> Dear Sir/Madam,

>

>

> As a resident of Linden Park for the last 15 years, I wish to express my disgust with the proposed reforms and demand that Linden Park be considered as a

>

> Suburban Neighbourhood Zone, rather than a General Neighbourhood Zone.

>

> I anticipate the people making this decision are not residents of Linden Park.

>

> We moved to Linden Park to raise our family in a lovely, peaceful suburb. The proposed changes you wish to make will make more crowded streets and more urban infill as well as hotter summers due to the loss of gardens.

>

> I also feel it will be a safety issue with the proposed changes and have grave concerns for our welfare if you do not keep Linden Park as a Suburban Neighbourhood Zone.

> Kind regards,
