Hi

My name is Kendy Jones. My husband Adam and I have owned and lived at [REDACTED] Mile End for approximately 10 years. Despite the increasing volume of traffic down our narrow end of the street I have never yet found enough reason to submit anything to the council.

However, the proposal to classify my area as 'housing diversity neighbourhood zone' has prompted me to submit my disgust at this proposal. I do NOT want my area to be classified as 'housing diversity neighbourhood zone' and believe it is most appropriate to be classified as 'suburban neighbourhood zone' in keeping with the rest of mile end, Torrensville and Thebarton.

It astounds me why the council believes this to be a good idea and will do nothing but drive down our property value and cause good people to move out of the area.

I can be contacted via email in need.
Kendy and Adam Jones
