

# Port Pirie Smelter Transformation

Port Pirie

SA MAJOR DEVELOPMENTS

<b>Stage 3</b>	<b>APPROVED BY GOVERNOR</b>
<b>Applicant</b>	Nyrstar
<b>Use</b>	Smelter
<b>Value</b>	\$514 million
<b>Region</b>	Upper Spencer Gulf / Southern Flinders Ranges

The Port Pirie Smelter Transformation was declared as a Major development in **December 2013**. The development involves the transformation of the existing Port Pirie Smelter from a primary lead smelter to a highly flexible poly-metallic processing and recovery facility. The transformation will include new technology to enable the smelter to process a wide range of raw materials. Construction has started, and operations are expected to commence in the later half of 2016.
