) Helicopter landing facility</li> <li>(k) Hospital</li> <li>(l) Hotel</li> <li>(m) Licensed premises</li> <li>(n) Land division</li> <li>(o) Light industry (including high technology and research based activity)</li> <li>(p) Shop</li> <li>(q) Tourist accommodation.</li> </ul>   |
| <p>PO 1.2</p> <p>Changes in the use of land between similar businesses encourages the efficient reuse of commercial premises and supports continued local access to a range of services compatible to the locality.</p>  | <p>DTS/DPF 1.2</p> <p>A change of use to a shop, office, consulting room or any combination of these uses where all of the following are achieved:</p> <ul style="list-style-type: none"> <li>(a) the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses</li> <li>(b) if the proposed change of use is for a shop that primarily involves the handling and sale of foodstuffs, areas used for the storage and collection of refuse are sited at least 10m from any neighbourhood-type zone, or the site of a dwelling (other than a dwelling directly associated with the proposed shop)</li> <li>(c) if the proposed change of use is for a shop that primarily involves heating and cooking of foodstuffs in a commercial kitchen and is within 30m of any neighbourhood-type zone boundary or a dwelling (other than a dwelling directly associated with the proposed shop), an exhaust duct and stack (chimney) exists or is capable of being installed for discharging exhaust emissions</li> <li>(d) if the change in use involves a gross leasable floor area greater than 250m<sup>2</sup> and has direct frontage to a state maintained road, it achieves either (i) or (ii): <ul style="list-style-type: none"> <li>(i) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) is from a road that is not an arterial road</li> <li>(ii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared.</li> </ul> </li> </ul> |
| Built Form and Character   |  |
| <p>PO 2.1</p> <p>Building heights provide an orderly transition in scale, with lower buildings located towards the Adelaide Park Lands, Adelaide Botanic Garden and River Torrens and taller buildings towards North Terrace.</p>  | <p>DTS/DPF 2.1</p> <p>None are applicable</p>  |
| <p>PO 2.2</p> <p>Development:</p> <ul style="list-style-type: none"> <li>(a) contributes to the activation of the public realm by presenting an attractive human scaled pedestrian-oriented frontage at ground level that adds interest and vibrancy</li> <li>(b) contributes to pedestrian comfort by minimising micro climatic impacts</li> <li>(c) maintains a sense of openness to the sky for pedestrians and allow sunlight access to the public realm, particularly plaza areas during the Spring and Autumn</li> <li>(d) provides a clear sense of address to each building</li> <li>(e) is compatible with the topography of the site and change in character from a strong city edge on the southern side of North Terrace to the landscaped setting provided by the River Torrens and Adelaide Park Lands.</li> </ul> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p>   |

|  |  |
|--|--|
| <p>PO 2.3</p> <p>Development reinforces the grand boulevard character of North Terrace and King William Road by reflecting the patterns of landscaped spaces and built form, building proportions and scale.</p>   | <p>DTS/DPF 2.3</p> <p>None are applicable.</p> |
| <p>PO 2.4</p> <p>Coordinated development provides public spaces and landscaping, including deep plantings that soften the dominance of buildings and provide a range of spaces that are suitable for group meetings, social activities and passive enjoyment.</p>  | <p>DTS/DPF 2.4</p> <p>None are applicable.</p> |
| <p>PO 2.5</p> <p>Pedestrian shelter, public art, street furniture and the like designed as an integral part of built form, open space and landscaping.</p>   | <p>DTS/DPF 2.5</p> <p>None are applicable.</p> |
| <p>PO 2.6</p> <p>The contribution of heritage buildings is enhanced by ensuring:</p> <ul style="list-style-type: none"> <li>(a) buildings can be adapted and reused for modern purposes while protecting important heritage fabric</li> <li>(b) views and physical connections to heritage buildings and their important heritage features is maintained</li> <li>(c) the ground level interface with heritage buildings incorporates publicly accessible spaces and active land uses that support public access where appropriate.</li> </ul>   | <p>DTS/DPF 2.6</p> <p>None are applicable.</p> |
| <p>PO 2.7</p> <p>Development recognises the Karrawirra Pari / Riverbank precinct as a place of gathering and significance for traditional indigenous custodians, through visible, authentic and immersive initiatives that:</p> <ul style="list-style-type: none"> <li>(a) celebrate, tell and bring to life the stories of traditional custodians</li> <li>(b) reinforce the identity and purpose of the Karrawirra Pari precinct</li> <li>(c) rehabilitate the river corridor, that can be used as an educative tool for indigenous culture and practices.</li> </ul>  | <p>DTS/DPF 2.7</p> <p>None are applicable.</p> |
| <p>Advertising</p>   |  |
| <p>PO 3.1</p> <p>Advertisements designed to achieve an overall consistency of appearance and be of a type, scale and image that complement the zone.</p>   | <p>DTS/DPF 3.1</p> <p>None are applicable.</p> |
| <p>Movement, parking and access</p>  |  |
| <p>PO 4.1</p> <p>Pedestrian and cycle movement based on a network of pathways linking the surrounding zones and providing a variety of north-south and east-west links including:</p> <ul style="list-style-type: none"> <li>(a) connections between North Terrace and the River Torrens linear park at key pedestrian focal points, in particular: <ul style="list-style-type: none"> <li>(i) the continuation of Bank Street connecting through to the Adelaide Oval footbridge,</li> <li>(ii) along the western side of the Adelaide Railway Station Building connecting through to the Adelaide oval footbridge</li> <li>(iii) the continuation of Gray Street,</li> <li>(iv) along Montefiore Road through to Morphett Street and</li> <li>(v) along King William Road through to King William Street</li> </ul> </li> <li>(b) the Gawler Greenway, Outer Harbor Greenway and River Torrens Linear Park trail</li> <li>(c) the Adelaide Park Lands trail through the Innovation Subzone to connect to the existing trail to the north</li> <li>(d) an east-west connection across the railway line from the Royal Adelaide Hospital through to Gaol Road and beyond to Bonython park</li> <li>(e) improved east-west connections between land located on the eastern and western sides of Montefiore Road.</li> </ul> | <p>DTS/DPF 4.1</p> <p>None are applicable.</p> |
| <p>PO 4.2</p> <p>A central pedestrian pathway designed as a single plane surface and maintained to:</p> <ul style="list-style-type: none"> <li>(a) allow people to walk and ride through and within the Zone from East to West and connect with the North to South pathways</li> <li>(b) link key buildings and public areas within the Zone.</li> </ul>   | <p>DTS/DPF 4.2</p> <p>None are applicable.</p> |
| <p>PO 4.3</p> <p>Pedestrian movement prioritised and designed to be free from vehicle conflict.</p>  | <p>DTS/DPF 4.3</p> <p>None are applicable.</p> |
| <p>PO 4.4</p> <p>Development provides a safe night-time environment along streetscapes, pedestrian and cycle paths and building surrounds by the arrangement of buildings and active building</p>  | <p>DTS/DPF 4.4</p> <p>None are applicable.</p> |

frontages that enhance casual surveillance and provide appropriate lighting and clear lines of sight.

Concept Plans

PO 5.1  
Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land.

DTS/DPF 5.1  
The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:

| Description                                   |
|---|
| Concept Plan 85 - City Riverbank - Innovation |
| Concept Plan 125 - City Riverbank - West      |

In relation to DTS/DPF 5.1, in instances where:

- (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.
- (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 5.1 is met.

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development   | Accepted Development Classification Criteria   |
|--|--|
| <p>Building alterations<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>   | <ol style="list-style-type: none"> <li>1. The alteration does not:                             <ul style="list-style-type: none"> <li>(a) increase the floor area of the building</li> <li>(b) exceed the existing wall height</li> <li>(c) exceed the existing overall building height</li> <li>(d) alter the roof profile</li> <li>(e) alter an approved privacy screening arrangement or window treatment</li> </ul> </li> <li>2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.</li> </ol>  |
| <p>Fence and retaining wall structure<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Hazards (Flooding) Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• River Murray Flood Plain Protection Area Overlay</li> <li>• River Murray Tributaries Protection Area Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>1. The retaining wall retains a difference in ground levels not exceeding 1.5 metres (measured from the lower of the 2 adjoining finished ground levels).</li> <li>2. The total combined height of the fence and retaining wall structure is less than 3.3 metres in height (measured from the lower of the 2 adjoining finished ground levels)</li> <li>3. The structure is located behind the building line of the associated dwelling and any dwelling on adjoining land.</li> <li>4. The structure is not located on a secondary street boundary.</li> <li>5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas</li> </ol>  |
| <p>Shade sail<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Future Local Road Widening Overlay</li> <li>• Future Road Widening Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>3. Shade sail consists of permeable material</li> <li>4. The total area of the sail - does not exceed 40m<sup>2</sup></li> <li>5. No part of the shade sail will be:                             <ul style="list-style-type: none"> <li>(a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment</li> <li>(b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment</li> </ul> </li> <li>6. Primary street setback - at least as far back as the building line of the building to which it is ancillary</li> <li>7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m</li> <li>8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary</li> <li>9. Does not involve the clearance of native vegetation</li> <li>10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol> |
| <p>Solar photovoltaic panels (roof mounted)<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>   | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> Panels are installed parallel to the roof of a building and with</li> <li>2. underside surface of the panel not being more than 100mm above the surface of the roof</li> <li>3. Panels and associated components do not overhang any part of the roof.</li> </ol>   |

|   |  |
|---|--|
|   | <ol style="list-style-type: none"> <li>Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system.</li> <li>If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.</li> </ol> |
| <p>Temporary public service depot<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>Hazards (Flooding) Overlay</li> <li>Local Heritage Place Overlay</li> <li>Major Urban Transport Routes Overlay</li> <li>State Heritage Place Overlay</li> <li>Traffic Generating Development Overlay</li> <li>Urban Transport Routes Overlay</li> </ul> | <ol style="list-style-type: none"> <li>Occupies land for no longer than 3 months</li> <li>Ensures litter and water are contained on site</li> <li>Provides temporary security fencing around the perimeter of the site.</li> </ol>   |
| <p>Water tank (underground)<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>Coastal Areas Overlay</li> <li>Hazards (Acid Sulfate Soils) Overlay</li> <li>Ramsar Wetlands Overlay</li> </ul>   | <ol style="list-style-type: none"> <li>The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>The tank (including any associated pump) is located wholly below the level of the ground</li> <li>Does not involve the clearance of native vegetation.</li> </ol>   |

**Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development   | Deemed-to-Satisfy Development Classification Criteria |   |   |  |
|--|---|---|---|--|
|  | Zone  | General Development Policies  | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay)  |

**Table 3 - Applicable Policies for Performance Assessed Development**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies   |   |   |   |
|----------------------|-----------------------|---|---|---|
|                      | Zone                  | General Development Policies  | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay)   |

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions     |
|----------------------|----------------|
| None specified       | None specified |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| Class of Development (Column A)   | Exceptions (Column B) |
|---|-----------------------|
| 1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified.       |

|  |  |
|--|--|
| <p>2. Any kind of development where the site of the development is not adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone.</p>   | <p>Except any of the following:</p> <ol style="list-style-type: none"> <li>1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)</li> <li>2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).</li> </ol>  |
| <p>3. Any development involving any of the following (or of any combination of any of the following):</p> <ol style="list-style-type: none"> <li>(a) advertisement</li> <li>(b) consulting room</li> <li>(c) light industry (including high technology and research based activity)</li> <li>(d) office</li> <li>(e) shop</li> <li>(f) temporary public service depot.</li> </ol>  | <p>Except development that does not satisfy:</p> <ol style="list-style-type: none"> <li>1. Health Subzone DTS/DPF 2.1 in areas where the Subzone applies</li> <li>2. Entertainment Subzone DTS/DPF 2.1 in areas where the Subzone applies</li> <li>3. Innovation Subzone DTS/DPF 3.1 in areas where the Subzone applies</li> <li>4. Cultural Institutions Subzone DTS/DPF 2.4 in areas where the Subzone applies.</li> </ol> |
| <p>4. Any development involving any of the following (or of any combination of any of the following):</p> <ol style="list-style-type: none"> <li>(a) air handling unit, air conditioning system or exhaust fan</li> <li>(b) carport</li> <li>(c) deck</li> <li>(d) fence</li> <li>(e) internal building works</li> <li>(f) land division</li> <li>(g) outbuilding</li> <li>(h) pergola</li> <li>(i) private bushfire shelter</li> <li>(j) retaining wall</li> <li>(k) shade sail</li> <li>(l) solar photovoltaic panels (roof mounted)</li> <li>(m) Swimming pool or spa pool and associated swimming pool safety features</li> <li>(n) tree damaging activity</li> <li>(o) verandah</li> <li>(p) water tank.</li> </ol> | <p>None specified.</p>   |
| <p>5. Demolition.</p>  | <p>Except any of the following:</p> <ol style="list-style-type: none"> <li>1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)</li> <li>2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).</li> </ol>  |
| <p>6. Railway line.</p>  | <p>Except where located outside of a rail corridor or rail reserve.</p>  |

**Placement of Notices - Exemptions for Performance Assessed Development**

None specified.

**Placement of Notices - Exemptions for Restricted Development**

None specified.

**Cultural Institutions Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| <p style="text-align: center;"><b>Desired Outcome</b></p> |  |
|---|--|
| <p>DO 1</p>   | <p>A vibrant cluster of cultural and institution uses including tertiary education, research, viceregal, libraries and museums that attract students, professionals, workers and visitors to the city.</p> |
| <p>DO 2</p>   | <p>Well designed and functional buildings and public spaces that provide pedestrian and cyclist friendly streetscapes and active street frontages that facilitate positive social interaction.</p>         |

| Performance Outcome      |  | Deemed-to-Satisfy Criteria / Designated Performance Feature |   |
|--------------------------|--|---|---|
| Land Use and Intensity   |  |   |   |
| PO 1.1                   | A diverse range of cultural and institutional uses including tertiary education and associated student accommodation, research, library, viceregal, museums and galleries.   | DTS/DPF 1.1   | The types of development envisaged within the zone, except: <ul style="list-style-type: none"> <li>(a) Convention centre</li> <li>(b) Entertainment venue</li> <li>(c) Helicopter landing facility</li> <li>(d) Hospital</li> <li>(e) Motel</li> <li>(f) Serviced apartments</li> <li>(g) Tourist accommodation.</li> </ul> |
| PO 1.2                   | A limited range of secondary activities that are complementary to the primary purpose of the subzone, such as student accommodation, shops, licensed premises, community facilities, and research facilities, and avoid other uses.  | DTS/DPF 1.2   | None are applicable.  |
| Built Form and Character |  |   |   |
| PO 2.1                   | Development that emphasises the horizontal grouping of building elements and uses vertical proportions in projections and in the disposition of openings.  | DTS/DPF 2.1   | None are applicable.  |
| PO 2.2                   | Buildings with modelled and textured facades of predominantly masonry appearance similar to the early buildings that contribute to the established historical character of the zone.   | DTS/DPF 2.2   | None are applicable.  |
| PO 2.3                   | Buildings that complement the form, appearance, materials and finishes of existing buildings in the locality, including the predominant: <ul style="list-style-type: none"> <li>(a) red brick or masonry walls</li> <li>(b) slate, shingles, terra cotta tiles or copper for exposed roofs.</li> </ul> | DTS/DPF 2.3   | None are applicable.  |
| PO 2.4                   | Building heights within the zone transition down to the Adelaide Park Lands from the height of existing buildings established along North Terrace.   | DTS/DPF 2.4   | Buildings located: <ul style="list-style-type: none"> <li>(a) along road and Adelaide Park Lands frontages not exceeding 3 building levels and 11.5m in building height</li> <li>(b) away from road and Adelaide Park Lands frontages not exceeding 6 building levels and 22m in building height.</li> </ul>                |
| PO 2.5                   | Pleasant and interesting lawn and paved landscaped areas that create spaces suitable for a variety of activities ranging from those suitable for group meetings and social activities to those for quiet retreat and relaxation.   | DTS/DPF 2.5   | None are applicable.  |

**Entertainment Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |   |
|-----------------|---|
| DO 1            | A prominent, vibrant and safe public plaza that provides a focal point for the Riverbank precinct and is supported by a vibrant mix of land uses that encourage use by city workers, residents, families, students, youth, children and tourists. |

| Performance Outcome      |  | Deemed-to-Satisfy Criteria / Designated Performance Feature |  |
|--------------------------|--|---|--|
| Land Use and Intensity   |  |   |  |
| PO 1.1                   | Development of a range of cultural, parliamentary, office, entertainment, retail, conference and ancillary land uses.  | DTS/DPF 1.1   | None are applicable  |
| PO 1.2                   | A range of health, education and research facilities may also be developed west of Montefiore Road to complement existing and emerging health-related activities in the adjacent Health Subzone.   | DTS/DPF 1.2   | None are applicable.   |
| Built Form and Character |  |   |  |
| PO 2.1                   | Buildings of a height and scale that references North Terrace, and minimises impacts on the River Torrens.   | DTS/DPF 2.1   | Except where adjacent to the River Torrens, buildings not exceeding 20 building levels and 71m in building height. |
| PO 2.2                   | Where buildings exceed 20 building levels or 71m in building height they will: <ul style="list-style-type: none"> <li>(a) be of exemplary design</li> <li>(b) not be located adjacent to the River Torrens.</li> </ul>   | DTS/DPF 2.2   | None are applicable.   |
| PO 2.3                   | Buildings adjacent to the River Torrens, east of Montefiore Road, are designed to provide an active edge to the river and are of a low scale commensurate with its landscape setting.  | DTS/DPF 2.3   | None are applicable.   |
| PO 2.4                   | Buildings along King William Road are designed to enable views through to important State Heritage buildings and the public plaza area.  | DTS/DPF 2.4   | None are applicable.   |
| PO 2.5                   | A new public plaza developed on a single plane minimising grade changes across the site so as to maximise pedestrian connectivity.   | DTS/DPF 2.5   | None are applicable.   |
| PO 2.6                   | Development adjacent to the River Torrens, west of Montefiore Road: <ul style="list-style-type: none"> <li>(a) provides an active and appealing edge to the river</li> <li>(b) achieves a high level of amenity</li> <li>(c) is of high quality design, particularly when viewed from the northern side of the river</li> <li>(d) maintains an open, safe and connected pedestrian and cycle route along the river's edge</li> <li>(e) provides a transition in scale down from North Terrace to the river and complements the scale of development on the eastern side of Montefiore Road.</li> </ul> | DTS/DPF 2.6   | None are applicable  |
| PO 2.7                   | Development at ground level within the forecourt area containing the 'Yerrakartarta' public artwork (located to the west of the Adelaide Railway Station building) provides connections between North Terrace and the Riverbank.   | DTS/DPF 2.7   | None are applicable  |
| PO 2.8                   | Buildings, particularly those that face the River Torrens, incorporate active land uses and design techniques at ground level that contribute to the vitality, safety and activation of the riverbank precinct.  | DTS/DPF 2.8   | None are applicable  |

**Health Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |   |
|-----------------|---|
| DO 1            | A health precinct that creates an identifiable and unified city precinct with strong connections to the Torrens River, North Terrace, the Royal Adelaide Hospital and the city. |

| Performance Outcome   | Deemed-to-Satisfy Criteria / Designated Performance Feature   |
|---|---|
| Land Use and Intensity  |   |
| <p>PO 1.1</p> <p>A range of significant health, education and research facilities that support the establishment of a significant health and biomedical precinct.</p>   | <p>DTS/DPF 1.1</p> <p>None are applicable</p>   |
| <p>PO 1.2</p> <p>Land on the north-western side of the railway line developed primarily with facilities that:</p> <ul style="list-style-type: none"> <li>(a) support and complement the range of health, education and research facilities envisaged in the balance of Health Subzone</li> <li>(b) enable pedestrian and cycle movement through to the Adelaide Park Lands Zone.</li> </ul>   | <p>DTS/DPF 1.2</p> <p>None are applicable.</p>  |
| <p>PO 1.3</p> <p>Adaptation and reuse of the Police Barracks:</p> <ul style="list-style-type: none"> <li>(a) supported through a range of additional uses such as community and tourism activities</li> <li>(b) in a manner that complements the historic values and park lands setting of the locality.</li> </ul>   | <p>DTS/DPF 1.3</p> <p>None are applicable</p>   |
| <p>PO 1.4</p> <p>Adaptation and reuse of the Old Adelaide Gaol and associated buildings:</p> <ul style="list-style-type: none"> <li>(a) supported through a range of additional uses such as community and tourism activities</li> <li>(b) in a manner that complements the historic values and park lands setting of the locality.</li> </ul>  | <p>DTS/DPF 1.4</p> <p>None are applicable</p>   |
| Built Form and Character  |   |
| <p>PO 2.1</p> <p>Buildings have a positive scale relationship to the North Terrace edge of the Capital City Zone and provide a grand entrance to the city from the west.</p>  | <p>DTS/DPF 2.1</p> <p>Buildings fronting North Terrace not exceeding 15 building levels and 53m in building height.</p> |
| <p>PO 2.2</p> <p>Where buildings exceed 15 building levels or 53m in building height they will be of exemplary design.</p>  | <p>DTS/DPF 2.2</p> <p>None are applicable.</p>  |
| <p>PO 2.3</p> <p>Buildings north of the central pathway provide an active edge to the River Torrens and are of a low scale commensurate with the landscape setting.</p>   | <p>DTS/DPF 2.3</p> <p>None are applicable.</p>  |
| <p>PO 2.4</p> <p>Development provides a satisfactory interface to roads and railways by addressing issues of access, safety, security, noise, air emissions and vibration so that:</p> <ul style="list-style-type: none"> <li>(a) the effective and efficient operation of the road system and rail service adjacent to the Zone is not detrimentally affected</li> <li>(b) the potential for adverse impacts on hospital occupants and activities as a result of road traffic and the operation of rail services adjacent to the Zone is minimised.</li> </ul> | <p>DTS/DPF 2.4</p> <p>None are applicable.</p>  |
| <p>PO 2.5</p> <p>Development sited and designed to enable the continued operation of rail and road services within and adjacent to the Zone.</p>  | <p>DTS/DPF 2.5</p> <p>None are applicable.</p>  |
| <p>PO 2.6</p> <p>Building heights on the north-western side of the railway transition down in scale, with lower buildings located towards the Adelaide Park Lands and in a manner that complements the existing heritage features of the adjoining Police Barracks and Old Adelaide Gaol.</p>   | <p>DTS/DPF 2.6</p> <p>None are applicable.</p>  |

**Innovation Subzone**

Desired Outcome (DO)

| Desired Outcome |   |
|-----------------|---|
| DO 1            | An innovation precinct accommodating a range of commercial, educational and research activities supported by a mix of compatible employment generating land uses including tourism, hospitality, cultural, entertainment and retail activities.                                       |
| DO 2            | A range of low to high rise buildings with high quality contemporary buildings and public spaces within a landscaped setting that responds to heritage buildings on the site and transition down in height and scale towards the Adelaide Park Lands and the Adelaide Botanic Garden. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome   | Deemed-to-Satisfy Criteria / Designated Performance Feature  |
|---|--|
| Land Use and Intensity  |  |
| PO 1.1<br>Development of innovative commercial, cultural (including museum and art gallery), educational and research activities supported by a mix of compatible employment generating land uses.                          | DTS/DPF 1.1<br>None are applicable.  |
| PO 1.2<br>Small scale retail development to meet the day to day needs of workers and visitors to the precinct.  | DTS/DPF 1.2<br>Shops not exceeding 250m <sup>2</sup> total gross leasable floor area.  |
| PO 1.3<br>A range of small to medium scale services and facilities serving the area such as child care facilities, entertainment, hospitality and the like.   | DTS/DPF 1.3<br>None are applicable.  |
| PO 1.4<br>Child care facilities, hotels, licensed premises and tourism accommodation established as secondary uses on the site of a lesser scale and prominence.  | DTS/DPF 1.4<br>None are applicable.  |
| PO 1.5<br>Higher impact land uses such as commercial development (including high technology and research based activity) clustered in key nodes where compatible with adjoining uses.                                       | DTS/DPF 1.5<br>None are applicable.  |
| Built Form and Character  |  |
| PO 2.1<br>A high standard of contemporary architectural design providing an innovative response to the unique context of the area.  | DTS/DPF 2.1<br>None are applicable.  |
| PO 2.2<br>Development reinforces the grand boulevard character of North Terrace by reflecting the patterns of landscaped spaces and built form, building proportions and scale.   | DTS/DPF 2.2<br>None are applicable.  |
| PO 2.3<br>Outdoor eating and drinking facilities associated with cafés and restaurants on ground floors contribute to the vitality of the Zone.   | DTS/DPF 2.3<br>None are applicable.  |
| PO 2.4<br>Buildings in proximity to the Adelaide Botanic Garden or Adelaide Park Lands are sited and designed to create view corridors to and from the Botanic Garden.  | DTS/DPF 2.4<br>None are applicable.  |
| PO 2.5<br>Buildings in proximity to the Adelaide Botanic Garden or Adelaide Park Lands should seek to minimise impacts on plant collections as a result of overshadowing, stormwater runoff, heat, light or wind direction. | DTS/DPF 2.5<br>None are applicable.  |
| Building Height   |  |
| PO 3.1<br>Buildings of a height and scale that minimise impacts on the Adelaide Botanic Garden and Adelaide Park Lands as well as referencing the scale of buildings facing North Terrace and Frome Road.                   | DTS/DPF 3.1<br>Except where located in the Innovation Centre (identified on the Innovation Subzone Concept Plan), buildings not exceeding 15 building levels and 53m in building height. |
| PO 3.2<br>Buildings in the Innovation Centre (identified on Concept Plan 85 - City Riverbank - Innovation,  | DTS/DPF 3.2<br>None are applicable.  |

|  |  |
|--|--|
| <p>Adelaide) only exceed 15 building levels or 53m in building height where:</p> <ul style="list-style-type: none"> <li>(a) exemplary standards of architectural merit and environmental sustainability are met</li> <li>(b) the building positively contributes to the quality and function of the urban fabric of the precinct overall</li> <li>(c) overshadowing impacts on the Adelaide Botanic Garden are minimised</li> <li>(d) and at least four of the following are provided: <ul style="list-style-type: none"> <li>(i) high quality open space that is universally accessible and is directly connected to, and well integrated with, public realm areas of the street</li> <li>(ii) high quality, safe and secure, universally accessible pedestrian linkages that connect through the development site to the surrounding pedestrian network</li> <li>(iii) no on-site car parking</li> <li>(iv) active frontages are located on at least 75 percent of the ground floor street fronts of the building<br/>or</li> <li>(v) the building is designed to provide measures that provides for a substantial additional gain in sustainability.</li> </ul> </li> </ul> |  |
| Open Space   |  |
| <p>PO 4.1</p> <p>Open space:</p> <ul style="list-style-type: none"> <li>(a) is coordinated to provide a variety of pleasant, cohesive, hard and soft, high quality landscaped spaces among and adjacent to buildings</li> <li>(b) incorporates planting themes defined by a mix of exotic and Australian native plantings, lawns and garden beds.</li> </ul>   | <p>DTS/DPF 4.1</p> <p>None are applicable.</p> |
| <p>PO 4.2</p> <p>Development on the eastern portion of the site (as shown on Innovation Subzone Concept Plan):</p> <ul style="list-style-type: none"> <li>(a) results in an open park like setting complementary to the Adelaide Botanic Garden</li> <li>(b) is carefully managed to sensitively balance its interaction with surrounding uses such as the Adelaide Zoo, Adelaide Botanic Garden and the Adelaide Park Lands</li> <li>(c) minimises uses or activities that would alienate the area from public usage</li> <li>(d) provides opportunities for tourism, education, research, informal recreation and cultural enjoyment</li> <li>(e) improves pedestrian links through the area, and improve the public realm and use and enjoyment of the Adelaide Park Lands</li> <li>(f) provides greater exposure and accessibility for the Adelaide Botanic Garden and North Terrace frontage.</li> </ul>  | <p>DTS/DPF 4.2</p> <p>None are applicable.</p> |
| <p>PO 4.3</p> <p>Boundary treatments with the Adelaide Botanic Garden are of an open and transparent nature with the use of design features, fencing, landscaping treatments that integrate with the open space setting.</p>   | <p>DTS/DPF 4.3</p> <p>None are applicable.</p> |
| <p>PO 4.4</p> <p>Existing open space at the northern end of the Innovation Subzone (as shown on Innovation Subzone Concept Plan) is maintained to provide :</p> <ul style="list-style-type: none"> <li>(a) a pedestrian link between Frome Road and the Adelaide Botanic Gardens</li> <li>(b) a continuation of the open vista from the Adelaide Botanic Gardens through to the heritage listed Barr Smith Library within the grounds of the Adelaide University.</li> </ul>   | <p>DTS/DPF 4.4</p> <p>None are applicable</p>  |
| Movement and parking   |  |
| <p>PO 5.1</p> <p>Development incorporates the connection of the Adelaide Park Lands Trail between the Adelaide Park Lands and North Terrace within the area identified as Public Space and Park Lands Trail on the Innovation Subzone Concept Plan, and:</p> <ul style="list-style-type: none"> <li>(a) provides a safe, welcoming, connected and convenient experience for people walking and cycling</li> <li>(b) supports interaction with the variety of Park Lands landscapes and activities, including a high amenity interface with the Adelaide Botanic Gardens and buildings within the cultural precinct</li> <li>(c) creates a natural Park Lands experience that blends the edge between the site and Botanic Garden</li> <li>(d) minimises the length of the trail adjacent to a public road.</li> </ul>  | <p>DTS/DPF 5.1</p> <p>None are applicable.</p> |
| <p>PO 5.2</p> <p>Where parking for multiple cars is provided, it:</p> <ul style="list-style-type: none"> <li>(a) is not located at ground floor street frontages or detract from the provision of active street frontages</li> <li>(b) minimises the extent of parking that is visible from public areas to that which is required for emergency service vehicles, temporary event parking and set down (drop off) functions</li> </ul>  | <p>DTS/DPF 5.2</p> <p>None are applicable.</p> |

|   |                                     |
|---|-------------------------------------|
| (c) incorporates façade treatments where located along major street frontages or interfacing with the Adelaide Park Lands or Botanic Garden, with the built form sufficiently enclosed and detailed to complement neighbouring buildings and screen vehicle parking from view from public areas and other buildings |                                     |
| (d) is comprehensively integrated with high quality landscaping that includes large trees   |                                     |
| (e) is ancillary to an approved or existing use.  |                                     |
| Advertising   |                                     |
| PO 6.1<br>Advertisements use simple graphics and be restrained in their size, design and colour.  | DTS/DPF 6.1<br>None are applicable. |
| PO 6.2<br>In minor streets and laneways, a greater diversity of type, shape, numbers and design of advertisements are appropriate provided they are of a small-scale and located to present a consistent message band to pedestrians.   | DTS/DPF 6.2<br>None are applicable. |

## Coastal Waters and Offshore Islands Zone

### Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |  |
|-----------------|--|
| DO 1            | Protection and enhancement of the natural marine and coastal environment and recognition of it as an important ecological, commercial, tourism and recreational resource and passage for safe watercraft navigation. |
| DO 2            | A limited number of small-scale, low-impact developments supporting conservation, navigation, science, recreation, tourism, aquaculture or carbon storage.   |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome  | Deemed-to-Satisfy Criteria / Designated Performance Feature   |
|--|---|
| Land Use   |   |
| PO 1.1<br>Small-scale, low-impact development for the purpose of conservation, navigation, science, recreation, tourism or aquaculture.  | DTS/DPF 1.1<br>Development comprises one or more of the following:<br><br>(a) Advertisement<br>(b) Agricultural building<br>(c) Aquaculture<br>(d) Boat berth<br>(e) Campground<br>(f) Dwelling alterations or additions<br>(g) Farming<br>(h) Jetty<br>(i) Navigation structures, boat berth, pier, pontoon or similar structure<br>(j) Public amenities<br>(k) Renewable energy facility. |
| Development on off-shore islands   |   |
| PO 2.1<br>Islands that are isolated from the mainland are not developed for residential development until the appropriate level of infrastructure, hazard protection and environmental management is in place. | DTS/DPF 2.1<br>None are applicable.   |
| PO 2.2<br>Farming activities on offshore islands occur on already cleared land and outside of areas containing native vegetation, coastal dunes and wetlands.  | DTS/DPF 2.2<br>None are applicable.   |
| PO 2.3<br>Small-scale tourist accommodation on offshore islands such as camping grounds, huts and cabins avoids delicate or environmentally sensitive areas.   | DTS/DPF 2.3<br>None are applicable.   |
| PO 2.4<br>Renewable energy facilities and ancillary development do not impact on the scenic quality of the coast and islands.  | DTS/DPF 2.4<br>None are applicable.   |

|  |  |
|--|--|
| <p>PO 2.5</p> <p>Small-scale ground-mounted solar power facilities on islands to service existing approved development on the same land.</p>   | <p>DTS/DPF 2.5</p> <p>Solar power facilities:</p> <ul style="list-style-type: none"> <li>(a) do not generate more than 30KW</li> <li>(b) generate power which is to be used wholly in association an approved land use</li> <li>(c) are set back at least 10m from adjoining allotments in other ownership</li> <li>(d) are not located within 100m of a dwelling in other ownership.</li> </ul>   |
| <p>PO 2.6</p> <p>Offshore recreational pontoons avoid seagrass and are safely secured.</p>   | <p>DTS/DPF 2.6</p> <p>Offshore recreational pontoons are:</p> <ul style="list-style-type: none"> <li>(a) not fixed to the shoreline or to any other structure</li> <li>(b) not located over seagrass</li> <li>(c) include anchors designed to withstand seasonal wave conditions.</li> </ul>   |
| <p>Environmental Protection</p>  |  |
| <p>PO 3.1</p> <p>Development is undertaken in a manner which minimises the potential for harm to the marine and coastal environment or to fisheries and aquaculture, including harm arising from actions that introduce a biosecurity risk.</p>  | <p>DTS/DPF 3.1</p> <p>None are applicable.</p>   |
| <p>PO 3.2</p> <p>Development avoids pollution (including turbidity and sedimentation), shading and effects on water flows harming the marine environment both inside and outside of the zone.</p>  | <p>DTS/DPF 3.2</p> <p>None are applicable.</p>   |
| <p>PO 3.3</p> <p>Development avoids important nesting or breeding areas and areas that are important for the movement/migration patterns of fauna.</p>   | <p>DTS/DPF 3.3</p> <p>None are applicable.</p>   |
| <p>PO 3.4</p> <p>Development avoids delicate or environmentally sensitive coastal areas and key habitat areas within and adjacent offshore islands such as sand dunes, cliff tops, estuaries, wetlands, mangroves and samphire areas.</p>  | <p>DTS/DPF 3.4</p> <p>None are applicable.</p>   |
| <p>PO 3.5</p> <p>Offshore development is sited to minimise potential impacts on, and to protect the integrity of, reserves under the <i>National Parks and Wildlife Act 1972</i> and the <i>Marine Parks Act 2007</i>.</p>   | <p>DTS/DPF 3.5</p> <p>Offshore development is located not less than 1km from the boundary of any reserve under the <i>National Parks and Wildlife Act 1972</i>, unless a lesser distance is agreed with the Minister responsible for that Act.</p>   |
| <p>Built Form and Character</p>  |  |
| <p>PO 4.1</p> <p>Development on offshore islands is sited and designed unobtrusively to minimise the visual impact on the natural environment by:</p> <ul style="list-style-type: none"> <li>(a) using low-reflective materials and finishes that blend with, and colours that complement, the surrounding landscape</li> <li>(b) being located below hilltops and ridgelines</li> <li>(c) being screened by existing vegetation.</li> </ul> | <p>DTS/DPF 4.1</p> <p>None are applicable.</p>   |
| <p>Land Division</p>   |  |
| <p>PO 5.1</p> <p>Land division on offshore islands supports the management or improvement of the natural environment including avoiding:</p> <ul style="list-style-type: none"> <li>(a) further fragmentation of land that may reduce effective management of the environment</li> <li>(b) parcel arrangements that increase direct property access to waterfront areas.</li> </ul>  | <p>DTS/DPF 5.1</p> <p>Land division on offshore islands achieves (a) and (b):</p> <ul style="list-style-type: none"> <li>(a) does not create any additional allotments</li> <li>(b) boundary realignments do not result in any additional allotments with frontage or direct access to the coast and will satisfy one of the following: <ul style="list-style-type: none"> <li>(i) is for the creation of a public road or a public reserve</li> <li>(ii) is to remove an anomaly in existing boundaries with respect to the location of existing buildings or structures</li> <li>(iii) is for the management of existing native vegetation.</li> </ul> </li> </ul> |
| <p>Concept Plans</p>   |  |
| <p>PO 6.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p>   | <p>DTS/DPF 6.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <p>In relation to DTS/DPF 6.1, in instances where:</p> <ul style="list-style-type: none"> <li>(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.</li> <li>(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 6.1 is met.</li> </ul>                                |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development  | Accepted Development Classification Criteria  |
|---|---|
| <p>Brush fence<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Hazards (Flooding) Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Ramsar Wetlands Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>   | <ol style="list-style-type: none"> <li>1. The fence is formed (wholly or partially) from brush</li> <li>2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels)</li> <li>3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)</li> <li>4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol>  |
| <p>Building alterations<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. The alteration does not:                         <ol style="list-style-type: none"> <li>(a) increase the floor area of the building</li> <li>(b) exceed the existing wall height</li> <li>(c) exceed the existing overall building height</li> <li>(d) alter the roof profile</li> <li>(e) alter an approved privacy screening arrangement or window treatment</li> </ol> </li> <li>2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.</li> </ol>   |
| <p>Building work on railway land<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Coastal Areas Overlay</li> <li>• Hazards (Acid Sulfate Soils) Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Significant Landscape Protection Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. Building work is associated with a railway</li> <li>2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)</li> <li>3. It is required for the conduct or maintenance of railway activities</li> <li>4. It does not involve the clearance of native vegetation</li> <li>5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol>  |
| <p>Private bushfire shelter<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Coastal Areas Overlay</li> <li>• Future Local Road Widening Overlay</li> <li>• Future Road Widening Overlay</li> <li>• Hazards (Acid Sulfate Soils) Overlay</li> <li>• Hazards (Flooding) Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• River Murray Flood Plain Protection Area Overlay</li> <li>• Significant Landscape Protection Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>3. Primary street setback - at least as far back as the building to which it is ancillary</li> <li>4. Secondary street setback - at least 900mm from the boundary of the allotment</li> <li>5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place)</li> <li>6. Does not involve the clearance of native vegetation.</li> </ol>  |
| <p>Protective tree netting structure<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Hazards (Flooding) Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Ramsar Wetlands Overlay</li> <li>• Significant Landscape Protection Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>   | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas</li> <li>3. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>4. No part of the protective tree netting structure will be more than 6m above natural ground level (depending on where it is situated)</li> <li>5. Netting visible from the outside of the protective tree netting structure is of a low light reflective nature, and, in the case of a structure that has side netting, the side netting is of a dark colour</li> <li>6. In the case of a development on a site that is within a Hazards (Bushfire - Outback) Overlay, Hazards (Bushfire - Regional) Overlay, Hazards (Bushfire - General Risk) Overlay, Hazards (Bushfire Medium - Risk) Overlay or Hazards (Bushfire - High Risk) Overlay, the protective tree netting structure provides for access to the site in accordance with the following:                         <ol style="list-style-type: none"> <li>(a) no part of the protective tree netting structure (including cables and points of attachment of cables (known as 'auger' or 'anchor' points) will be within 5m of any boundary of the site; or</li> <li>(b) does not prevent access or movement of vehicles of 4m height and 3.5m width (or less) on any access road or track (including fire tracks) on the site</li> </ol> </li> <li>7. No part of the netting canopy of the protective tree netting structure:                         <ol style="list-style-type: none"> <li>(a) will cover native vegetation; or</li> <li>(b) will be within 5m of a road (including any road reserve)</li> </ol> </li> <li>8. The points of attachment of any cables will not be located:                         <ol style="list-style-type: none"> <li>(a) outside the boundaries of the site; or</li> <li>(b) within a watercourse (within the meaning of the <i>Landscape South Australia Act 2019</i>)</li> </ol> </li> <li>9. In relation to a dwelling located on an allotment adjoining the site on which the protective tree netting structure is located, the protective tree netting structure complies with the following:</li> </ol> |

|   |   |
|---|---|
|   | <ol style="list-style-type: none"> <li>if the netting canopy nearest the dwelling on the adjoining allotment is 4m or less above ground level (depending on where it is situated), no part of the netting canopy is within 10m of the dwelling</li> <li>in any other case, no part of the netting canopy is within 15m of the dwelling.</li> </ol>  |
| <p>Shade sail<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>Future Local Road Widening Overlay</li> <li>Future Road Widening Overlay</li> <li>Historic Area Overlay</li> <li>Local Heritage Place Overlay</li> <li>State Heritage Area Overlay</li> <li>State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>Shade sail consists of permeable material</li> <li>The total area of the sail - does not exceed 40m<sup>2</sup></li> <li>No part of the shade sail will be: <ol style="list-style-type: none"> <li>3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment</li> <li>5m above ground or floor level (depending on where it is situated) within any other part of the allotment</li> </ol> </li> <li>Primary street setback - at least as far back as the building line of the building to which it is ancillary</li> <li>If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m</li> <li>In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary</li> <li>Does not involve the clearance of native vegetation</li> <li>The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol> |
| <p>Solar photovoltaic panels (roof mounted)<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>Local Heritage Place Overlay</li> <li>State Heritage Area Overlay</li> <li>State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof</li> <li>Panels and associated components do not overhang any part of the roof</li> <li>Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system</li> <li>If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.</li> </ol>   |
| <p>Water tank (above ground)<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>Historic Area Overlay</li> <li>Local Heritage Place Overlay</li> <li>Ramsar Wetlands Overlay</li> <li>State Heritage Area Overlay</li> <li>State Heritage Place Overlay</li> </ul>                                   | <ol style="list-style-type: none"> <li>The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>The tank is part of a roof drainage system</li> <li>Total floor area - not exceeding 15m<sup>2</sup></li> <li>The tank is located wholly above ground</li> <li>Tank height - does not exceed 4m above natural ground level</li> <li>Primary street setback - at least as far back as the building line of the building to which it is ancillary</li> <li>In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour</li> <li>Does not involve the clearance of native vegetation.</li> </ol>   |
| <p>Water tank (underground)<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>Coastal Areas Overlay</li> <li>Hazards (Acid Sulfate Soils) Overlay</li> <li>Ramsar Wetlands Overlay</li> </ul>   | <ol style="list-style-type: none"> <li>The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>The tank (including any associated pump) is located wholly below the level of the ground</li> <li>Does not involve the clearance of native vegetation.</li> </ol>  |

**Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development   | Deemed-to-Satisfy Development Classification Criteria |                              |   |   |
|--|---|------------------------------|---|---|
|  | Zone  | General Development Policies | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay) |
| Recreational pontoon   | Development on off-shore islands<br>DTS/DPF 2.6       | None                         | None  | None  |
| Replacement building<br>Except where any of the following apply: | None  | None                         | None  | None  |

|   |      |      |      |      |
|---|------|------|------|------|
| <ul style="list-style-type: none"> <li>• Coastal Areas Overlay</li> <li>• Coastal Flooding Overlay</li> <li>• Hazards (Bushfire - High Risk) Overlay</li> <li>• Hazards (Bushfire - Medium Risk) Overlay</li> <li>• Hazards (Flooding - General) Overlay</li> <li>• Hazards (Flooding) Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• River Murray Flood Plain Protection Area Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> |      |      |      |      |
| Temporary accommodation in an area affected by bushfire   | None | None | None | None |

**Table 3 - Applicable Policies for Performance Assessed Development**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies |   |   |  |
|----------------------|---------------------|---|---|--|
|                      | Zone                | General Development Policies  | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay)  |

| All other Code Assessed Development | All | All | All | Any relevant Overlay: All   |

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions     |
|----------------------|----------------|
| None specified       | None specified |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| Class of Development<br>(Column A)   | Exceptions<br>(Column B)   |
|--|--|
| 1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.  | None specified.  |
| 2. Any development involving any of the following (or of any combination of any of the following):<br>(a) advertisement<br>(b) agricultural building<br>(c) air handling unit, air conditioning system or exhaust fan<br>(d) building work on railway land<br>(e) carport<br>(f) deck<br>(g) dwelling alterations or additions<br>(h) farming<br>(i) fence<br>(j) internal building works<br>(k) navigation structures, boat berth, pier, pontoon or similar structure (or any combination thereof)<br>(l) land division<br>(m) outbuilding<br>(n) pergola<br>(o) private bushfire shelter<br>(p) protective tree netting structure<br>(q) public amenities<br>(r) recreational pontoon<br>(s) replacement building<br>(t) retaining wall<br>(u) shade sail<br>(v) solar photovoltaic panels (roof mounted)<br>(w) swimming pool or spa pool and associated swimming pool safety features<br>(x) tree damaging activity<br>(y) temporary accommodation in an area affected by bushfire<br>(z) verandah<br>(aa) water tank. | None specified.  |
| 3. Demolition.   | Except any of the following:<br>1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building) |

|                  |   |
|------------------|---|
|                  | 2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building). |
| 4. Railway line. | Except where located outside of a rail corridor or rail reserve.  |

**Placement of Notices - Exemptions for Performance Assessed Development**

Pursuant to regulation 47(6)(c) of the Planning, Development and Infrastructure (General) Regulations 2017, the requirement to place a notice on the relevant land under section 107(3)(a) (ii) of the *Planning, Development and Infrastructure Act 2016* does not apply in the Coastal Waters and Offshore Islands Zone.

**Placement of Notices - Exemptions for Restricted Development**

Pursuant to regulation 47(6)(c) of the Planning, Development and Infrastructure (General) Regulations 2017, the requirement to place a notice on the relevant land under section 110(2)(a) (iv) of the *Planning, Development and Infrastructure Act 2016* does not apply in the Coastal Waters and Offshore Islands Zone.

**Commonwealth Facilities Zone**

**Assessment Provisions (AP)**

Desired Outcome (DO)

| Desired Outcome |   |
|-----------------|---|
| DO 1            | <p>A zone accommodating nationally significant aviation and defence-related activities.</p> <p><b>NOTE:</b> Land in the zone is subject to Commonwealth laws where development may occur without the need for an approval under the <i>Planning, Development and Infrastructure Act 2016</i>. In circumstance where a class of development is proposed that is subject to state planning laws, the development is subject to assessment against the Planning and Design Code.</p> |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome   | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use  |   |
| PO 1.1<br>Commonwealth aviation and defence-related development and complementary activities. | DTS/DPF 1.1<br>None are applicable.                         |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development  | Accepted Development Classification Criteria   |
|---|--|
| <p>Brush fence<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Hazards (Flooding) Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Ramsar Wetlands Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>1. The fence is formed (wholly or partially) from brush</li> <li>2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels)</li> <li>3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)</li> <li>4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol> |
| <p>Building alterations<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. The alteration does not:                         <ol style="list-style-type: none"> <li>(a) increase the floor area of the building</li> <li>(b) exceed the existing wall height</li> <li>(c) exceed the existing overall building height</li> <li>(d) alter the roof profile</li> <li>(e) alter an approved privacy screening arrangement or window treatment</li> </ol> </li> <li>2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm. 500</li> </ol>                          |

|   |  |
|---|--|
| <p>Building work on railway land<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Coastal Areas Overlay</li> <li>• Hazards (Acid Sulfate Soils) Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Significant Landscape Protection Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. Building work is associated with a railway</li> <li>2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)</li> <li>3. It is required for the conduct or maintenance of railway activities</li> <li>4. It does not involve the clearance of native vegetation</li> <li>5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol>   |
| <p>Outbuilding<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Coastal Areas Overlay</li> <li>• Future Local Road Widening Overlay</li> <li>• Future Road Widening Overlay</li> <li>• Hazards (Flooding) Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Significant Landscape Protection Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>3. It is detached from and ancillary to a dwelling erected on the site.</li> <li>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary</li> <li>5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)</li> <li>6. Total floor area - does not exceed 40m<sup>2</sup></li> <li>7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)</li> <li>8. Building height - does not exceed 5m</li> <li>9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:             <ol style="list-style-type: none"> <li>(a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and</li> <li>(b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent</li> </ol> </li> <li>10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):             <ol style="list-style-type: none"> <li>(a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and</li> <li>(b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure</li> </ol> </li> <li>11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%</li> <li>12. If the outbuilding is a garage door opening for vehicle access facing a street frontage does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)</li> <li>13. If the outbuilding is a garage, it is located so that vehicle access:             <ol style="list-style-type: none"> <li>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or</li> <li>(b) is not obtained from a State Maintained Road, and will use a driveway that:                 <ol style="list-style-type: none"> <li>(i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing;</li> <li>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;</li> <li>(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average</li> <li>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access</li> <li>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site</li> </ol> </li> </ol> </li> <li>14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour</li> <li>15. Does not involve-             <ol style="list-style-type: none"> <li>(a) excavation exceeding a vertical height of 1m; or</li> <li>(b) filling exceeding a vertical height of 1m,</li> </ol> <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2m.</p> </li> <li>16. Does not involve the clearance of native vegetation</li> <li>17. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol> |
| <p>Partial demolition of a building or structure<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <p>None</p>  |

|   |  |
|---|--|
| <p>Private bushfire shelter<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Coastal Areas Overlay</li> <li>• Future Local Road Widening Overlay</li> <li>• Future Road Widening Overlay</li> <li>• Hazards (Acid Sulfate Soils) Overlay</li> <li>• Hazards (Flooding) Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• River Murray Flood Plain Protection Area Overlay</li> <li>• Significant Landscape Protection Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>3. Primary street setback - at least as far back as the building to which it is ancillary</li> <li>4. Secondary street setback - at least 900mm from the boundary of the allotment</li> <li>5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place)</li> <li>6. Does not involve the clearance of native vegetation.</li> </ol>   |
| <p>Protective tree netting structure<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Hazards (Flooding) Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Ramsar Wetlands Overlay</li> <li>• Significant Landscape Protection Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>   | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. <i>The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas</i></li> <li>3. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>4. No part of the protective tree netting structure will be more than 6m above natural ground level (depending on where it is situated)</li> <li>5. Netting visible from the outside of the protective tree netting structure is of a low light-reflective nature, and, in the case of a structure that has side netting, the side netting is of a dark colour</li> <li>6. In the case of a development on a site that is within a Hazards (Bushfire - Outback) Overlay, Hazards (Bushfire - Regional) Overlay, Hazards (Bushfire - General Risk) Overlay, Hazards (Bushfire Medium - Risk) Overlay or Hazards (Bushfire - High Risk) Overlay, the protective tree netting structure provides for access to the site in accordance with the following:             <ol style="list-style-type: none"> <li>(a) no part of the protective tree netting structure (including cables and points of attachment of cables (known as 'auger' or 'anchor' points) will be within 5m of any boundary of the site; or</li> <li>(b) does not prevent access or movement of vehicles of 4m height and 3.5m width (or less) on any access road or track (including fire tracks) on the site</li> </ol> </li> <li>7. No part of the netting canopy of the protective tree netting structure:             <ol style="list-style-type: none"> <li>(a) will cover native vegetation; or</li> <li>(b) will be within 5m of a road (including any road reserve)</li> </ol> </li> <li>8. The points of attachment of any cables will not be located:             <ol style="list-style-type: none"> <li>(a) outside the boundaries of the site; or</li> <li>(b) within a watercourse (within the meaning of the <i>Landscape South Australia Act 2019</i>)</li> </ol> </li> <li>9. In relation to a dwelling located on an allotment adjoining the site on which the protective tree netting structure is located, the protective tree netting structure complies with the following:             <ol style="list-style-type: none"> <li>(a) if the netting canopy nearest the dwelling on the adjoining allotment is 4m or less above ground level (depending on where it is situated), no part of the netting canopy is within 10m of the dwelling</li> <li>(b) in any other case, no part of the netting canopy is within 15m of the dwelling.</li> </ol> </li> </ol> |
| <p>Shade sail<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Future Local Road Widening Overlay</li> <li>• Future Road Widening Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>   | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>3. Shade sail consists of permeable material</li> <li>4. The total area of the sail - does not exceed 40m<sup>2</sup></li> <li>5. No part of the shade sail will be:             <ol style="list-style-type: none"> <li>(a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment</li> <li>(b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment</li> </ol> </li> <li>6. Primary street setback - at least as far back as the building line of the building to which it is ancillary</li> <li>7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m</li> <li>8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary</li> <li>9. Does not involve the clearance of native vegetation</li> <li>10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol>   |
| <p>Solar photovoltaic panels (roof mounted)<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof</li> <li>3. Panels and associated components do not overhang any part of the roof</li> <li>4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system</li> </ol>   |

|   |  |
|---|--|
|   | <ol style="list-style-type: none"> <li>If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.</li> </ol>  |
| <p>Verandah<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>Future Local Road Widening Overlay</li> <li>Future Road Widening Overlay</li> <li>Historic Area Overlay</li> <li>Local Heritage Place Overlay</li> <li>State Heritage Area Overlay</li> <li>State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>It is ancillary to a dwelling erected on the site</li> <li>Primary street setback - as far back as the building line of the building to which it is ancillary</li> <li>Total floor area - does not exceed 40m<sup>2</sup></li> <li>Post height - does not exceed 3m measured from natural ground level</li> <li>Building height - does not exceed 5m</li> <li>Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment</li> <li>Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%</li> <li>Does not involve the clearance of native vegetation.</li> </ol> |
| <p>Water tank (above ground)<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>Historic Area Overlay</li> <li>Local Heritage Place Overlay</li> <li>Ramsar Wetlands Overlay</li> <li>State Heritage Area Overlay</li> <li>State Heritage Place Overlay</li> </ul>                                 | <ol style="list-style-type: none"> <li>The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>The tank is part of a roof drainage system</li> <li>Total floor area - not exceeding 15m<sup>2</sup></li> <li>The tank is located wholly above ground</li> <li>Tank height - does not exceed 4m above natural ground level</li> <li>Primary street setback - at least as far back as the building line of the building to which it is ancillary</li> <li>In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour</li> <li>Does not involve the clearance of native vegetation.</li> </ol>  |
| <p>Water tank (underground)<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>Coastal Areas Overlay</li> <li>Hazards (Acid Sulfate Soils) Overlay</li> <li>Ramsar Wetlands Overlay</li> </ul>   | <ol style="list-style-type: none"> <li>The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>The tank (including any associated pump) is located wholly below the level of the ground</li> <li>Does not involve the clearance of native vegetation.</li> </ol>   |

**Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development   | Deemed-to-Satisfy Development Classification Criteria |  |   |   |
|--|---|--|---|---|
|  | Zone  | General Development Policies   | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay)   |
| Advertisement<br>Except where any of the following apply: <ul style="list-style-type: none"> <li>Character Preservation District Overlay</li> <li>Heritage Adjacency Overlay</li> <li>Historic Area Overlay</li> <li>Local Heritage Place Overlay</li> <li>Non-stop Corridor Overlay</li> <li>Significant Landscape Protection Overlay</li> <li>State Heritage Area Overlay</li> <li>State Heritage Place Overlay</li> </ul> | None  | Advertisements [Appearance]<br>DTS/DPF 1.1, DTS/DPF 1.2, DTS/DPF 1.3, DTS/DPF 1.4<br><br>Advertisements [Proliferation of Advertisements]<br>DTS/DPF 2.3<br><br>Advertisements [Advertising Content]<br>DTS/DPF 3.1<br><br>Advertisements [Amenity Impacts]<br>DTS/DPF 4.1<br><br>Advertisements [Safety]<br>DTS/DPF 5.1, DTS/DPF 5.2, DTS/DPF 5.3, DTS/DPF 5.4, DTS/DPF 5.5, DTS/DPF 5.6<br><br>Clearance from Overhead Powerlines<br>DTS/DPF 1.1<br><br>Infrastructure and Renewable Energy Facilities [Wastewater Services]<br>DTS/DPF 12.2 | None  | Advertising Near Signalised Intersections Overlay [Advertisements Near Signalised Intersections]<br>DTS/DPF 1.1<br><br>Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form]<br>DTS/DPF 1.1<br><br>Airport Building Heights (Regulated) Overlay [Built Form]<br>DTS/DPF 1.1<br><br>Building Near Airfields Overlay<br>DTS/DPF 1.3<br><br>Defence Aviation Area Overlay [Built Form]<br>DTS/DPF 1.1<br><br>Future Road Widening Overlay [Future Road Widening]<br>DTS/DPF 1.1<br><br>Gateway Overlay [Advertisements]<br>DTS/DPF 4.1<br><br>Native Vegetation Overlay [Environmental Protection]<br>DTS/DPF 1.1 |

**Table 3 - Applicable Policies for Performance Assessed Development**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies |                              |   |   |
|----------------------|---------------------|------------------------------|---|---|
|                      | Zone                | General Development Policies | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay)   |
| Demolition           | None                | None                         | None  | Historic Area Overlay [All Development]<br>PO 1.1<br><br>Historic Area Overlay [Demolition]<br>PO 7.1, PO 7.2, PO 7.3<br><br>Historic Area Overlay [Ruins]<br>PO 8.1<br><br>Local Heritage Place Overlay [Landscape Context and Streetscape Amenity]<br>PO 5.1<br><br>Local Heritage Place Overlay [Demolition]<br>PO 6.1, PO 6.2<br><br>Local Heritage Place Overlay [Conservation Works]<br>PO 7.1<br><br>State Heritage Area Overlay [Landscape Context and Streetscape Amenity]<br>PO 5.1<br><br>State Heritage Area Overlay [Demolition]<br>PO 6.1<br><br>State Heritage Area Overlay [Conservation Works]<br>PO 7.1<br><br>State Heritage Place Overlay [Landscape Context and Streetscape Amenity]<br>PO 5.1<br><br>State Heritage Place Overlay [Demolition]<br>PO 6.1<br><br>State Heritage Place Overlay [Conservation Works]<br>PO 7.1 |

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions     |
|----------------------|----------------|
| None specified       | None specified |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will

not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| Class of Development<br>(Column A)  | Exceptions<br>(Column B) |
|---|--------------------------|
| None specified.   | None specified.          |
| <b>Placement of Notices - Exemptions for Performance Assessed Development</b> |                          |
| None specified.   |                          |
| <b>Placement of Notices - Exemptions for Restricted Development</b>           |                          |
| None specified.   |                          |

### Community Facilities Zone

#### Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |  |
|-----------------|--|
| DO 1            | Provision of a range of community, educational, recreational and health care facilities. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome   | Deemed-to-Satisfy Criteria / Designated Performance Feature  |
|---|--|
| Land Use and Intensity  |  |
| PO 1.1<br>Development is associated with or ancillary to the provision of community, educational, recreational and / or health care services. | DTS/DPF 1.1<br>Development comprises one or more of the following: <ul style="list-style-type: none"> <li>(a) Cemetery</li> <li>(b) Child care facility</li> <li>(c) Community facility</li> <li>(d) Consulting room</li> <li>(e) Educational facility</li> <li>(f) Emergency services facility</li> <li>(g) Health care facility</li> <li>(h) Hospital</li> <li>(i) Indoor recreation facility</li> <li>(j) Library</li> <li>(k) Office associated with community service</li> <li>(l) Place of worship</li> <li>(m) Recreation area</li> <li>(n) Shop</li> </ul> |

| Maximum building height is 12m   |   |                                  |                                    |                                     |                                     |                                     |                                     |                                     |                                      |                                  |                                 |                                 |                               |                                |                                  |                                |                                  |                                |                                |                                  |                                |
| Maximum building height is 12.5m   |   |                                  |                                    |                                     |                                     |                                     |                                     |                                     |                                      |                                  |                                 |                                 |                               |                                |                                  |                                |                                  |                                |                                |                                  |                                |
| Maximum building height is 15m   |   |                                  |                                    |                                     |                                     |                                     |                                     |                                     |                                      |                                  |                                 |                                 |                               |                                |                                  |                                |                                  |                                |                                |                                  |                                |
| Maximum building height is 18m   |   |                                  |                                    |                                     |                                     |                                     |                                     |                                     |                                      |                                  |                                 |                                 |                               |                                |                                  |                                |                                  |                                |                                |                                  |                                |
| Maximum building height is 18.5m   |   |                                  |                                    |                                     |                                     |                                     |                                     |                                     |                                      |                                  |                                 |                                 |                               |                                |                                  |                                |                                  |                                |                                |                                  |                                |
| Maximum building height is 43m   |   |                                  |                                    |                                     |                                     |                                     |                                     |                                     |                                      |                                  |                                 |                                 |                               |                                |                                  |                                |                                  |                                |                                |                                  |                                |
| <p>PO 2.2</p> <p>Buildings mitigate the visual impacts of massing on residential development within a neighbourhood-type zone.</p>   | <p>DTS/DPF 2.2</p> <p>Except in the St Andrews Hospital Precinct Subzone and the part of the WHC and Memorial Hospital Precinct Subzone north of Kermodie Street, buildings constructed within a building envelope provided by a 45 degree plane measured from a height of 3m above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary or where this boundary is the street boundary):</p>  |                                  |                                    |                                     |                                     |                                     |                                     |                                     |                                      |                                  |                                 |                                 |                               |                                |                                  |                                |                                  |                                |                                |                                  |                                |

PO 2.3  
Buildings mitigate overshadowing of residential development within a neighbourhood-type zone.

DTS/DPF 2.3  
Buildings on sites with a southern boundary adjoining the an allotment boundary used for residential purposes within a neighbourhood-type zone are constructed within a building envelope provided by a 30 degree plane grading north measured from a height of 3m above natural ground level at the southern boundary, as shown in the following diagram (except where this boundary is a street boundary):

PO 2.4  
Buildings are set back from all boundaries (other than street boundaries) to minimise impacts on neighbouring residential properties, including access to natural light and ventilation

DTS/DPF 2.4  
Buildings are set back a minimum 3m from all boundaries where the subject land abuts an allotment used for residential purposes, except where the development abuts the wall of an existing or simultaneously constructed building on the adjoining land.

PO 2.5  
Buildings on an allotment fronting a road that is not a State Maintained Road, and where land on the opposite side of the road is within a neighbourhood-type zone, provides an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character.

DTS/DPF 2.5  
None are applicable.

Advertisements

PO 3.1  
Freestanding advertisements that identify the associated business without creating a visually dominant element within the locality.

DTS/DPF 3.1  
Freestanding advertisements:  
(a) do not exceed 2m in height  
(b) do not have a sign face that exceeds 2m<sup>2</sup> per side.

Concept Plans

PO 4.1  
Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.

DTS/DPF 4.1  
The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:

| Description  |
|--|
| Concept Plan 75 - Warrenie Development Area Land Form / Building Module Cross Section - Warrenie |
| Concept Plan 3 - Mount Barker and Littlehampton  |
| Concept Plan 71 - Hamley Bridge  |
| Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints                                |
| Concept Plan 90 - Residential - Gardner St, Littlehampton  |
| Concept Plan 101 - Evanston Gardens, Evanston South, Hillier                                     |
| Concept Plan 100 - Gawler East   |

In relation to DTS/DPF 4.1, in instances where:

- (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.
- (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 4.1 is met.

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development  | Accepted Development Classification Criteria  |
|---|---|
| <p>Brush fence<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Hazards (Flooding) Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Ramsar Wetlands Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>   | <ol style="list-style-type: none"> <li>1. The fence is formed (wholly or partially) from brush</li> <li>2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels)</li> <li>3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)</li> <li>4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol>  |
| <p>Building alterations<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. The alteration does not:                             <ol style="list-style-type: none"> <li>(a) increase the floor area of the building</li> <li>(b) exceed the existing wall height</li> <li>(c) exceed the existing overall building height</li> <li>(d) alter the roof profile</li> <li>(e) alter an approved privacy screening arrangement or window treatment</li> </ol> </li> <li>2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.</li> </ol>   |
| <p>Building work on railway land<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Coastal Areas Overlay</li> <li>• Hazards (Acid Sulfate Soils) Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Significant Landscape Protection Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. Building work is associated with a railway</li> <li>2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)</li> <li>3. It is required for the conduct or maintenance of railway activities</li> <li>4. It does not involve the clearance of native vegetation</li> <li>5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol>  |

**Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

**Table 3 - Applicable Policies for Performance Assessed Development**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies      |   |   |  |

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions  |
|----------------------|---|
| Shop                 | Any of the following:<br><br>(a) shop with a gross leasable floor area less than 1000m <sup>2</sup><br>(b) shop that is a restaurant. |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| Class of Development (Column A)   | Exceptions (Column B)   |
|---|---|
| 1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.   | None specified.   |
| 2. Any development involving any of the following (or of any combination of any of the following):<br>(a) advertisement<br>(b) child care facility<br>(c) community facility<br>(d) educational facility<br>(e) protective tree netting structure<br>(f) recreation area. | Except development that exceeds the maximum building height specified in Community Facilities Zone DTS/DPF 2.1 or does not satisfy any of the following:<br><br>1. Community Facilities Zone DTS/DPF 2.2<br>2. Community Facilities Zone DTS/DPF 2.3. |
| 3. Any development involving any of the following (or of any combination of any of the following):<br>(a) air handling unit, air conditioning system or exhaust fan<br>(b) carport<br>(c) deck<br>(d) fence<br>(e) internal building works                                | None specified.   |

|   |   |
|---|---|
| <ul style="list-style-type: none"> <li>(f) land division</li> <li>(g) outbuilding</li> <li>(h) pergola</li> <li>(i) private bushfire shelter</li> <li>(j) replacement building</li> <li>(k) retaining wall</li> <li>(l) shade sail</li> <li>(m) solar photovoltaic panels (roof mounted)</li> <li>(n) swimming pool or spa pool and associated swimming pool safety features</li> <li>(o) temporary accommodation in an area affected by bushfire</li> <li>(p) tree damaging activity</li> <li>(q) verandah</li> <li>(r) water tank.</li> </ul> |   |
| <p>4. Consulting room.</p>  | <p>Except where the site of the development is adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone.</p>  |
| <p>5. Demolition.</p>   | <p>Except any of the following:</p> <ol style="list-style-type: none"> <li>1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)</li> <li>2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).</li> </ol>   |
| <p>6. Office.</p>   | <p>Except office that exceeds the maximum building height specified in Community Facilities Zone DTS/DPF 2.1, or is on a Catalyst Site in the St Andrews Hospital Precinct Subzone and exceeds the maximum building height in Community Facilities Zone DTS/DPF 2.1 that applies to development not on a Catalyst Site, or does not satisfy any of the following:</p> <ol style="list-style-type: none"> <li>1. Community Facilities Zone DTS/DPF 1.3</li> <li>2. Community Facilities Zone DTS/DPF 2.2</li> <li>3. Community Facilities Zone DTS/DPF 2.3.</li> </ol> |
| <p>7. Railway line.</p>   | <p>Except where located outside of a rail corridor or rail reserve.</p>   |
| <p>8. Shop.</p>   | <p>Except shop that exceeds the maximum building height specified in Community Facilities Zone DTS/DPF 2.1, or is on a Catalyst Site in the St Andrews Hospital Precinct Subzone and exceeds the maximum building height in Community Facilities Zone DTS/DPF 2.1 that applies to development not on a Catalyst Site, or does not satisfy any of the following:</p> <ol style="list-style-type: none"> <li>1. | Concept Plan 4 - Minda Incorporated Brighton Campus - North Brighton   |  |             |  |  |  |   |
| Concept Plan 74 - Shelley Beach - Kellidie Bay   |  |             |  |  |  |   |
| Concept Plan 3 - Mount Barker and Littlehampton  |  |             |  |  |  |   |

| Description  |
|--|
| Concept Plan 14 - Buckland Park  |
| Concept Plan 71 - Hamley Bridge  |
| Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints  |
| In relation to DTS/DPF 9.1, in instances where:  |
| (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. |
| (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 9.1 is met.   |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development  | Accepted Development Classification Criteria   |
|---|--|
| <p>Building alterations<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• Shack Relocation Subzone</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. The alteration does not:                             <ol style="list-style-type: none"> <li>(a) increase the floor area of the building</li> <li>(b) exceed the existing wall height</li> <li>(c) exceed the existing overall building height</li> <li>(d) alter the roof profile</li> <li>(e) alter an approved privacy screening arrangement or window treatment</li> </ol> </li> <li>2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.</li> </ol>  |
| <p>Building work on railway land<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Coastal Areas Overlay</li> <li>• Hazards (Acid Sulfate Soils) Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Shack Relocation Subzone</li> <li>• Significant Landscape Protection Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. Building work is associated with a railway</li> <li>2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)</li> <li>3. It is required for the conduct or maintenance of railway activities</li> <li>4. It does not involve the clearance of native vegetation</li> <li>5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol>   |
| <p>Partial demolition of a building or structure<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Shack Relocation Subzone</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | None   |
| <p>Private bushfire shelter<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Coastal Areas Overlay</li> <li>• Future Local Road Widening Overlay</li> <li>• Future Road Widening Overlay</li> <li>• Hazards (Acid Sulfate Soils) Overlay</li> <li>• Hazards (Flooding) Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• River Murray Flood Plain Protection Area Overlay</li> <li>• Shack Relocation Subzone</li> <li>• Significant Landscape Protection Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>3. Primary street setback - at least as far back as the building to which it is ancillary</li> <li>4. Secondary street setback - at least 900mm from the boundary of the allotment</li> <li>5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place)</li> <li>6. Does not involve the clearance of native vegetation.</li> </ol>   |
| <p>Protective tree netting structure<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Hazards (Flooding) Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Ramsar Wetlands Overlay</li> <li>• Shack Relocation Subzone</li> <li>• Significant Landscape Protection Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>   | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas</li> <li>3. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>4. No part of the protective tree netting structure will be more than 6m above natural ground level (depending on where it is situated)</li> <li>5. Netting visible from the outside of the protective tree netting structure is of a low light reflective nature, and, in the case of a structure that has side netting, the side netting is of a dark colour</li> <li>6. In the case of a development on a site that is within a Hazards (Bushfire - Outback) Overlay, Hazards (Bushfire - Regional) Overlay, Hazards (Bushfire - General Risk) Overlay, Hazards (Bushfire Medium - Risk) Overlay or Hazards (Bushfire - High Risk) Overlay, the protective tree netting structure provides for access to the site in accordance with the following:</li> </ol> |

|   |   |
|---|---|
|   | <ul style="list-style-type: none"> <li>(a) no part of the protective tree netting structure (including cables and points of attachment of cables (known as 'auger' or 'anchor' points) will be within 5m of any boundary of the site; or</li> <li>(b) does not prevent access or movement of vehicles of 4m height and 3.5m width (or less) on any access road or track (including fire tracks) on the site</li> </ul> <p>7. No part of the netting canopy of the protective tree netting structure:</p> <ul style="list-style-type: none"> <li>(a) will cover native vegetation; or</li> <li>(b) will be within 5m of a road (including any road reserve)</li> </ul> <p>8. The points of attachment of any cables will not be located:</p> <ul style="list-style-type: none"> <li>(a) outside the boundaries of the site; or</li> <li>(b) within a watercourse (within the meaning of the <i>Landscape South Australia Act 2019</i>)</li> </ul> <p>9. In relation to a dwelling located on an allotment adjoining the site on which the protective tree netting structure is located, the protective tree netting structure complies with the following:</p> <ul style="list-style-type: none"> <li>(a) if the netting canopy nearest the dwelling on the adjoining allotment is 4m or less above ground level (depending on where it is situated), no part of the netting canopy is within 10m of the dwelling</li> <li>(b) in any other case, no part of the netting canopy is within 15m of the dwelling</li> </ul>   |
| <p>Shade sail<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Future Local Road Widening Overlay</li> <li>• Future Road Widening Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>3. Shade sail consists of permeable material</li> <li>4. The total area of the sail - does not exceed 40m<sup>2</sup></li> <li>5. No part of the shade sail will be: <ul style="list-style-type: none"> <li>(a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment</li> <li>(b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment</li> </ul> </li> <li>6. Primary street setback - at least as far back as the building line of the building to which it is ancillary</li> <li>7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 8m</li> <li>8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary</li> <li>9. Does not involve the clearance of native vegetation</li> <li>10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol> |
| <p>Solar photovoltaic panels (roof mounted)<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• Shack Relocation Subzone</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof</li> <li>3. Panels and associated components do not overhang any part of the roof</li> <li>4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system</li> <li>5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.</li> </ol>  |
| <p>Water tank (above ground)<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Ramsar Wetlands Overlay</li> <li>• Shack Relocation Subzone</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>3. The tank is part of a roof drainage system</li> <li>4. Total floor area - not exceeding 15m<sup>2</sup></li> <li>5. The tank is located wholly above ground</li> <li>6. Tank height - does not exceed 4m above natural ground level</li> <li>7. Primary street setback - at least as far back as the building line of the building to which it is ancillary</li> <li>8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour</li> <li>9. Does not involve the clearance of native vegetation.</li> </ol>  |
| <p>Water tank (underground)<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Coastal Areas Overlay</li> <li>• Hazards (Acid Sulfate Soils) Overlay</li> <li>• Ramsar Wetlands Overlay</li> <li>• Shack Relocation Subzone</li> </ul>   | <ol style="list-style-type: none"> <li>1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>2. The tank (including any associated pump) is located wholly below the level of the ground</li> <li>3. Does not involve the clearance of native vegetation.</li> </ol>   |

Table 2 - Deemed-to-Satisfy Development Classification

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development   | Deemed-to-Satisfy Development Classification Criteria                             |  |   |  |
|--|---|--|---|--|
|  | Zone  | General Development Policies   | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay)  |
| <p>Advertisement<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Character Preservation District Overlay</li> <li>• Heritage Adjacency Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Non-stop Corridor Overlay</li> <li>• Shack Relocation Subzone</li> <li>• Significant Landscape Protection Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>   | <p>Land Use<br/>DTS/DPF 1.1</p> <p>Advertisement<br/>DTS/DPF 6.1, DTS/DPF 6.2</p> | <p>Advertisements [Appearance]<br/>DTS/DPF 1.1, DTS/DPF 1.2, DTS/DPF 1.3, DTS/DPF 1.4</p> <p>Advertisements [Proliferation of Advertisements]<br/>DTS/DPF 2.3</p> <p>Advertisements [Advertising Content]<br/>DTS/DPF 3.1</p> <p>Advertisements [Amenity Impacts]<br/>DTS/DPF 4.1</p> <p>Advertisements [Safety]<br/>DTS/DPF 5.1, DTS/DPF 5.2, DTS/DPF 5.3, DTS/DPF 5.4, DTS/DPF 5.5, DTS/DPF 5.6</p> <p>Clearance from Overhead Powerlines<br/>DTS/DPF 1.1</p> <p>Infrastructure and Renewable Energy Facilities [Wastewater Services]<br/>DTS/DPF 12.2</p> | None  | <p>Advertising Near Signalised Intersections Overlay<br/>[Advertisements Near Signalised Intersections]<br/>DTS/DPF 1.1</p> <p>Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form]<br/>DTS/DPF 1.1</p> <p>Airport Building Heights (Regulated) Overlay [Built Form]<br/>DTS/DPF 1.1</p> <p>Building Near Airfields Overlay<br/>DTS/DPF 1.3</p> <p>Defence Aviation Area Overlay [Built Form]<br/>DTS/DPF 1.1</p> <p>Future Road Widening Overlay [Future Road Widening]<br/>DTS/DPF 1.1</p> <p>Gateway Overlay [Advertisements]<br/>DTS/DPF 4.1</p> <p>Native Vegetation Overlay [Environmental Protection]<br/>DTS/DPF 1.1</p> <p>State Significant Native Vegetation Areas Overlay [Environmental Protection]<br/>DTS/DPF 1.1</p> |

**Table 3 - Applicable Policies for Performance Assessed Development**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development  | Applicable Policies   |   |   |   |
|---|---|---|---|---|
|   | Zone  | General Development Policies  | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay)   |

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development                                     | Exclusions  |
|--|---|
| All forms of development in the Shack Relocation Subzone | Demolition  |
| Dwelling   | Any of the following:<br><br>(a) detached dwelling in the <b>Dwelling Subzone</b> and will not result in more than one dwelling per allotment<br>(b) detached dwelling that will replace an existing lawfully erected dwelling<br>(c) detached dwelling in the <b>Small Scale Settlement Subzone</b> and will not result in more than one dwelling on an allotment. |
| Land division  | Any of the following:<br><br>(a) land division that meets Conservation Zone DTS / DPF 2.1<br>(b) land division in the <b>Visitor Experience Subzone</b> to create an allotment with an area of 5ha or more for existing tourist accommodation<br>(c) land division in the <b>Small Scale Settlement Subzone</b> .   |
| Renewable energy facility                                | Any of the following:<br><br>(a) solar photovoltaic panels (roof or ground mounted)<br>(b) battery storage facility<br><br>For domestic use (i.e., principally used to supply and/or store electricity to the existing use of land)   |
| Tourist accommodation                                    | Any of the following:<br><br>(a) tourist accommodation in the <b>Visitor Experience Subzone</b><br>(b) tourist accommodation in a reserve constituted under the <i>National Parks and Wildlife Act 1972</i> and the relevant reserve plan of management prepared in accordance with that Act identifies tourist accommodation as an envisaged land use.             |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| Class of Development<br>(Column A)  | Exceptions<br>(Column B)  |
|---|---|
| 1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.   | None specified.   |
| 2. Any development involving any of the following (or of any combination of any of the following):<br>(a) advertisement<br>(b) air handling unit, air conditioning system or exhaust fan<br>(c) agricultural building<br>(d) camp ground<br>(e) carport<br>(f) deck<br>(g) dwelling alterations or additions<br>(h) farming<br>(i) fence<br>(j) internal building works<br>(k) land division<br>(l) navigation structures, boat berth, pier, pontoon or similar structure (or any combination thereof)<br>(m) outbuilding<br>(n) pergola<br>(o) private bushfire shelter<br>(p) protective tree netting structure<br>(q) public toilets<br>(r) replacement building<br>(s) retaining wall<br>(t) shade sail<br>(u) solar photovoltaic panels (roof mounted)<br>(v) swimming pool or spa pool and associated swimming pool safety features<br>(w) temporary accommodation in an area affected by bushfire<br>(x) tree damaging activity<br>(y) verandah<br>(z) water tank. | None specified.   |
| 3. Demolition.  | Except any of the following:<br>1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)<br>2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building). |
| 4. Railway line.  | Except where located outside of a rail corridor or rail reserve.  |

**Placement of Notices - Exemptions for Performance Assessed Development**

None specified.

**Placement of Notices - Exemptions for Restricted Development**

None specified.

**Aquaculture and Recreation Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |  |
|-----------------|--|
| DO 1            | Aquaculture, tourism, boating, fishing, recreation and associated facilities located, sited and designed to minimise detrimental impacts on the natural environment including offshore islands, and natural ecological processes including their historic, scientific, landscape, habitat, biodiversity and cultural values. |

| Performance Outcome   | Deemed-to-Satisfy Criteria / Designated Performance Feature   |
|---|---|
| Land Use  |   |
| PO 1.1<br>Aquaculture, tourism, recreation and other facilities   | DTS/DPF 1.1<br>Development comprises one or more of the following:<br>(a) a land use listed in Conservation Zone DTS/DPF 1.1<br>(b) Aquaculture<br>(c) Boat Launching Facility<br>(d) Pontoon |
| PO 1.2<br>An area for aquaculture grow out facilities and associated infrastructure including boat launching.   | DTS/DPF 1.2<br>None are applicable.   |
| PO 1.3<br>An area for recreational and tourist related fishing and associated infrastructure including boat launching and a boating channel and mooring basin.  | DTS/DPF 1.3<br>None are applicable.   |
| PO 1.4<br>Oyster cultivation sites do not exceed a total area (including approved, but not yet developed leases) of 112.5 hectares, with an additional area of two hectares for educational purposes associated with the Cowell Area School.  | DTS/DPF 1.4<br>None are applicable.   |
| PO 1.5<br>Oyster holding areas are limited to two areas not exceeding 2.5 hectares.   | DTS/DPF 1.5<br>None are applicable.   |
| PO 1.6<br>Culture of species other than oysters (excluding other filter feeders) is restricted to two 5 hectare lease areas within the north eastern section of Franklin Harbour.   | DTS/DPF 1.6<br>None are applicable.   |
| Environment Protection  |   |
| PO 2.1<br>Development is sited and designed in a manner where adverse impacts on natural features, landscapes, habitats and cultural assets are minimised including avoiding:<br>(a) the need to remove mangroves<br>(b) the creation of turbidity of waters<br>(c) contributing to water toxicity or the creation of algal blooms.   | DTS/DPF 2.1<br>None are applicable.   |
| PO 2.2<br>Oyster cultivation sites:<br>(a) do not exceed 10 hectares site area per lease<br>(b) do not exceed a stocking rate of 100,000 mature oysters, or their equivalent by weight per hectare<br>(c) are located:<br>(i) at least 100m apart<br>(ii) an adequate distance from townships, to avoid potential pollution and contamination problems and conflicts with users generated by township activities. | DTS/DPF 2.2<br>None are applicable.   |

**Dwelling Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |  |
|-----------------|--|
| DO 1            | Replacement dwellings and limited new dwellings minimise detrimental impacts on the natural environment and natural ecological processes including their historic, scientific, landscape, habitat, biodiversity and cultural values. |

| Performance Outcome  |  | Deemed-to-Satisfy Criteria / Designated Performance Feature |  |
|--|--|---|--|
| Land use   |  |   |  |
| PO 1.1<br>Low-scale, low rise residential development.   | DTS/DPF 1.1<br>Development comprises one or more of the following:<br><br>(a) a land use listed in Conservation Zone DTS/DPF 1.1<br>(b) Single Storey Detached Dwelling<br>(c) Domestic Outbuilding<br>(d) Verandah  |   |  |
| Dwellings  |  |   |  |
| PO 2.1<br>New dwellings minimise impacts on the environment and do not result in more than one dwelling on an allotment.   | DTS/DPF 2.1<br>Detached dwellings, or dwelling extensions:<br><br>(a) are no closer to a water frontage than the associated existing dwelling<br>(b) are replacing an existing dwelling on substantially the same building footprint, allowing for up to 10% variation in total footprint area<br>(c) do not result in more than one dwelling on an allotment. |   |  |
| PO 2.2<br>Dwellings are appropriately serviced by essential infrastructure.  | DTS/DPF 2.2<br>Dwellings are self-sufficient in terms of water, sewerage, electricity and waste disposal unless existing infrastructure is available.  |   |  |
| Environment Protection and Hazard Risk Minimisation  |  |   |  |
| PO 3.1<br>Replacement dwellings and alterations to existing dwellings result in environmental improvements by:<br><br>(a) the provision of an approved wastewater system<br>(b) reduced site coverage and/or<br>(c) a reduction of the level of hazard risk. | DTS/DPF 3.1<br>None are applicable.  |   |  |
| Ancillary Structures   |  |   |  |
| PO 4.1<br>Ancillary structures are associated with a dwelling and are clustered to minimise impacts on the natural environment.  | DTS/DPF 4.1<br>None are applicable.  |   |  |
| PO 4.2<br>Ancillary structures are limited in number and size to minimise impacts on the natural environment.  | DTS/DPF 4.2<br>None are applicable.  |   |  |

**Shack Relocation Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |  |
|-----------------|--|
| DO 1            | An area subject to significant coastal hazard risk that is returned to its natural state by the relocation of existing shacks to a location adjacent to the subzone. |

| Performance Outcome |             | Deemed-to-Satisfy Criteria / Designated Performance Feature |  |
|---------------------|-------------|---|--|
| Land use            |             |   |  |
| PO 1.1              | DTS/DPF 1.1 |   |  |

|                                |                      |
|--------------------------------|----------------------|
| Demolition of existing shacks. | None are applicable. |
|--------------------------------|----------------------|

**Small Scale Settlement Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |  |
|-----------------|--|
| DO 1            | Limited land division and dwelling opportunities within a conservation area are designed to minimise detrimental impacts on the natural environment and natural ecological processes including their historic, scientific, landscape, habitat, biodiversity and cultural values. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome   | Deemed-to-Satisfy Criteria / Designated Performance Feature   |
|---|---|
| Land use  |   |
| PO 1.1<br>Low-scale residential development and ancillary uses, including the division of land.   | DTS/DPF 1.1<br>Development comprises one or more of the following: <ul style="list-style-type: none"> <li>(a) a land use listed in Conservation Zone DTS/DPF 1.1</li> <li>(b) Single Storey Detached Dwelling</li> <li>(c) Domestic Outbuilding</li> <li>(d) Land Division</li> <li>(e) Verandah</li> </ul>   |
| Dwellings   |   |
| PO 2.1<br>New dwellings minimise impacts on the environment and do not result in more than one dwelling on an allotment.  | DTS/DPF 2.1<br>Detached dwellings, or dwelling extensions: <ul style="list-style-type: none"> <li>(a) are no closer to a water frontage than the associated existing dwelling</li> <li>(b) are replacing an existing dwelling on substantially the same building footprint, allowing for up to 10% variation in total footprint area</li> <li>(c) do not result in more than one dwelling on an allotment.</li> </ul> |
| PO 2.2<br>Dwellings are appropriately serviced by essential infrastructure.   | DTS/DPF 2.2<br>Dwellings are self-sufficient in terms of water, sewerage, electricity and waste disposal unless existing infrastructure is available.   |
| PO 2.3<br>Replacement dwellings and alterations to existing dwellings result in environmental improvements by: <ul style="list-style-type: none"> <li>(a) the provision of an approved wastewater system</li> <li>(b) reduced site coverage and/or</li> <li>(c) a reduction of the level of hazard risk.</li> </ul> | DTS/DPF 2.3<br>None are applicable.   |
| Land division   |   |
| PO 3.1<br>Land division avoids areas where coastal or river processes occur and is for the creation of allotments required to accommodate dwellings relocated as a result of unacceptable coastal hazard risk.  | DTS/DPF 3.1<br>None are applicable.   |
| PO 3.2<br>Land division that accommodates an existing lawful dwelling.  | DTS/DPF 3.2<br>None are applicable.   |
| Ancillary Structures  |   |
| PO 4.1<br>Ancillary structures are associated with a dwelling and are clustered to minimise impacts on the natural environment.   | DTS/DPF 4.1<br>None are applicable.   |
| PO 4.2  | DTS/DPF 4.2   |

Ancillary structures are limited in number and size to minimise impacts on the natural environment.

None are applicable.

## Visitor Experience Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |  |
|-----------------|--|
| DO 1            | Tourist accommodation within a conservation area complements visitor experiences, and is located, sited and designed to minimise detrimental impacts on the natural environment and natural ecological processes including their historic, scientific, landscape, habitat, biodiversity and cultural values. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome  | Deemed-to-Satisfy Criteria / Designated Performance Feature   |
|--|---|
| Land Use   |   |
| <p>PO 1.1</p> <p>A range of tourism, conservation and recreational land uses that provide an experience to visitors, while minimising environmental impacts.</p>   | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> <li>(a) a land use listed in Conservation Zone DTS/DPF 1.1</li> <li>(b) Tourist accommodation</li> <li>(c) Shop</li> </ul> |
| <p>PO 1.2</p> <p>Small scale shops that cater for the needs of users and visitors of conservation areas.</p>   | <p>DTS/DPF 1.2</p> <p>Shop with a gross leasable floor area less than 150m<sup>2</sup>.</p>   |
| Tourist Accommodation  |   |
| <p>PO 2.1</p> <p>Tourist accommodation avoids delicate or environmentally sensitive areas such as sand dunes, cliff tops, estuaries, wetlands or substantially intact strata of native vegetation <i>(including regeneration areas of native vegetation lost through bush fire)</i></p>  | <p>DTS/DPF 2.1</p> <p>None are applicable.</p>  |
| <p>PO 2.2</p> <p>Tourist accommodation is sited and designed in a manner that is subservient to the natural environment and where adverse impacts on natural features, landscapes, habitats and cultural assets are avoided.</p>   | <p>DTS/DPF 2.2</p> <p>None are applicable.</p>  |
| <p>PO 2.3</p> <p>Tourist accommodation and recreational facilities, including associated access ways and ancillary structures are located on cleared or degraded areas or where environmental improvements can be achieved.</p>  | <p>DTS/DPF 2.3</p> <p>None are applicable.</p>  |
| <p>PO 2.4</p> <p>Tourist accommodation designed to prevent conversion to dwellings through:</p> <ul style="list-style-type: none"> <li>(a) comprising a minimum of 10 accommodation units</li> <li>(b) clustering of separated individual accommodation units</li> <li>(c) accommodation units being of a size unsuitable for a dwelling</li> <li>(d) functional areas that are generally associated with a dwelling such as kitchens and laundries are excluded from, or physically separated from individual accommodation units, or are of a size unsuitable for a dwelling.</li> </ul> | <p>DTS/DPF 2.4</p> <p>None are applicable.</p>  |
| Land Division  |   |
| <p>PO 3.1</p> <p>Land division for existing tourist accommodation purposes creates allotments of a number and size that will not detrimentally affect the natural environment.</p>   | <p>DTS/DPF 3.1</p> <p>Land division resulting in all allotments being greater than 5ha in area to accommodate an existing tourist accommodation development.</p>  |
| Car parking  |   |
| <p>PO 4.1</p> <p>Parking for tourist accommodation should:</p>   | <p>DTS/DPF 4.1</p> <p>None are applicable.</p>  |

- (a) comprise a maximum of one space per tourist accommodation unit, plus parking for employees
- (b) be grouped in one location, unless it can be demonstrated that an alternative arrangement will reduce the impact on the natural environment
- (c) be located in an area where minimal vegetation clearance is required.

## Deferred Urban Zone

### Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |  |
|-----------------|--|
| DO 1            | To safeguard land for future urban growth. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome  | Deemed-to-Satisfy Criteria / Designated Performance Feature  |             |  |                                 |                              |                                  |   |                            |
|--|--|-------------|--|---------------------------------|------------------------------|----------------------------------|---|----------------------------|
| Land Use and Intensity   |  |             |  |                                 |                              |                                  |   |                            |
| PO 1.1<br>Development that is incompatible, prejudicial or detrimental to the orderly and efficient servicing and conversion of the land for future urban growth does not occur.   | DTS/DPF 1.1<br>Development comprising farming (broad acre cropping, grazing) and/or low-intensity animal husbandry.  |             |  |                                 |                              |                                  |   |                            |
| Built Form and Character   |  |             |  |                                 |                              |                                  |   |                            |
| PO 2.1<br>Development maintains an open character.   | DTS/DPF 2.1<br>None are applicable   |             |  |                                 |                              |                                  |   |                            |
| PO 2.2<br>Buildings are limited to those that: <ul style="list-style-type: none"> <li>(a) are ancillary to and necessary to support land use activities on the same allotment</li> <li>(b) are for the purposes of public infrastructure.</li> </ul>   | DTS/DPF 2.2<br>None are applicable   |             |  |                                 |                              |                                  |   |                            |
| PO 2.3<br>Dwellings provide a convenient base for landowners to conduct and manage commercial scale primary production and rural related value adding activities without compromising the continued or future use of the allotment.  | DTS/DPF 2.3<br>Dwellings: <ul style="list-style-type: none"> <li>(a) are located on an allotment used for and is ancillary to primary production and/or primary production related value-adding activities</li> <li>(b) will not result in more than one dwelling on an allotment.</li> </ul>  |             |  |                                 |                              |                                  |   |                            |
| Land Division  |  |             |  |                                 |                              |                                  |   |                            |
| PO 3.1<br>Land division is limited to that which: <ul style="list-style-type: none"> <li>(a) corrects anomalies in the placement of allotment boundaries with respect to the location of existing buildings or structures or</li> <li>(b) enables the provision of public infrastructure.</li> </ul> | DTS/DPF 3.1<br>Land division for any of the following: <ul style="list-style-type: none"> <li>(a) the alteration of allotment boundaries, where no additional allotments are created</li> <li>(b) the purpose of providing public infrastructure.</li> </ul>   |             |  |                                 |                              |                                  |   |                            |

| Description  |
|--|
| Concept Plan 22 - Virginia Infrastructure  |
| Concept Plan 16 - Angle Vale Infrastructure  |
| Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints  |
| Concept Plan 98 - Mallala  |
| Concept Plan 92 - Meadows  |
| Concept Plan 107 - Proper Bay  |
| Concept Plan 101 - Evanston Gardens, Evanston South, Hillier   |
| In relation to DTS/DPF 4.1, in instances where:  |
| (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. |
| (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 4.1 is met.   |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development   | Accepted Development Classification Criteria  |
|--|---|
| <p>Brush fence<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Hazards (Flooding) Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Ramsar Wetlands Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. The fence is formed (wholly or partially) from brush</li> <li>2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels)</li> <li>3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)</li> <li>4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol>  |
| <p>Building alterations<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>   | <ol style="list-style-type: none"> <li>1. The alteration does not:                             <ol style="list-style-type: none"> <li>(a) increase the floor area of the building</li> <li>(b) exceed the existing wall height</li> <li>(c) exceed the existing overall building height</li> <li>(d) alter the roof profile</li> <li>(e) alter an approved privacy screening arrangement or window treatment</li> </ol> </li> <li>2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.</li> </ol>   |
| <p>Building work on railway land<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Coastal Areas Overlay</li> <li>• Hazards (Acid Sulfate Soils) Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Significant Landscape Protection Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>1. Building work is associated with a railway</li> <li>2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)</li> <li>3. It is required for the conduct or maintenance of railway activities</li> <li>4. It does not involve the clearance of native vegetation</li> <li>5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol>  |
| <p>Carpport<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Future Local Road Widening Overlay</li> <li>• Future Road Widening Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>                                    | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>3. It is ancillary to a dwelling erected on the site</li> <li>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary</li> <li>5. Total floor area - does not exceed 40m<sup>2</sup></li> <li>6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end)</li> <li>7. Building height - does not exceed 5m</li> <li>8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless:                             <ol style="list-style-type: none"> <li>(a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and</li> <li>(b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent</li> </ol> </li> <li>9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):                             <ol style="list-style-type: none"> <li>(a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and</li> </ol> </li> </ol> |

|  |   |
|--|---|
|  | <p>(b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure</p> <p>10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment</p> <p>11. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)</p> <p>12. The carport is located so that vehicle access:</p> <p>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or</p> <p>(b) is not obtained from a State Maintained Road, and will use a driveway that:</p> <p>(i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing</p> <p>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree</p> <p>(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average</p> <p>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access</p> <p>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site</p> <p>13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour</p> <p>14. Does not involve the clearance of native vegetation.</p>  |
| <p><b>Farming</b><br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Building Near Airfields Overlay</li> <li>• Marine Parks (Managed Use) Overlay</li> <li>• Marine Parks (Restricted Use) Overlay</li> <li>• Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay</li> <li>• Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay</li> <li>• Ramsar Wetlands Overlay</li> <li>• Water Protection Area Overlay</li> </ul>            | <ol style="list-style-type: none"> <li>1. There is no excavation or filling of land</li> <li>2. Does not involve the erection, construction or alteration of, or addition to, any building or structure</li> <li>3. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</p> <p>2. The tank (including any associated pump) is located wholly below the level of the ground</p> <p>3. Does not involve the clearance of native vegetation.</p> |

**Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development   | Deemed-to-Satisfy Development Classification Criteria |   |   |  |

**Table 3 - Applicable Policies for Performance Assessed Development**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies |   |   |  |

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions     |
|----------------------|----------------|
| None specified       | None specified |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| Class of Development<br>(Column A)   | Exceptions<br>(Column B) |
|--|--------------------------|
| 1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.  | None specified.          |
| 2. Any development involving any of the following (or of any combination of any of the following):<br>(a) advertisement<br>(b) agricultural building<br>(c) air handling unit, air conditioning system or exhaust fan<br>(d) carport<br>(e) deck<br>(f) farming<br>(g) fence<br>(h) internal building works<br>(i) land division<br>(j) outbuilding<br>(k) pergola<br>(l) private bushfire shelter<br>(m) protective tree netting structure<br>(n) replacement building<br>(o) retaining wall<br>(p) shade sail<br>(q) solar photovoltaic panels (roof mounted)<br>(r) swimming pool or spa pool and associated swimming pool safety features<br>(s) temporary accommodation in an area affected by bushfire<br>(t) tree damaging activity | None specified.          |

|                                 |   |
|---------------------------------|---|
| (u) verandah<br>(v) water tank. |   |
| 3. Demolition.                  | Except any of the following:<br><br><ol style="list-style-type: none"> <li>1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)</li> <li>2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).</li> </ol> |
| 4. Railway line.                | Except where located outside of a rail corridor or rail reserve.  |

**Placement of Notices - Exemptions for Performance Assessed Development**

None specified.

**Placement of Notices - Exemptions for Restricted Development**

None specified.

**Employment Zone**

**Assessment Provisions (AP)**

Desired Outcome (DO)

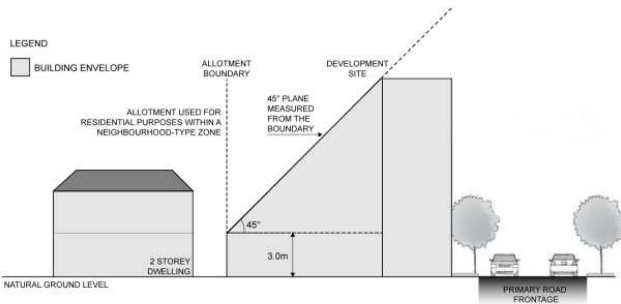

| Desired Outcome |  |
|-----------------|--|
| DO 1            | A diverse range of low-impact light industrial, commercial and business activities that complement the role of other zones accommodating significant industrial, shopping and business activities. |
| DO 2            | Distinctive building, landscape and streetscape design to achieve high visual and environmental amenity particularly along arterial roads, zone boundaries and public open spaces.                 |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome  | Deemed-to-Satisfy Criteria / Designated Performance Feature  |
|--|--|
| Land Use and Intensity   |  |
| <p>PO 1.1</p> <p>A range of employment-generating light industrial, service trade, motor repair and other compatible businesses servicing the local community that do not produce emissions that would detrimentally affect local amenity.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ol style="list-style-type: none"> <li>(a) Advertisement</li> <li>(b) Consulting room</li> <li>(c) Indoor recreation facility</li> <li>(d) Light industry</li> <li>(e) Motor repair station</li> <li>(f) Office</li> <li>(g) Place of worship</li> <li>(h) Research facility</li> <li>(i) Retail fuel outlet</li> <li>(j) Service trade premises</li> <li>(k) Shop</li> <li>(l) Store</li> <li>(m) Telecommunications facility</li> <li>(n) Training facility</li> <li>(o) Warehouse.</li> </ol> |
| <p>PO 1.2</p> <p>Shops provide convenient day-to-day services and amenities to local businesses and workers, support the sale of products manufactured on-site and otherwise complement the role of Activity Centres.</p>                      | <p>DTS/DPF 1.2</p> <p>Shop where one of the following applies:</p> <ol style="list-style-type: none"> <li>(a) with a gross leasable floor area up to 100m<sup>2</sup></li> </ol>   |

|  | <ul style="list-style-type: none"> <li>(b) is a bulky goods outlet</li> <li>(c) is a restaurant</li> <li>(d) is ancillary to and located on the same allotment as an industry and primarily involves the sale by retail of goods manufactured by the industry.</li> </ul>   |                     |                 |   |  |  |                                       |  |  |  |    |
|--|---|---------------------|-----------------|---|--|--|---------------------------------------|--|--|--|----|
| <p>PO 1.3</p> <p>Telecommunication facilities located to mitigate impacts on visual amenity in residential areas.</p>  | <p>DTS/DPF 1.3</p> <p>Telecommunications facility in the form of a monopole:</p> <ul style="list-style-type: none"> <li>(a) up to a height of 30m</li> <li>(b) no closer than 50m to a neighbourhood-type zone.</li> </ul>  |                     |                 |   |  |  |                                       |  |  |  |    |
| <p>PO 1.4</p> <p>Bulky good outlets and standalone shops are located to provide convenient access.</p>   | <p>DTS/DPF 1.4</p> <p>Bulky goods outlets and standalone shops are located on sites with a frontage to a State Maintained Road.</p>   |                     |                 |   |  |  |                                       |  |  |  |    |
| Built Form and Character   |   |                     |                 |   |  |  |                                       |  |  |  |    |

| Maximum building height is 9m  |  |                                  |                                    |                                     |                                     |                                     |                                     |                                     |                                  |                               |                               |                                 |                               |                                |                                |                                  |                                |                                  |
| Maximum building height is 10m   |  |                                  |                                    |                                     |                                     |                                     |                                     |                                     |                                  |                               |                               |                                 |                               |                                |                                |                                  |                                |                                  |
| Maximum building height is 12m   |  |                                  |                                    |                                     |                                     |                                     |                                     |                                     |                                  |                               |                               |                                 |                               |                                |                                |                                  |                                |                                  |
| Maximum building height is 12.5m   |  |                                  |                                    |                                     |                                     |                                     |                                     |                                     |                                  |                               |                               |                                 |                               |                                |                                |                                  |                                |                                  |
| Maximum building height is 22m   |  |                                  |                                    |                                     |                                     |                                     |                                     |                                     |                                  |                               |                               |                                 |                               |                                |                                |                                  |                                |                                  |
| Maximum building height is 24.5m   |  |                                  |                                    |                                     |                                     |                                     |                                     |                                     |                                  |                               |                               |                                 |                               |                                |                                |                                  |                                |                                  |
| <p>PO 3.6</p> <p>Buildings mitigate visual impacts of building massing on residential development within a neighbourhood-type zone.</p>  | <p>DTS/DPF 3.6</p> <p>Buildings are constructed within a building envelope provided by a 45 degree plane, measured from a height of 3m above natural ground level at the boundary of an allotment used for residential purposes in a neighbourhood-type zone as shown in the following diagram, except where the relevant boundary is a southern boundary or where this boundary is the street boundary.</p>   |                                  |                                    |                                     |                                     |                                     |                                     |                                     |                                  |                               |                               |                                 |                               |                                |                                |                                  |                                |                                  |
| <p>PO 3.7</p> <p>Buildings mitigate overshadowing of residential development within a neighbourhood-type zone.</p>   | <p>DTS/DPF 3.7</p> <p>Buildings on sites with a southern boundary adjoining an allotment used for residential purposes within a neighbourhood-type zone are constructed within a building envelope provided by a 30 degree plane grading north measured from a height of 3m above natural ground level at the southern boundary, as shown in the following diagram (except where this boundary is a street boundary):</p>  |                                  |                                    |                                     |                                     |                                     |                                     |                                     |                                  |                               |                               |                                 |                               |                                |                                |                                  |                                |                                  |

PO 3.8  
 Buildings on an allotment fronting a road that is not a State maintained road, and where land on the opposite side of the road is within a neighbourhood-type zone, provides an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character.

DTS/DPF 3.8  
 None are applicable.

Site Dimensions and Land Division

PO 4.1  
 Land division creates allotments that vary in size and are suitable for a variety of commercial and business activities.

DTS/DPF 4.1  
 Allotments:  
 (a) connected to an approved common wastewater disposal service have an area of 1250m<sup>2</sup> or more and a frontage width of 20m or more  
 (b) that will require the disposal of wastewater on-site have an area of 2000m<sup>2</sup> or more and a frontage width of 20m or more.

Landscaping

PO 5.1  
 Landscaping is provided to enhance the visual appearance of development when viewed from public roads and thoroughfares.

DTS/DPF 5.1  
 Other than to accommodate a lawfully existing or authorised driveway or access point, or an access point for which consent has been granted as part of an application for the division of land, a landscaped area is provided within the development site:  
 (a) where a building is set back less than 3m from the street boundary - 1m wide or the area remaining between the relevant building and the street boundary where the building is less than 1m from the street boundary  
 or  
 (b) in any other case - at least 1.5m wide.

PO 5.2  
 Development incorporates areas for landscaping to enhance the overall amenity of the site and locality.

DTS/DPF 5.2  
 Landscape areas comprise:  
 (a) not less than 10 percent of the site  
 (b) a dimension of at least 1.5m.

Advertisements

PO 6.1  
 Freestanding advertisements are not visually dominant within the locality.

DTS/DPF 6.1  
 Freestanding advertisements:  
 (a) do not exceed 6m in height above natural ground level  
 (b) do not have a face that exceeds 8m<sup>2</sup>.

Concept Plans

PO 7.1  
 Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.

DTS/DPF 7.1  
 The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:

| Description                                      |
|--|
| Concept Plan 70 - Mount Gambier Northern Gateway |
| Concept Plan 73 - Port Vincent                   |
| Concept Plan 3 - Mount Barker and Littlehampton  |
| Concept Plan 9 - Blakeview                       |
| Concept Plan 11 - Munno Para                     |
| Concept Plan 17 - Angle Vale                     |
| Concept Plan 18 - Playford North                 |
| Concept Plan 21 - Virginia                       |
| Concept Plan 71 - Hamley Bridge                  |
| Concept Plan 16 - Angle Vale Infrastructure      |

| Description  |
|--|
| Concept Plan 50 - Roseworthy Town Expansion  |
| Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints  |
| Concept Plan 87 - Hindmarsh Road   |
| Concept Plan 99 - Two Wells  |
| Concept Plan 98 - Mallala  |
| Concept Plan 95 - Kingsford Regional Estate  |
| Concept Plan 94 - Old Reynella   |
| Concept Plan 101 - Evanston Gardens, Evanston South, Hillier   |
| Concept Plan 100 - Gawler East   |
| Concept Plan 114 - Totness   |
| In relation to DTS/DPF 7.1, in instances where:  |
| (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. |
| (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 7.1 is met.   |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development   | Accepted Development Classification Criteria  |
|--|---|
| Brush fence<br>Except where any of the following apply: <ul style="list-style-type: none"> <li>• Hazards (Flooding) Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Ramsar Wetlands Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. The fence is formed (wholly or partially) from brush</li> <li>2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels)</li> <li>3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)</li> <li>4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol>  |
| Building alterations<br>Except where any of the following apply: <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>   | <ol style="list-style-type: none"> <li>1. The alteration does not:                             <ol style="list-style-type: none"> <li>(a) increase the floor area of the building</li> <li>(b) exceed the existing wall height</li> <li>(c) exceed the existing overall building height</li> <li>(d) alter the roof profile</li> <li>(e) alter an approved privacy screening arrangement or window treatment</li> </ol> </li> <li>2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.</li> </ol>   |
| Building work on railway land<br>Except where any of the following apply: <ul style="list-style-type: none"> <li>• Coastal Areas Overlay</li> <li>• Hazards (Acid Sulfate Soils) Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Significant Landscape Protection Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>1. Building work is associated with a railway</li> <li>2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)</li> <li>3. It is required for the conduct or maintenance of railway activities</li> <li>4. It does not involve the clearance of native vegetation</li> <li>5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas</li> <li>6. It does not involve the construction of a building that exceeds 3 building levels above the regulated surface level where located within the Tunnel Protection Overlay</li> <li>7. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay</li> <li>8. It does not include temporary stockpiling or storage of material or equipment over a designated stockpile or storage area that is larger than 100m<sup>2</sup> where located within the Tunnel Protection Overlay</li> <li>9. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay.</li> </ol> |
| Excavation   | <ol style="list-style-type: none"> <li>1. It does not involve excavation more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay.</li> </ol>  |
| Filling of land  | <ol style="list-style-type: none"> <li>1. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay.</li> </ol>   |
| Ground intruding activity  | <ol style="list-style-type: none"> <li>1. It does not involve ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay.</li> <li>2. It does not involve ground intruding activity involving an underground drain, pipe, cable, conduit, tunnel, underground passageway or adit.</li> </ol>   |

|   |  |
|---|--|
| <p>Partial demolition of a building or structure<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <p>None</p>  |
| <p>Shade sail<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Future Local Road Widening Overlay</li> <li>• Future Road Widening Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>   | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>3. Shade sail consists of permeable material</li> <li>4. The total area of the sail - does not exceed 40m<sup>2</sup></li> <li>5. No part of the shade sail will be:             <ol style="list-style-type: none"> <li>(a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment</li> <li>(b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment</li> </ol> </li> <li>6. Primary street setback - at least as far back as the building line of the building to which it is ancillary</li> <li>7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m</li> <li>8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary</li> <li>9. Does not involve the clearance of native vegetation</li> <li>10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas</li> <li>11. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay</li> <li>12. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay.</li> </ol> |
| <p>Solar photovoltaic panels (roof mounted)<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof</li> <li>3. Panels and associated components do not overhang any part of the roof</li> <li>4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system</li> <li>5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.</li> </ol>   |
| <p>Storage of material or equipment</p>   | <ol style="list-style-type: none"> <li>1. It does not include storage of material or equipment over a designated stockpile or storage area that is larger than 100m<sup>2</sup> where located within the Tunnel Protection Overlay,</li> </ol>   |
| <p>Temporary public service depot<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Hazards (Flooding) Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Major Urban Transport Routes Overlay</li> <li>• State Heritage Place Overlay</li> <li>• Traffic Generating Development Overlay</li> <li>• Urban Transport Routes Overlay</li> </ul> | <ol style="list-style-type: none"> <li>1. Occupies land for no longer than 3 months</li> <li>2. Ensures litter and water are contained on site</li> <li>3. Provides temporary security fencing around the perimeter of the site</li> <li>4. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay</li> <li>5. It does not include temporary stockpiling or storage of material or equipment over a designated stockpiling area that is larger than 100m<sup>2</sup> where located within the Tunnel Protection Overlay</li> <li>6. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay.</li> </ol>   |
| <p>Temporary stockpiling</p>  | <ol style="list-style-type: none"> <li>1. It does not include temporary stockpiling over a designated stockpile area that is larger than 100m<sup>2</sup> where located within the Tunnel Protection Overlay.</li> </ol>   |
| <p>Water tank (above ground)<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Ramsar Wetlands Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>   | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>3. The tank is part of a roof drainage system</li> <li>4. Total floor area - not exceeding 15m<sup>2</sup></li> <li>5. The tank is located wholly above ground</li> <li>6. Tank height - does not exceed 4m above natural ground level</li> <li>7. Primary street setback - at least as far back as the building line of the building to which it is ancillary</li> <li>8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour</li> <li>9. Does not involve the clearance of native vegetation</li> <li>10. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay</li> <li>11. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay.</li> </ol>   |

|   |   |
|---|---|
| <p>Water tank (underground)<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Coastal Areas Overlay</li> <li>• Hazards (Acid Sulfate Soils) Overlay</li> <li>• Ramsar Wetlands Overlay</li> </ul> | <ol style="list-style-type: none"> <li>1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>2. The tank (including any associated pump) is located wholly below the level of the ground</li> <li>3. Does not involve the clearance of native vegetation</li> <li>4. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay</li> <li>5. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay.</li> </ol> |
|---|---|

**Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development   | Deemed-to-Satisfy Development Classification Criteria |  |  |  |
|--|---|--|--|--|
|  | Zone  | General Development Policies   | Subzone<br><small>(applies only in the area affected by the Subzone)</small> | Overlay<br><small>(applies only in the area affected by the Overlay)</small>   |

**Table 3 - Applicable Policies for Performance Assessed Development**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies      |   |  |   |
|----------------------|--------------------------|---|--|---|

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions   |
|----------------------|--|
| Shop                 | Any of the following:<br><br>(a) shop with a gross leasable floor area less than 1000m <sup>2</sup><br>(b) shop that is a bulky goods outlet<br>(c) shop that is ancillary to a light industry on the same allotment<br>(d) shop located in the Retail Activity Centre Subzone<br>(e) shop located in the Roadside Service Centre Subzone. |
| Special industry     | None specified   |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| Class of Development<br>(Column A)  | Exceptions<br>(Column B)  |
|---|---|
| 1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.   | None specified.   |
| 2. Any development involving any of the following (or of any combination of any of the following):<br>(a) advertisement<br>(b) temporary public service depot.  | Except development that exceeds the maximum building height specified in Employment Zone DTS/DPF 3.5 or does not satisfy any of the following:<br><br>1. Employment Zone DTS/DPF 3.6<br>2. Employment Zone DTS/DPF 3.7. |
| 3. Any development involving any of the following (or of any combination of any of the following):<br>(a) consulting room<br>(b) light industry<br>(c) office<br>(d) motor repair station<br>(e) retail fuel outlet<br>(f) store<br>(g) warehouse.  | Except where the site of the development is adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone.   |
| 4. Any development involving any of the following (or of any combination of any of the following):<br>(a) air handling unit, air conditioning system or exhaust fan<br>(b) carport<br>(c) deck<br>(d) fence<br>(e) internal building works<br>(f) land division<br>(g) outbuilding<br>(h) pergola<br>(i) private bushfire shelter<br>(j) replacement building<br>(k) retaining wall<br>(l) shade sail | None specified.   |

|  |   |
|--|---|
| (m) solar photovoltaic panels (roof mounted)<br>(n) swimming pool or spa pool and associated swimming pool safety features<br>(o) temporary accommodation in an area affected by bushfire<br>(p) tree damaging activity<br>(q) verandah<br>(r) water tank. |   |
| 5. Building for the purposes of railway activities.  | None specified.   |
| 6. Demolition.   | Except any of the following:<br><br>1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)<br>2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).   |
| 7. Railway line.   | Except where located outside of a rail corridor or rail reserve.  |
| 8. Shop within any of the following:<br>(a) Retail Activity Centre Subzone<br>(b) Roadside Service Centre Subzone.   | Except shop that exceeds the maximum building height specified in Employment Zone DTS/DPF 3.5 or does not satisfy any of the following:<br><br>1. Employment Zone DTS/DPF 3.6<br>2. Employment Zone DTS/DPF 3.7.  |
| 9. Shop.   | Except:<br><br>1. where the site of the shop is adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone<br>or<br>2. shop that exceeds the maximum building height specified in Employment Zone DTS/DPF 3.5<br>or<br>3. shop that does not satisfy Employment Zone DTS/DPF 1.2. |
| 10. Telecommunications facility.   | Except telecommunications facility that does not satisfy Employment Zone DTS/DPF 1.3.   |

**Placement of Notices - Exemptions for Performance Assessed Development**

None specified.

**Placement of Notices - Exemptions for Restricted Development**

None specified.

**Roadside Service Centre Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |   |
|-----------------|---|
| DO 1            | Provision of services and facilities to cater for the needs of road users, particularly on long journeys. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome   | Deemed-to-Satisfy Criteria / Designated Performance Feature   |
|---|---|
| Land use and Intensity  |   |
| PO 1.1<br>Roadside service centres provide integrated services and facilities to encourage road users, particularly on the state's highways, to stop and take an effective break in the interests of driver safety. | DTS/DPF 1.1<br>Development comprises a retail fuel outlet and any of the following uses:<br>(a) Advertisement<br>(b) Electric vehicle recharging station<br>(c) Emergency services facilities<br>(d) Marshalling yard for heavy vehicles<br>(e) Playground<br>(f) Public amenities, including toilets, showers and washrooms<br>(g) Restaurant<br>(h) Rest facilities for drivers |

|   |  |
|---|--|
|   | <ul style="list-style-type: none"> <li>(i) Shop with a gross leasable floor area up to 250m<sup>2</sup></li> <li>(j) Telecommunications facilities</li> <li>(k) Tourist information centre</li> <li>(l) Wastewater dump point for recreational vehicles.</li> </ul>  |
| Built form and Character  |  |
| PO 2.1<br>Integrated roadside service centres are clearly visible from the adjoining roadway, well lit and clearly signposted to promote safe access from the highway without being so prominent so as to adversely impact on the landscape character of the locality.  | DTS/DPF 2.1<br>None are applicable.  |
| PO 2.2<br>Integrated roadside service centres comprise a unified architectural design with building material, colour and the layout of buildings to address the visual context of the locality.   | DTS/DPF 2.2<br>None are applicable.  |
| PO 2.3<br>Development of an integrated roadside service centre provides safe and convenient access to and from the adjoining road network for all vehicles up to and including the largest vehicle type expected to access the site.  | DTS/DPF 2.3<br>None are applicable.  |
| PO 2.4<br>Integrated roadside service centres are designed to provide a layout that is simple, understandable and accessible for drivers and cater for separation of heavy and light vehicles.  | DTS/DPF 2.4<br>None are applicable.  |
| PO 2.5<br>Integrated roadside service centres encourage slow internal vehicular traffic speeds for the safety of motorists and pedestrians.   | DTS/DPF 2.5<br>The internal vehicular traffic speeds do not exceed 20 km/h.  |
| Building Setbacks   |  |
| PO 3.1<br>Buildings and structures are set back from public roadways to reduce their visual dominance and maintain an open character to the entrance to townships.  | DTS/DPF 3.1<br>Buildings and structures, excluding freestanding advertisements, are setback at least 25m from any adjoining roadway.   |
| Fencing   |  |
| PO 4.1<br>Fencing associated with an integrated roadside service centre comprises traditional post and wire fencing except where required to screen service areas from public view.   | DTS/DPF 4.1<br>None are applicable.  |
| Landscaping   |  |
| PO 5.1<br>Integrated roadside service centres provide a strip of landscaping of a minimum of 5m wide along road frontages to enhance the appearance of land and buildings while providing safe driver sightlines.   | DTS/DPF 5.1<br>None are applicable.  |
| PO 5.2<br>Development of a roadside service centre provides landscaping around buildings and to separate driveways.   | DTS/DPF 5.2<br>None are applicable.  |
| Advertisements  |  |
| PO 6.1<br>A multi-tenancy freestanding pylon advertisement identifies available services and facilities to support early driver recognition of, and safe navigation in to, an integrated roadside service centre from roads with high vehicular traffic speeds (ie at least 80km/h).  | DTS/DPF 6.1<br>One multi-tenancy pylon sign is erected in association with an integrated roadside service centre that: <ul style="list-style-type: none"> <li>(a) does not exceed 12m in height above natural ground level</li> <li>(b) does not have a face that exceeds 8m<sup>2</sup></li> <li>(c) only identifies the primary integrated roadside service centre facility and individual tenancies.</li> </ul> |
| PO 6.2<br>Freestanding advertisements, other than a multi-tenancy pylon advertisement, are not visually dominant within the locality.   | DTS/DPF 6.2<br>Individual freestanding advertisements for individual tenancies: <ul style="list-style-type: none"> <li>(a) do not exceed 6m in height above natural ground level</li> <li>(b) do not have a face that exceeds 8m<sup>2</sup></li> <li>(c) are sited a minimum distance of 20m from each other and from any adjoining road reserves.</li> </ul>   |
| PO 6.3<br>Advertisements relating to services and facilities associated with an integrated roadside service centre do not dominate the buildings to which they relate and are: <ul style="list-style-type: none"> <li>(a) integrated with the design of buildings</li> <li>(b) not located above the roofline of any building or refuelling area canopy.</li> </ul> | DTS/DPF 6.3<br>None are applicable.  |

## Retail Activity Centre Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |  |
|-----------------|--|
| DO 1            | Specialist activity centres that comprise large format retail and commercial activities which complement the principal land uses desired in the zone and the role of other zones accommodating significant shopping, business and commercial activities. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome   | Deemed-to-Satisfy Criteria / Designated Performance Feature   |
|---|---|
| Land Use and Intensity  |   |
| PO 1.1<br>Large format retail and commercial activities, including indoor recreation and leisure facilities, of a scale that caters for demand.                               | DTS/DPF 1.1<br>Development comprises one or more of the following land uses:<br><br>(a) Indoor recreation facility<br>(b) Leisure and entertainment facility<br>(c) Service trade premises<br>(d) Shop. |
| PO 1.2<br>Contemporary retail opportunities provided at larger scales.  | DTS/DPF 1.2<br>None are applicable.   |
| PO 1.3<br>Shops, including supermarkets, restaurants and cafes, designed and sited to be complementary to established land uses and of appropriate scale to cater for demand. | DTS/DPF 1.3<br>None are applicable.   |
| PO 1.4<br>Indoor recreation and leisure facilities that complement retail and commercial activities.  | DTS/DPF 1.4<br>None are applicable.   |
| Built Form and Character  |   |
| PO 2.1<br>Development takes the form of large buildings which are well designed, articulated and of a scale which respects adjoining land uses.                               | DTS/DPF 2.1<br>None are applicable.   |

### Employment (Bulk Handling) Zone

#### Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome |  |
|-----------------|--|
| DO 1            | Agricultural and other commodities are received, stored and dispatched in bulk to generate wealth and employment for the state.          |
| DO 2            | A pleasant visual amenity when viewed from adjacent arterial roads, adjoining zones, and entrance ways to towns, settlements and cities. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome  | Deemed-to-Satisfy Criteria / Designated Performance Feature  |
|--|--|
| Land Use and Intensity   |  |
| PO 1.1<br>Development primarily in the form of facilities for the handling and storage of bulk commodities to enhance economic activity and supply chain efficiencies. | DTS/DPF 1.1<br>Development comprises one or more of the following:<br><br>(a) Advertisement<br>(b) Bulk handling facility including bunkers and silos for the reception, storage and dispatch of commodities in bulk<br>(c) Office in association with a facility for the reception, storage and dispatch of commodities in bulk<br>(d) Store<br>(e) Telecommunications facility |

|  | (f) Truck parking area.  |             |   |                             |                           |
|--|--|-------------|---|-----------------------------|---------------------------|
| PO 1.2<br>Value-adding industries, including the processing and packaging of commodities, that complement facilities for the reception, storage and dispatch of agricultural and other commodities in bulk to enhance the use of the zone and support local job opportunities. | DTS/DPF 1.2<br>None are applicable.  |             |   |                             |                           |
| PO 1.3<br>Office associated with and ancillary to facilities for the handling and storage of bulk commodities to support the management and operational aspects of those facilities.   | DTS/DPF 1.3<br>Office:<br><br>(a) in association with and ancillary to a facility for the reception, storage and dispatch of commodities in bulk<br>(b) with a gross leasable floor area up to 150m <sup>2</sup> .   |             |   |                             |                           |
| PO 1.4<br>Telecommunication facilities located to mitigate impacts on visual amenity in residential areas.   | DTS/DPF 1.4<br>Telecommunications facility in the form of a monopole:<br><br>(a) up to a height of 30m<br>(b) no closer than 50m to a neighbourhood-type zone.   |             |   |                             |                           |
| Land Division  |  |             |   |                             |                           |
| PO 2.1<br>Land division that creates allotments that are of a size and shape suitable for bulk handling and complementary uses.  | DTS/DPF 2.1<br>None are applicable.  |             |   |                             |                           |
| Fencing  |  |             |   |                             |                           |
| PO 3.1<br>Fencing exceeding 2.1m in height is integrated and designed to complement the appearance of land and buildings and does not form a dominant visual feature from adjacent streets to enhance the character of employment areas.                                       | DTS/DPF 3.1<br>Fencing exceeding 2.1m in height satisfies one of the following:<br><br>(a) located behind a façade of an associated building located on the same site<br>(b) located behind a landscaped area along relevant street frontages<br>(c) consists of visually permeable materials with landscaping behind.   |             |   |                             |                           |
| Advertisements   |  |             |   |                             |                           |
| PO 4.1<br>Freestanding advertisements do not create a visually dominant element within the locality.   | DTS/DPF 4.1<br>Freestanding advertisements:<br><br>(a) up to 4m in height from natural ground level<br>(b) with a sign face up to 6m <sup>2</sup> per side.  |             |   |                             |                           |
| Concept Plans  |  |             |   |                             |                           |
| PO 5.1<br>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.  | DTS/DPF 5.1<br>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:<br><table border="1" style="width: 100%;"><thead><tr><th>Description</th></tr></thead><tbody><tr><td>Concept Plan 50 - Roseworthy Town Expansion</td></tr><tr><td>Concept Plan 99 - Two Wells</td></tr><tr><td>Concept Plan 98 - Mallala</td></tr></tbody></table><br>In relation to DTS/DPF 5.1, in instances where:<br><br>(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.<br>(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 5.1 is met. | Description | Concept Plan 50 - Roseworthy Town Expansion | Concept Plan 99 - Two Wells | Concept Plan 98 - Mallala |
| Description  |  |             |   |                             |                           |
| Concept Plan 50 - Roseworthy Town Expansion  |  |             |   |                             |                           |
| Concept Plan 99 - Two Wells  |  |             |   |                             |                           |
| Concept Plan 98 - Mallala  |  |             |   |                             |                           |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development  | Accepted Development Classification Criteria  |
|---|---|
| <p>Brush fence<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Hazards (Flooding) Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Ramsar Wetlands Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>   | <ol style="list-style-type: none"> <li>1. The fence is formed (wholly or partially) from brush</li> <li>2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels)</li> <li>3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)</li> <li>4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol>  |
| <p>Building alterations<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Local Heritage Place Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. The alteration does not:               <ol style="list-style-type: none"> <li>(a) increase the floor area of the building</li> <li>(b) exceed the existing wall height</li> <li>(c) exceed the existing overall building height</li> <li>(d) alter the roof profile</li> <li>(e) alter an approved privacy screening arrangement or window treatment</li> </ol> </li> <li>2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.</li> </ol>   |
| <p>Building work on railway land<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Coastal Areas Overlay</li> <li>• Hazards (Acid Sulfate Soils) Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Significant Landscape Protection Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul>  | <ol style="list-style-type: none"> <li>1. Building work is associated with a railway</li> <li>2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)</li> <li>3. It is required for the conduct or maintenance of railway activities</li> <li>4. It does not involve the clearance of native vegetation</li> <li>5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</li> </ol>  |
| <p>Outbuilding<br/>Except where any of the following apply:</p> <ul style="list-style-type: none"> <li>• Coastal Areas Overlay</li> <li>• Future Local Road Widening Overlay</li> <li>• Future Road Widening Overlay</li> <li>• Hazards (Flooding) Overlay</li> <li>• Historic Area Overlay</li> <li>• Local Heritage Place Overlay</li> <li>• Significant Landscape Protection Overlay</li> <li>• State Heritage Area Overlay</li> <li>• State Heritage Place Overlay</li> </ul> | <ol style="list-style-type: none"> <li>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i></li> <li>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system</li> <li>3. It is detached from and ancillary to a dwelling erected on the site.</li> <li>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary</li> <li>5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)</li> <li>6. Total floor area - does not exceed 40m<sup>2</sup></li> <li>7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)</li> <li>8. Building height - does not exceed 5m</li> <li>9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:               <ol style="list-style-type: none"> <li>(a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and</li> <li>(b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent</li> </ol> </li> <li>10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):               <ol style="list-style-type: none"> <li>(a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and</li> <li>(b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure</li> </ol> </li> <li>11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%</li> <li>12. If the outbuilding is a garage door opening for vehicle access facing a street frontage does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)</li> <li>13. If the outbuilding is a garage, it is located so that vehicle access:               <ol style="list-style-type: none"> <li>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or</li> <li>(b) is not obtained from a State Maintained Road, and will use a driveway that:                   <ol style="list-style-type: none"> <li>(i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing;</li> <li>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;</li> <li>(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average</li> <li>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access</li> </ol> </li> </ol> </li> </ol> |
