Subject: Proposed changes to planning act
Date: Thursday, 27 February 2020 8:35:37 AM

I live in a heritage area and am most concerned by the proposed changes. There is little or no ability for my council to ensure the area is preserved as it should be.

I received a letter from the State government advising of the changes but it is full of errors.

Please do not proceed with any changes until there has been proper and adequate consultation with the public and councils

Regards
