Subject: Concerns for changes to my neighbourhood - Cowandilla
Date: Wednesday, 26 February 2020 1:07:18 PM

Hello

I am not finding it easy to understand the proposed changes for the housing zones. I live at [REDACTED], Cowandilla, in an area characterised by bungalows built generally in the 1920s, and some older villas. I know my area is currently zoned as a character type area, with new development needing to be consistent with the character of the area. I would be very unhappy if this level of protection to the character of the area would be reduced. If this is what is proposed, I object to it.

Regards

Louise Wilton
