Q14 Please enter your general feedback here

I am quite distressed at the urban infill occurring in predominantly heritage areas. It is destroying the character of such area with the abundance of townhouses made from what appear to be inferior materials, combined with shoddy construction. Examples that are only 3 years old are already showing signs of deterioration and require external maintenance. This also results in parking congestion and the loss of trees and greenery which has the flow on effect of increasing ambient temperatures
