It's time for change, to embrace how much this would help humanity in endless ways. The homeless, divorced, people on a low income, people choosing this way of living, if done with proper guidelines it can only be more than a positive for the general public. Not to mention, if this is your dream so you are not tied to an mortgage that means you are living to pay it off as apposed to living a joyful life. Change is inevitable as people will start to do it anyway, this is freedom.
