

Port Spencer Deep-Water Port

Port Spencer

SA MAJOR DEVELOPMENTS

Stage 3	APPROVED BY GOVERNOR
Applicant	Centrex Metals Ltd
Use	Deep water port facility
Value	\$180 million
Region	Eyre and Western

The Port Spencer Deep-Water Port was declared as a Major development in **May 2013**. The development involves the construction of a deep-water port over four stages. Stage 1 of the development comprises the construction of a wharf, ship loading systems, storage facilities (for ore and grain), and a road transport access corridor. Stage 2 comprises the development of a desalination plant, magnetite storage and processing infrastructure. Stages 3 and 4 comprise the expansion of magnetite storage and additional hematite and grain storage facilities. A Panamax berthing and loading facility for grain exports is also envisaged.
