Q14 Please enter your general feedback here

We have a lovely suburb - we invested hundreds of thousands of dollars and have made our home here. The proposed changes which take away our right to challenge a new development, our right to privacy and most importantly - the right to green space and tree canopy - is quite frankly terrifying. This government is so determined to ignore the climate crisis and have always put money before commonsense, lifestyle and the environment. Please allow us to continue living in green leafy suburbs with clean air, with uncovered ground for the water table to renew and space to move. General public should have the ability to argue/amend developments that are inappropriate for the area.
