Q14 Please enter your general feedback here

Having had to put up with a dreadful 18 month watching the ugly 2 storey townhouses across the road from my home I do not agree with increasing the size of new builds ie. increasing second storey, boundary to boundary. I was submitted to increased traffic, noise from 7 am to 7pm and did not have access to my own driveway and property during the entire build. i was horrified that there is no consultation with existing owners on seeking their feedback on the build. No respect for existing owners peace of mind, no respect for parking on and off street parking, no respect for the noise levels, such as compressors running 12hours per day continuously. There was no respect for the existing buildings, so the new build could be anything and did not respect the other buildings in the area. I even wrote to the Mayor who was very open and prompt to residents concerns. Unfortunately, the State gov. has a lot to answer for with no respect for its citizens. There are narrow streets in the surrounding areas and parking on both sides of the streets blocks passage. Increasing building of multiple properties with no adequate street areas and insufficient off street parking make for difficult living for residents and most homes now have 2-4 cars per property! Residents have become insignificant people who simply have to conform and pay taxes with little in return.
