

How to display current referrals by date requested

Homepage tab: Referrals

Basic Steps

1. Select **Assessment in progress** tab in the homepage.
2. Filter by Request date either specific date or date range.
3. To further refine a list of requests, include the **Status** for example, *in progress*.

DAP Classic

Date of referral distribution

More information

Changed the label to **Request Date**.

New status not in DAP Classic

Status

More information

Filter by status, includes the following.

- *Awaiting further info* – waiting applicant's response to request.
- *Distributed* – referral received and not yet *accepted* or *declined*.
- *Expired* – due date passed. The expiry of a request does not prevent a response from being submitted. Alternatively, the relevant authority can recall the request if required.
- *In progress* – referral accepted and being assessed.
- *Pending recall* – request was *declined* and waiting relevant authority to recall the request.
