I am shocked and very disappointed on the proposed planning changes. I have been in the Unley Council area for 25 years and bought here for the large blocks, greenery and well planned spaces. I have paid very hefty council rates all that time and now find buildings like to ones on Fullarton Road that are appalling. There are now more changes proposed like this and I understand multi level. This is not the Unley Council that I paid my rates for. I also understand that there are more changes. Where has been the community engagement? The current rate payers should be consulted and have the final say on any changes to their community and as I am one of them I appose these changes and want community engagement to determine if there are others like me. I already know that most people in the Unley Council feel as strongly as I do but have no avenue to express this as there has been no notification of community engagement and the rate payers opportunity to maintain the lifestyle that they pay for.
