Subject: Planning and Design Code feedback

Importance: High

As a resident of Mile End, I totally object to any form of increased density in the area.

Residents of Mile End have bought in to the area and enjoy living in the area because of the period homes

As it stands we have already lost a number of historic homes in the area to development, which are not cohesive with the surrounding homes.

We should be taking steps to protect our heritage not destroy it, that's why I propose that like Colonel Light Gardens there should be a blanket heritage protection of Mile End, Torrensville and parts of Thebarton

Kind Regards

Nick Rogers
