Subject: FW: Collapsing and expanding bookmarks in the Code and PDI Act and Reg bookmark descriptions

[REDACTED] [REDACTED]

Hi,

I waste a lot of time navigating the Code and Act and Regs due to poor bookmarking descriptions or lack of ability to collapse bookmarks. Refer email trail below.

Also book marking of the PDI Act and Regs eg Schedules should be fully titled or described in the bookmark. eg refer Schedule 6A – Accepted Development, where there is currently there is no description. This is the same for all Schedules.

Little things, but would save lots of time accumulated over a year.

Regards
Adam

OFFICIAL

Hi Adam,

Thank you for getting in touch.

To achieve this you may need to edit the existing bookmarks in the code PDF.

You can find instructions on how to do this via the below link.

Hi

Is there a way to expand the Part 2 Zones bookmark so that it does not open up all the AP, DO and PO sections and only the Zones?

For example if I want to get to the Rural Living Zone, currently I have to collapse all the zones prior or scroll through lots of zone, AP etc.

Regards
Adam
