1. Receives Development Application

The applicant's development application is available from the **For Your Action** table, with an action of 'Commence Assessment' and number of business days to complete the assessment.

An email notification is sent to the organisations group mailbox, advising a development application has been submitted, and includes the ID number.

1. Search for the application by **ID** number.
2. Remove the Assigned to me only (as required).
3. Click on the application **ID** to assign the planning assessment to an assessor.

2. Allocate an assessor to assess the consent

Allocate the consent to an assessor to provide you with visibility of your team's and an assessor's workload, to assist with identifying available capacity to take on new work, or to check a team member's current workload.

For more information visit [Manage Team Workload | PlanSA](#).

1. Against the applicable consent click in the **Allocated Assessor** field and start typing the name of person (i.e. yourself or a team member and select their name from the returned matches)
2. Click **Save User Allocation** to assign.

When you are allocating a consent to a team member, return to the **Assessment** dashboard to complete another task. If you allocate the consent to yourself, then continue by selecting the **Planning** consent or **Planning and Land Division** consent.

3. Select **Start Assessment** in the displayed consent **Summary** screen.

Development Application:

DISTRIBUTE REFERRALS

START ASSESSMENT

PLACE ON HOLD

3. Distribute Referrals

On payment of the Fee Advice issued on completion of Planning or Planning and Land Division consent, will automatically distribute the referral(s) and an email distributed to the application's 'primary contact' advising a referral request has been sent.

For referral(s) automatically distributed at verification the Distribute Referrals button is not shown and does not show when no referrals added during verification. In cases, where the assessor chose not to distribute the referral(s) automatically, then the Distributed Referrals button is available.

Distribute referrals not automatically distributed at verification

1. Click **Distribute Referrals** to send the referral requests.

For more information visit [Request, Upload and Generate documents | PlanSA](#) for instructions on how to:

- Fact sheet – Document types and applicant visibility.
- Upload requested mandatory documentation received by post or email.
- Upload and supersede a document.

5. Request for Information

The request will go direct to the development applications 'primary contact' and the development application will move to the **Waiting** tab on the dashboard.

1. Click on **RFIs** and then **Send Request for Information**.

Summary Documents Fees **RFIs** Referrals Public Notification Conditions and Notes Clocks Decision Appeals Related Actions

< Development application 22000460

The Relevant Authority has 10 days to issue the first request for information from beginning of the consent assessment phase.

There are 8 days remaining (not including today) to issue a request (by 1 Jul 2022)

 **Send Request For Information**

Send a request for information to the Main Contact as Relevant Authority

For more information visit [Request, Upload and Generate documents | PlanSA](#) for instructions on how to:

- Request further information during assessment (includes recall request)
- Provide requested further information during assessment
- Perform an extension of time for an applicant to respond with further information
- Evaluate the request for information response

6. Manage External and Internal Referrals

The **Referrals** page shows automatically 'distributed' external referral requests and 'initialised' external referral requests not yet distributed.

A consent decision cannot be made until all 'distributed' referrals have been responded to or recalled by the Relevant Authority (if they determine the referral is no longer required).

Note: If the Referral Body has responded with conditions these will appear on the 'Conditions and Notes' tab.

For more information on managing external and internal referrals read the following instructions.

External Referrals

- [Respond to an external referral request | PlanSA](#)

Internal Referrals

- [Add and distribute an internal referral request | PlanSA](#)
- [Reassign an internal referral to another team member | PlanSA](#)
- [Respond to an internal referral | PlanSA](#)
- [Review and acknowledge an internal referral response | PlanSA](#)
- [Report on applications with assigned internal referrals | PlanSA](#)

1. Click on **Referrals** tab.
2. Click on **Add a new external Referral** or **Add a new internal referral** (as required).

☐ Undecided
☐ Replanting on site
☐ Payment into an Urban Tree Fund
☒ Combination of replanting and payment

How many replacement trees are intended to be planted? *

2

 **Note:** If replanting on site, you will be required to plant two replacement trees for every regulated tree removed and three replacement trees for every significant tree removed. Alternatively, if you elect to pay into the fund, the amount payable will be \$500.00 for every tree not replanted on site.

CANCEL

CONFIRM

Update regulated and significant tree 'undecided' answer

Before a decision can be granted the 'undecided' answer must be changed to one of the following options:

a.	Replanting on site	The location of the trees is required, for example, obtain the landscaping plan.
b.	Payment into an Urban Tree Fund	Invoice the applicant for additional fees for the number of trees specified in the 'Removed' columns regulated / significant.
c.	Combination of replanting and payments	Refer to options a and b above, and then update 'how many replacement trees are intended to be planted'.

In answering the question "do you want to plant replacement trees on the site or pay into the Urban Tree Fund?" the applicant has selected: *

- ☒ Undecided
☐ Replanting on site
☐ Payment into an Urban Tree Fund
☐ Combination of replanting and payment

Note: If replanting on site, you will be required to plant two replacement trees for every regulated tree removed and three replacement trees for every significant tree removed. Alternatively, if you elect to pay into the fund, the amount payable will be \$500.00 for every tree not replanted on site.

1. Update 'Undecided' to one of the options found in the table above, e.g. Payment into an Urban Tree Fund.
2. Click **CONFIRM** to save changes.

In answering the question "do you want to plant replacement trees on the site or pay into the Urban Tree Fund?" the applicant has selected: *

☐ Undecided
☐ Replanting on site
☒ Payment into an Urban Tree Fund
☐ Combination of replanting and payment

Note: If replanting on site, you will be required to plant two replacement trees for every regulated tree removed and three replacement trees for every significant tree removed. Alternatively, if you elect to pay into the fund, the amount payable will be \$156.00 for every tree not replanted on site.

The Urban Tree Canopy Overlay applies to this application

Note: The overlay seeks to preserve and enhance the urban tree canopy through the planting of new trees and the retention of existing trees. In specified circumstances an applicant may elect to make a contribution to a fund instead of planting the trees required by the overlay. For more information visit [Urban tree canopy off-set scheme](#) | [PlanSA](#)

CANCEL CONFIRM

The Planning Information page shows with answer e.g. 'Payment into an Urban Tree Fund'.

Trees are to be:	No. of Regulated Trees	No. of Significant Trees
Damaged (i.e. impacts to roots or pruning)		
Removed	12	22

Is this application for a tree located on a neighbour's property?
No

In answering the question "do you want to plant replacement trees on the site or pay into the Urban Tree Fund?" the applicant has selected:
Payment into an Urban Tree Fund

Note: If replanting on site, you will be required to plant two replacement trees for every regulated tree removed and three replacement trees for every significant tree removed. Alternatively, if you elect to pay into the fund, the amount payable will be \$156.00 for every tree not replanted on site.

Update tree(s) located on the neighbour's property

The question “Are any of the tree(s) located on neighbour's property” is shown when the application includes works that will result in damage or removal to regulated or significant tree(s).

Initially indicated No tree(s) located on neighbour's property

Letter to land owner

Changing the response to ‘yes’ tree(s) are located on the neighbour's property, then a letter *Notification of application of tree damaging activity to owner of land* is generated and available to download from the consent document store on confirmation of planning information.

Refer to [Manage Assessment Documents](#) instructions.

Planning Information

Important: If appropriate, please ensure that any amounts payable under the Act or relevant Schemes have been raised / received prior to issuing a consent decision (such as fee payable for 'replacement tree')

Regulated and Significant Trees

Does the application include any works that will result in damage (includes impacts to roots and pruning) or removal to regulated or significant tree(s)? *

☒ Yes

☐ No

Are any of the tree(s) located on a neighbour's property? *

☒ Yes

☐ No

The letter for land owner will be generated on submitting the Planning Info updates and can be found in the document library for you to distribute.

⚠ An Electronic lodgment fee has been paid for this application. The tree(s) location change to now being on the neighbour's property may require the electronic lodgment fee being refunded.

Electronic Lodgement Fee

When the applicant's response is changed to ‘yes’ and the only element selected is ‘Tree damaging activity’ then ELF is not applicable and will not default in the Additional Fees page.

A warning message shows advising the ELF fee has been paid for this application and may require the ELF to be refunded.

When an application included both tree damaging activity with another element then ELF has already been paid on completion of consent verification.

Initial indicated Yes tree(s) located on neighbour's property

Letter to land owner

Changing the response to 'no' tree(s) are located on the neighbour's property, then a letter *Update to Application for Tree Damaging Activity* is generated for the 'land owner' and available to download from the consent document store on confirmation of planning information.

Refer to [Manage Assessment Documents](#) instructions.

Planning Information

Important: If appropriate, please ensure that any amounts payable under the Act or relevant Schemes have been raised / received prior to issuing a consent decision (such as fee payable for 'replacement tree')

Regulated and Significant Trees

Does the application include any works that will result in damage (includes impacts to roots and pruning) or removal to regulated or significant tree(s)? *

☒ Yes
☐ No

Are any of the tree(s) located on a neighbour's property? *

☐ Yes
☒ No

The letter for land owner will be generated on submitting the Planning Info updates and can be found in the document library for you to distribute.

⚠ An Electronic lodgment fee has not been paid for this application. The tree(s) location change to not being on the neighbour's property will require electronic lodgment fee to be invoiced and paid.

Electronic Lodgement Fee

When it is determined the tree damaging/removal activity is not on the neighbour's property and the only element selected is 'Tree damaging activity' then ELF is applicable. A warning message shows and advises the ELF fee has not been paid for this application.

Refer to [Check Assessment Fees and Determine Additional Fees](#) instructions to send a fee advice for payment of the ELF. Unless the application included both tree damaging activity with another element then ELF has already been paid on completion of consent verification.

Update assessment of the Urban Tree Canopy Off-set scheme

The section **Urban Tree Canopy Overlay applies to this application** shows when the applications development location is in the 'Urban Tree Canopy Overlay' and the proposed development has one or more of the following elements (refer image below).

 Indicates the elements that do not trigger the "Urban Tree Canopy Overlay applies this application" questions.

Refine elements to provide more detail

- New housing [refine \(optional\)](#)

Refine 'New housing'

Please specify which elements are included in this application from the detailed list below. 

- ☐ Ancillary accommodation 
- ☐ Detached dwelling

- ☐ Dwelling within the Limited Dwelling Overlay
- ☐ Dwelling or residential flat building undertaken by: a) the South Australian Housing Trust either individually or jointly with other persons or bodies; or b) registered Community Housing providers participating in housing renewal programs endorsed by the South Australian Housing Authority
- ☐ Group dwelling
- ☐ Row dwelling
- ☐ Residential flat building
- ☐ Retirement facility 
- ☐ Student accommodation 
- ☐ Semi-detached dwelling
- ☐ Supported accommodation 
- ☐ Temporary accommodation in an area affected by bushfire 

Urban Tree Canopy does not apply

Choose the 'Urban Tree Canopy does not apply' for refined 'exempt elements; ancillary accommodation, retirement facility, student accommodation, supported accommodation and temporary accommodation in an area affected by bushfire.

1. Click on **Urban Tree Canopy does not apply**.

The Urban Tree Canopy Overlay applies to this application

 Note: The overlay seeks to preserve and enhance the urban tree canopy through the planting of new trees and the retention of existing trees. In specified circumstances an applicant may elect to make a contribution to a fund instead of planting the trees required by the overlay. For more information visit [Urban tree canopy off-set scheme](#) | [PlanSA](#)

Elect one of the following options:*

- ☒ Urban Tree Canopy does not apply
- ☐ To be confirmed prior to Development Approval
- ☐ Applicant has opted to plant new trees or retain existing trees
- ☐ Applicant has opted to pay into the Urban Tree Canopy Off-set Scheme
- ☐ Applicant has opted to a combination of retaining/planting and payment

To be Confirmed prior to Development approval

During Development approval the assessor is prompted to change the selection to one of the four available options.

1. Leave the applicants selection of **To be confirmed prior to Development Approval**.

The Urban Tree Canopy Overlay applies to this application

Note: The overlay seeks to preserve and enhance the urban tree canopy through the planting of new trees and the retention of existing trees. In specified circumstances an applicant may elect to make a contribution to a fund instead of planting the trees required by the overlay. For more information visit [Urban tree canopy off-set scheme | PlanSA](#)

Elect one of the following options: *

- ☐ Urban Tree Canopy does not apply
- ☒ To be confirmed prior to Development Approval
- ☐ Applicant has opted to plant new trees or retain existing trees
- ☐ Applicant has opted to pay into the Urban Tree Canopy Off-set Scheme
- ☐ Applicant has opted to a combination of retaining/planting and payment

Applicant has opted to plant new trees or retain existing trees

Opting to **plant new trees or retain existing trees** will prompt the assessor to contact the applicant to identify the number of trees to be planted/retained by size (small, medium, large). Refer to the Urban Tree Canopy Overlay in the *Planning & Design Code* for tree size specifications, e.g. mature height and canopy spread.

1. Update the **number of trees planted/retained** for each tree size. If the tree size is not applicable, then enter 0 (zero).

There must be at least 1 tree being planted/retained.

The Urban Tree Canopy Overlay applies to this application

Note: The overlay seeks to preserve and enhance the urban tree canopy through the planting of new trees and the retention of existing trees. In specified circumstances an applicant may elect to make a contribution to a fund instead of planting the trees required by the overlay. - ☐ Applicant has opted to a combination of retaining/planting and payment

Please nominate the number of trees to be paid

Tree size:	No. of Trees to be paid
Small	2
Medium	0
Large	0

Applicant has opted to a combination of retain/plant and payment

Opting to **retain/plant and pay into the Urban Tree Canopy Off-set Scheme** will prompt the assessor to contact the applicant to identify the number of trees to be retained/planted and paid by size (small, medium, large). Refer to the Urban Tree Canopy Overlay in the *Planning & Design Code* for tree size specifications, e.g. mature height and canopy spread.

1. Update the **number of trees to be planted/retained** for each tree size. If the tree size is not applicable, then enter 0 (zero).

There must be at least 1 tree being planted/retained.

2. Update the **number of trees to be paid** for each tree size. If the tree size is not applicable, then enter 0 (zero).

There must be at least 1 tree being paid into the Urban Tree Canopy Off-set Scheme.

3. Record the number of trees to be paid by size to calculate the Urban Tree Canopy fees.

The Urban Tree Canopy Overlay applies to this application

Note: The overlay seeks to preserve and enhance the urban tree canopy through the planting of new trees and the retention of existing trees. In specified circumstances an applicant may elect to make a contribution to a fund instead of planting the trees required by the overlay. For more information visit [Urban tree canopy off-set scheme | PlanSA](#)

Elect one of the following options:*

- ☐ Urban Tree Canopy does not apply
- ☐ To be confirmed prior to Development Approval
- ☐ Applicant has opted to plant new trees or retain existing trees
- ☐ Applicant has opted to pay into the Urban Tree Canopy Off-set Scheme
- ☒ Applicant has opted to a combination of retaining/planting and payment

Please nominate the number of trees to be retained/planted and to be paid

A landscaping plan or similar evidence may be requested. If not already provided with your application documentation.

Tree size:	No. of Trees to be planted/retained	No. of Trees to be paid
Small	0	2
Medium	1	0
Large	0	0

Update reason application is eligible for Urban Tree Canopy Off-set scheme

When is Designated Zone and soil type not required?

The 'Designated Zone' and 'Soil Type' is not required, if one of the following options are selected:

- Urban Tree Canopy does not apply, or
- To be determined prior to development approval, or
- Applicant has opted to plant new trees or retain existing trees.

1. Scroll down until question **Reason application is eligible for Urban Tree Canopy Off-set Scheme** is visible.

Reason application is eligible for Urban Tree Canopy Off-set Scheme:

☐ Designated Zone ?

☐ Designated Soil Type ?

2. Select why the application is eligible for Urban Tree Canopy Off-set Scheme, can be one or multiple reasons.

- a. **Designated Zone**

Use the ? (information icon) to view the designated zones; Housing Diversity Neighbourhood, Urban Renewal Neighbourhood, or City Living Zone.

- b. **Designated Soil Type** the property location has soil type not suitable for tree planting.

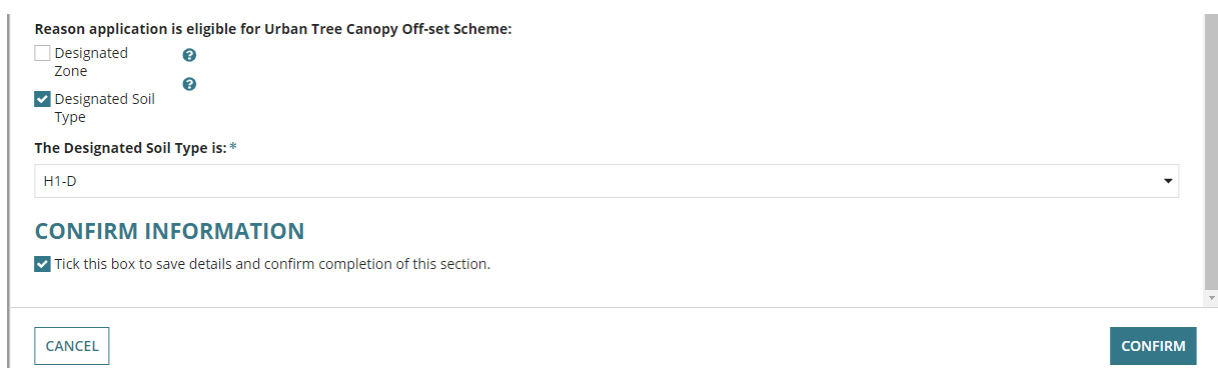

- i. **E-D**

- ii. **H1-D**

- iii. **H2-D**

3. Tick the **CONFIRM INFORMATION** checkbox to confirm all mandatory information provided.

4. Click **CONFIRM** to save the changes.

Reason application is eligible for Urban Tree Canopy Off-set Scheme:

☐ Designated Zone ?

☒ Designated Soil Type ?

The Designated Soil Type is: *

H1-D

Review Septic/Sewer Information

The Septic/Sewer information is always prompted and mandatory.

Where the Planning Info is not confirmed prior to issuing a decision, the assessor is prompted to 'Complete/Confirm information in the "Planning Info" tab.

Reporting available to manage wastewater applications

Open the DAP Wastewater Information Report to identify applications flagged as requiring a *wastewater application*.

1. Perform **UPDATE PLANNING INFO** to edit the page.
2. Check applicant's response to the **Septic/Sewer Information** if not answered (i.e. blank) then complete or make changes to how answered, for example has indicated no or unsure, however a *septic tank/wastewater disposal application* is required.

Septic/Sewer information

Does this development require a new septic system or amendment to an existing septic system? i.e. septic tank and / or wastewater disposal area? ?

- ☒ Yes
- ☐ No
- ☐ Unsure

⚠ Further Action Required: septic tank and / or wastewater disposal applications must be lodged with Council and are not included in this development application. If your answer is yes or you are unsure about this question, please contact your local Council. Failure to do so may result in delay of your development approval.

3. Click on checkbox to confirm information and **CONFIRM** to save updates.

Review Land Division or Boundary Realignment

Updates performed by State Planning Commission (SPC) Planning Services

An email is sent to the relevant authority advising Land Division details has been updated including reason and an event history record created with the previous and current values.

The Land Division or Boundary Realignment table is updated to reflect the changes and shows the Reasons for updating.

1. Select the type of land division or boundary realignment, e.g. Conventional (Torrens title).
2. Provide the following mandatory values.
 - Number of existing allotments – cannot be 0, must be 1 or more.
 - Number of proposed allotments (excluding road and reserve) – must be 1 or more.
 - Proposed reserve area (m²) – can be 0 and not shown for boundary realignment.
 - Area of land to be divided (m²) – must be greater than 1m²

Additional information is requested when locations are in overlays Environment and Food Production Areas or Character Preservation Districts – Not in Township. When planning and land division are not combined this additional information must be included to proceed.

3. Mandatory field and allows a value of 0 or greater.
4. Click on checkbox to confirm information and **CONFIRM** to save updates.

Planning Information

Important: If appropriate, please ensure that any amounts payable under the Act or relevant Schemes have been raised / received prior to issuing a consent decision (such as fee payable for 'replacement tree')

Land Division

Details	Value
Application Type	Conventional (Torrens title)
Number of existing allotments	1
Number of proposed allotments (excluding road and reserve)	2
Proposed reserve area (m ²)	0
Area of land to be divided (m ²)	888
No of additional allotment(s) created within the Environment and Food Production Areas overlay	0

5. Update Development Costs

If additional fees are determined during planning consent assessment, the new 'Total Development Cost' is used to calculate the statutory fee amount.

Any changes made to the Total Development Cost or Development Costs will create an event record and the application's primary contact will be automatically notified by email of the change.

Noting, if the primary contact's preferred method of communication is 'post' then a letter **must** be sent advising of the Total Development Cost changes.

Development Costs information can be found under the **Fees** tab as shown below.

- The **Total Development Cost** (excluding fit-out costs) will show when an accredited professional is the relevant authority for building consent:

Summary Documents **Fees** RFIs Referrals Public Notification Conditions and Notes Clocks

< Development application 22000081

▼ Development Costs

Total Development Cost (excluding fit-out costs)

\$ 250,000

- The **Development Costs** breakdown (including the Total Development Cost) will show when local council is the relevant authority for building consent:

Summary Documents **Fees** RFIs Referrals Public Notification Conditions and Notes Clocks Decision Appeals

< Development application 22000081

▼ Development Costs

Planning Element	Estimated Development Cost (excluding fit-out costs)	Building Classification
Land division	\$ 0	Not Applicable
Dwelling alteration or addition	\$ 0	Not Applicable
Swimming pool, spa pool or associated safety features	\$ 0	Not Applicable

Total Development Cost (excluding fit-out costs) *

\$ 655,000

The total of the estimated development costs must equal the Total Development Cost.

For more information refer to instructions [How to - update the total development costs during assessment and development approval | PlanSA](#).

6. Check Assessment Fees and Determine Additional Fees

Checking what fees have already been paid is performed to ensure all the required fees have been invoiced and paid by the applicant prior to granting the development approval.

Summary Documents **Fees** RFIs Referrals Public Notification Conditions and Notes Clocks Decision Appeals

7. Manage Public Notifications

The need for public notification is identified during the verification stage and can be altered during the assessment of Planning Consent.

Refer to the following instructions on the public notification process.

- [Initiate a public consultation notification | PlanSA](#)
- [On public consultation | PlanSA](#)
- [Close the public consultation period | PlanSA](#)
- [Meet your sign on land requirements | PlanSA](#)
- [View and upload an applicant's response to representations | PlanSA](#)
- [Process an applicant's request for an extension of time to response on representations | PlanSA](#)

Updating public notification is required

1. Select the **Public Notification** tab.
2. Click on **Edit** to change the following public notification details.

The screenshot shows the 'Public Notification' tab selected in a navigation bar. Below the navigation bar, there is a breadcrumb trail: '< Development application 21000485'. To the right of the breadcrumb is a link 'Help for this section'. The main content area is titled 'Public notification' and contains a form. The form has a header 'Public notification details' and a dropdown arrow. Below the header, there are two sections: 'Does this consent require public notification?' with the value 'No', and 'Reason that public notification is not required' with the value 'test'. An 'Edit' button is located to the right of the 'Reason' field, circled in red.

10. Make the Decision

Recording the consent decision is performed on:

- Receiving a direct refusal response from a Referral Body.
- Receiving a Panel decision.
- Completion of the assessment.

On 'granting' the consent the Decision Notification Form (DNF) is issued as per the preferred communication method (email or post) to all parties, e.g. applicant, Referral Body, Relevant Authority.

1. Click on the **Decision** tab to record whether 'granted' or 'refused'.

When **outstanding items** are displayed (see image) these must be actioned before a decision can be granted and for the **Record Decision** button to be enabled.

Complete [How to - approve the upload of additional documentation submitted by an applicant | PlanSA](#) to close the outstanding task 'Review additional documents from applicant'.
