**Subject:** Planning

Dear minister

As a longstanding member of the party, I would implore you to agree and act to comply with the City of Marion's submission regarding the proposed changes to the Draft Planning and Design Code.

I have recently relocated from an area of West Torrens city Council that is so over developed that street parking and traffic from high rise buildings has become unbearable for seniors. I have moved to the area in Question i.e., Marion Plains only to find I am about to face the same problem.

My choice to move to this area was influenced by the changes to the DPA the Planning Minister Approved last year

Ian Cox ASM
