

Homepage Extended Search

A list of *applications* with *development approval* can be found using the homepage **Extended Search** option.

Instructions

1. Click on **Extended Search**.
2. The Extended Search panel and results display.
3. Select *Development approval granted* from the **Application status** field.
4. Enter a *decision date* or *date range*.
5. Click **Refine**.
6. The **Refined search results** will display lodged applications. Limited to a maximum of 1000 records.
7. Dashboard defaults to **assigned to me only**. If no search results returned, change to **assigned to my Referral Body** to view all applications. If no results, then there are no applications with development approval for the date/s specified. Change the search dates, as required.

The screenshot shows the DAP homepage with the 'Extended Search' panel open on the right. The panel includes fields for Location, Additional location information, Contact, Nature of Development, Certificate of Title, Plan Parcel, and Application status. The 'Application status' dropdown is set to 'Development Approval Granted'. The 'From' and 'To' date fields are set to '03/08/2026' and '31/08/2026' respectively. The 'REFINE' button is highlighted. The main content area shows 'Refined search results' with a message 'Displaying a maximum of 0 out of 0 applications, ordered from most recent to oldest based on the applied search criteria.' and a table with columns: Application ID, Location, Nature of Development, Owner, Title Ref, Plan Parcel, Lodged, and Status. The table is empty, and a message 'Search returned no results' is displayed.

1. Click on **Extended Search**.

2. The Extended Search panel and results display.
