## Recommendation

It is recommended that the Expert Panel (the Panel) resolves to:

1. Approve the designation of the Agenda Report as Not Confidential (Release Immediately), with the exception of **Attachment 1** (Workshop Briefing Paper – *Planning, Development and Infrastructure Act 2016* Review) which is designated as Not Confidential (Release Delayed) (clause 2.2.2 of the Transparency and Confidentiality Policy) with release being triggered by the public release of the Expert Panel’s Final Report to the Minister;
2. Note the analysis and options for review on the *Planning, Development and Infrastructure Act 2016* as described in the Workshop Briefing Paper (**Attachment 1**);
3. Approve the content of the Workshop Briefing Paper (**Attachment 1**) being used to prepare a Discussion Paper to assist with public consultation by the Panel; and
4. Note that a final Discussion Paper will be presented to the Panel for its approval at a later meeting, prior to being released to the public.

## Background

1. At its meeting on 23 August 2022, the Expert Panel considered and determined the matters that would fall within its scope of review of the *Planning, Development and Infrastructure Act 2016* (the Act).
2. At that meeting, the Panel also identified those matters that it sought further information on, prior to determining whether they would fall within the scope of the review.
3. The purpose of this report is to now provide the Expert Panel with a workshop briefing and advice on those matters that it has determined will fall within its scope of review, as well as provide further information on the additional matters.

## Discussion

4. The Panel is required to consider the issues for review under the Act, and to make recommendations to the Minister as to how these issues can be remedied or otherwise improved, moving forward.
5. To ensure that the Panel receives a relevant, current, and comprehensive understanding of this area for review, subject matter experts from Planning Land Use Services (PLUS) have prepared a workshop briefing for the Expert Panel.
6. Following receipt of the workshop briefing, it is anticipated that the Panel will be in a position to further identify the specific matters for review that it will seek to include in a Discussion Paper, which will be prepared for the purposes of community consultation.
